INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Enterprise Electric, LLC Employee 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Enterprise Electric, LLC Employee 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Managements' election of the ERISA Section 103(a)(3)(C) audit does not affect managements' responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Enterprise Electric, LLC Employee 401(K) Plan (“the Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that provides retirement benefits for employees of Enterprise Electric, LLC Employee 401(K) Plan. The Plan was originally established on June 1, 2003. Effective October 1, 2023, Autani, LLC became a participating employer in the Plan. Collectively, Enterprise Electric, LLC and Autani, LLC were the (“Plan Sponsor”). Effective April 25, 2024, Autani was sold and Enterprise Electric, LLC became the only Plan Sponsor.

Employees who are age twenty-one or older and have completed six months of service may participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may make a minimum contribution of 1% to a maximum of 100% of their total annual compensation, as defined in the plan agreement, subject to certain IRC limits. Participants may designate all or a portion of their contributions as Roth deferral contributions at the time their deferral election is made.

The Plan Sponsor may make matching contributions at an amount authorized by the Plan Sponsor’s management however, discretionary matching contributions by the Plan Sponsor are not required. During 2024 and 2023, the Plan Sponsor made discretionary matching contributions in the amount of 25% of the first 6% elective deferral of each participants’ compensation.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

Participant Accounts

Each participant’s account is credited or charged with the participant’s contributions, allocations Plan Sponsor contributions, investment earnings or losses, and administrative expenses. Allocations are based on participant compensation or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

ENTERPRISE ELECTRIC, LLC EMPLOYEE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings or losses thereon. Vesting in the Plan Sponsor's discretionary matching contributions plus earnings or losses thereon is based on years of continuous service. Participants do not vest until after 3 years of continuous service when the participant becomes fully vested.

Excess Participant Contributions Liability

To comply with IRS discrimination testing rules, excess contributions were payable to participants of \$79,432 and \$16,730 at December 31, 2024 and 2023, respectively. The Plan distributed the excess contribution payable prior to March 15, 2025.

Payment of Benefits

On termination of service due to death a participant with an account balance that exceeds \$5,000 may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. On termination of service due to other reasons than death a participant with an account balance that exceeds \$5,000 may receive a lump-sum payment equal to the vested interest in his or her account as a lump-sum payment. If the vested value of a participant's account is less than \$5,000, the total vested balance is distributed as an automatic lump-sum payment.

Hardship Withdrawals

The Plan permits distributions in the event of a financial hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59 1/2. Hardship withdrawals are limited to the participant's elective account balance.

Administrative expenses

Certain expenses for maintaining the Plan are paid by the Plan or the Plan Sponsor. Fees incurred for investment management services are netted within the net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than as a direct payment. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in the stable value fund are stated at contract value which approximates fair value. Refer to Note D for additional information about fair value.

Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary matching contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's matching contributions to the Plan or expenses paid by the Plan. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$5,135 and \$155, respectively. During 2024, no forfeited nonvested accounts were used. During 2023, \$6,793 of forfeited nonvested accounts were used.

Use of Estimates

Actual results could differ from those estimates.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (“FASB ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2024 and 2023.

- (i) *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end based on a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

| Fair Value Measurements as of December 31, 2024 using the following inputs | | | | |
|---|---------------|---------|---------|---------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | \$ 11,881,406 | \$ - | \$ - | \$ 11,881,406 |

| Fair Value Measurements as of December 31, 2023 using the following inputs | | | | |
|---|---------------|---------|---------|---------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | \$ 12,066,752 | \$ - | \$ - | \$ 12,066,752 |

NOTE E - TAX STATUS

The Plan Sponsor adopted a prototype 401(k) profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated that the prototype plan was designed in accordance with applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since the opinion letter was obtained. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F – RELATED PARTY TRANSACTIONS

Certain expenses for maintaining the Plan are paid by the Plan or the Plan Sponsor. Fees incurred for investment management services are netted within the net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than as a direct payment. During 2024 and 2023, respectively, administrative fees of \$15,127 and \$30,878 were paid by the Plan to parties-in-interest.

