Independent Auditor's Report

Audit Committee
Woodward Communications, Inc. Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Woodward Communications, Inc. Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter-Plan Merger

As discussed in Note 10 to the financial statements, the Board of Directors of Woodward Communications, Inc., the Plan's sponsor, voted to merge the Providence Business News, Inc. 401(k) Plan into the Plan effective October 1, 2024. As a result, all assets of the Providence Business News, Inc. 401(k) Plan were transferred to the control of the Plan in October 2024. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Woodward Communications, Inc. Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Plan Description

The following description of Woodward Communications, Inc. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established October 24, 1960, by Woodward Communications, Inc. (the Company). The Plan is a defined contribution plan covering eligible employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by a three-member Board of Trustees, which is appointed by the Board of Directors of the Company.

Eligibility: Substantially all employees of the Company are eligible to participate if they are 18 years of age.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation. Each year, participants may elect to contribute a portion of their pretax annual compensation, as defined in the Plan, subject to the limitations of the Plan and Internal Revenue Code (IRC). Participants may also elect to contribute to a Roth 401(k) that would allow the participant to make after-tax contributions. Additionally, employees who are age 50 and older may defer an additional catch-up contribution. The Plan provides for automatic enrollment of all eligible newly hired employees at a 6% deferral rate and an automatic increase of 1% annually for all eligible participants deferring less than 10%. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover contributions).

The Company may make a matching contribution on behalf of eligible participants up to \$1,000 per participant. For the year ended December 31, 2024, matching contributions were \$157,370. The Company may also make a discretionary contribution on behalf of eligible active participants. The discretionary contribution is credited to each participant based on a ratio of each eligible active participant's compensation to total compensation paid to all eligible active participants for the plan year. No discretionary contributions were made during the year ended December 31, 2024.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of Company discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Transfers from ESOP: Participants in the Woodward Communications, Inc. Employee Stock Ownership Plan (ESOP) age 55 and older and having 10 or more years of service could elect to transfer 25% of their ESOP balance into this Plan. For the year ended December 31, 2024, there were diversifications of \$42,905.

Woodward Communications, Inc. Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions plus earnings thereon. Participants are immediately vested in the Company's matching contributions. Vesting in the Company's discretionary contribution portion of their account is based on years of continuous service. Discretionary contributions are subject to a three-year cliff-vesting schedule. Upon reaching early retirement age (62 years), death or disability, the participant will automatically become 100% vested.

Forfeited accounts: As of December 31, 2024 and 2023, there were no forfeited nonvested accounts. These accounts will first be used to pay for Plan expenses and then to offset future employer contributions, if any. For the year ended December 31, 2024, \$8,710 were used to offset employer contributions.

Investments: Participants direct the investment of their account balances into one or more of the investment options available under the Plan. For participants who have not made a designation for investments, company contributions are automatically invested into a Principal Trust LifeTime Hybrid Fund based on the participant's current age and a retirement age of 65.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent notes are treated as distributions based upon the terms of the Plan document. Such notes shall bear interest at a fixed rate of interest as determined by the Company and are secured by the participant's account balance. Interest rates of notes outstanding as of December 31, 2024, ranged from 4.25% to 9.50%. Participants may have one note and borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note transactions are treated as transfers to (from) the investment fund from (to) the participant note fund. Notes must be repaid within five years unless the loan is used to acquire or construct a principal residence. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: Benefit payments are paid from the trust by the custodian. On termination of service, a participant may elect to receive either a single sum amount equal to the value of the participant's vested account balance, installments, or may elect to leave their balance in the Plan subject to certain minimum distribution requirements. In-service distributions are allowed for active participants age 59½ and older. Participants are also allowed to withdraw benefits in the event of financial hardship.

Note 2. Summary of Accounting Policies

Basis of accounting: The financial statements have been prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Summary of Accounting Policies (Continued)

Risks and uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment valuation and income recognition: Investments are stated at fair value (except for the fully benefit-responsive investment contract described in Note 5, which is reported at contract value). Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities and realized gains and losses are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative expenses: Certain costs related to the administration and operation of the Plan (primarily custodian fees) are paid from the assets of the Plan as provided in the Plan document. However, costs arising from the Plan Administrator, Company executives, and legal and audit fees are primarily paid by the Company and, accordingly, are not reflected in the accompanying financial statements of the Plan.