NOTE H – RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

The Plan's management has evaluated events and transactions that occurred between December 31, 2024 and September 23, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Enterprise Electric, LLC Employee 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Enterprise Electric, LLC Employee 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Managements' election of the ERISA Section 103(a)(3)(C) audit does not affect managements' responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan is a defined contribution plan that provides retirement benefits for employees of Enterprise Electric, LLC Employee 401(K) Plan. The Plan was originally established on June 1, 2003. Effective October 1, 2023, Autani, LLC became a participating employer in the Plan. Collectively, Enterprise Electric, LLC and Autani, LLC were the (“Plan Sponsor”). Effective April 25, 2024, Autani was sold and Enterprise Electric, LLC became the only Plan Sponsor.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may make a minimum contribution of 1% to a maximum of 100% of their total annual compensation, as defined in the plan agreement, subject to certain IRC limits. Participants may designate all or a portion of their contributions as Roth deferral contributions at the time their deferral election is made.

The Plan Sponsor may make matching contributions at an amount authorized by the Plan Sponsor’s management however, discretionary matching contributions by the Plan Sponsor are not required. During 2024 and 2023, the Plan Sponsor made discretionary matching contributions in the amount of 25% of the first 6% elective deferral of each participants’ compensation.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

Participant Accounts

Each participant’s account is credited or charged with the participant’s contributions, allocations Plan Sponsor contributions, investment earnings or losses, and administrative expenses. Allocations are based on participant compensation or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

ENTERPRISE ELECTRIC, LLC EMPLOYEE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings or losses thereon. Vesting in the Plan Sponsor's discretionary matching contributions plus earnings or losses thereon is based on years of continuous service. Participants do not vest until after 3 years of continuous service when the participant becomes fully vested.

Excess Participant Contributions Liability

To comply with IRS discrimination testing rules, excess contributions were payable to participants of \$79,432 and \$16,730 at December 31, 2024 and 2023, respectively. The Plan distributed the excess contribution payable prior to March 15, 2025.

Payment of Benefits

On termination of service due to death a participant with an account balance that exceeds \$5,000 may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. On termination of service due to other reasons than death a participant with an account balance that exceeds \$5,000 may receive a lump-sum payment equal to the vested interest in his or her account as a lump-sum payment. If the vested value of a participant's account is less than \$5,000, the total vested balance is distributed as an automatic lump-sum payment.

Hardship Withdrawals

The Plan permits distributions in the event of a financial hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59 1/2. Hardship withdrawals are limited to the participant's elective account balance.

Administrative expenses

Certain expenses for maintaining the Plan are paid by the Plan or the Plan Sponsor. Fees incurred for investment management services are netted within the net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than as a direct payment. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**ENTERPRISE ELECTRIC, LLC EMPLOYEE 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023**

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in the stable value fund are stated at contract value which approximates fair value. Refer to Note D for additional information about fair value.

Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary matching contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's matching contributions to the Plan or expenses paid by the Plan. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$5,135 and \$155, respectively. During 2024, no forfeited nonvested accounts were used. During 2023, \$6,793 of forfeited nonvested accounts were used.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America which requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (“FASB ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2024 and 2023.

- (i) *Mutual funds:* Valued at the net asset value of shares held by the Plan at year end based on a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

| Fair Value Measurements as of December 31, 2024 using the following inputs | | | | |

| | Level 1 | Level 2 | Level 3 | Total |

| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | \$ 12,066,752 | \$ - | \$ - | \$ 12,066,752 |

NOTE E - TAX STATUS

The Plan Sponsor adopted a prototype 401(k) profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated that the prototype plan was designed in accordance with applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since the opinion letter was obtained. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F – RELATED PARTY TRANSACTIONS

Certain expenses for maintaining the Plan are paid by the Plan or the Plan Sponsor. Fees incurred for investment management services are netted within the net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than as a direct payment. During 2024 and 2023, respectively, administrative fees of \$15,127 and \$30,878 were paid by the Plan to parties-in-interest.

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's management has evaluated events and transactions that occurred between December 31, 2024 and September 23, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.