Payment of benefits: Benefit payments to participants are recorded when paid.

Subsequent events: Management has evaluated subsequent events through September 29, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Principal Trust Company

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from the information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust Company), a qualified institution:

Note 3. Information Certified or Provided by Principal Trust Company (Continued)

Principal Trust Company also certified to the completeness and accuracy of \$4,439,955 of net appreciation in fair value of investments, \$157,016 of interest and dividends related to the aforementioned Plan investments and \$9,353 of interest related to notes from participants for the year ended December 31, 2024.

Note 4. Investments and Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued based on the quoted prices in the active markets on which the funds are traded and are classified as Level 1 of the valuation hierarchy.

Collective investment trusts: Valued at the net asset value (NAV) of shares held by the Plan in the collective trust account at year-end as determined by the custodian based on the market value of its underlying investments.

Pooled separate accounts: Primarily valued at the NAV per share based on quoted market prices of underlying investments.

Note 4. Investments and Fair Value Measurements (Continued)

Unallocated investment annuity contract: Reported at fair value based on the underlying annuity contracts purchased based on a return of premium adjusted for the current rates of interest available in the marketplace as well as mortality factors. This investment is considered non-benefit-responsive.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,621,211	\$ -	\$ -	\$ 4,621,211
Unallocated investment annuity contract	-	-	172,512	172,512
Total assets in the fair value hierarchy	<u>\$ 4,621,211</u>	<u>\$ -</u>	<u>\$ 172,512</u>	4,793,723
Investments measured at NAV (a)				30,829,532
Total assets at fair value				<u>\$ 35,623,255</u>

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,794,025	\$ -	\$ -	\$ 3,794,025
Unallocated investment annuity contract	-	-	171,058	171,058
Total assets in the fair value hierarchy	<u>\$ 3,794,025</u>	<u>\$ -</u>	<u>\$ 171,058</u>	3,965,083
Investments measured at NAV (a)				30,150,617
Total assets at fair value				<u>\$ 34,115,700</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan had no transfers in or out of Level 3 of the fair value hierarchy for the year ended December 31, 2024. The Plan had purchases of \$12,889 and no issuances of Level 3 investments during the year ended December 31, 2024.

Note 4. Investments and Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2024 and 2023:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Pooled separate accounts	\$ 9,222,917	\$ 9,083,071	\$ -	Daily	None
Collective investment trusts	21,606,615	21,067,546	-	Daily	None
	<u>\$ 30,829,532</u>	<u>\$ 30,150,617</u>			

Investments in the pooled separate accounts and collective investment trust funds can be redeemed immediately at the current NAV per share based on the fair value of the underlying assets, with the exception of one pooled separate account, Principal US Property Separate Account, where a contractual limitation will delay the payment of most withdrawal or transfer requests for no more than three years. Participants are not allowed to transfer back into this category until the 30-day period has expired. New contributions are allowed during this period. The fair value of investments in the above categories have been estimated using the NAV per share of the investments.

Note 5. Fully Benefit-Responsive Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive investment contract (Fixed Income Guaranteed Option) with Principal Life Insurance Company (Principal). Because the guaranteed investment contract is fully benefit-responsive, it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract was \$1,445,135 and \$1,800,369 at December 31, 2024 and 2023, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. Principal is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1% or greater than 3%, based on a five-year constant treasury rate maturity. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation or (d) a material amendment to the agreements without the consent of the issuer.

Note 6. Federal Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-In-Interest Transactions

Certain investments are shares of pooled separate accounts, collective investment trusts, an unallocated annuity contract and an investment contract managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 37,182,682	\$ 35,998,085
Differences in:		
Investments	113,895	82,016
Receivables—notes receivable from participants	(113,895)	(82,016)
Net assets available for benefits per the Form 5500	<u>\$ 37,182,682</u>	<u>\$ 35,998,085</u>

Note 10. Plan Merger

The Board of Directors resolved to merge the Providence Business News, Inc. 401(k) Plan into the Plan effective October 1, 2024, the date legal control was transferred. As a result, participants' account balances totaling \$1,314,788, were transferred into the Plan on October 21, 2024. The merger does not impact participant benefits as protected benefit provisions were incorporated in the Plan.
