## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Plan Management and Participants  
West Coast Ear Nose & Throat, Inc. 401(k) Profit Sharing Plan & Trust

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements***

We have performed an audit of the financial statements of West Coast Ear Nose & Throat, Inc. 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion on the 2024 Financial Statements***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the 2024 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of West Coast Ear Nose & Throat, Inc. 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is

sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

### ***Responsibilities of Management for the 2024 Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about West Coast Ear Nose & Throat, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the 2024 Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the West Coast Ear Nose & Throat, Inc. 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about West Coast Ear Nose & Throat, Inc. 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental schedule: Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Other Matter - 2023 Financial Statements***

The accompanying statement of net assets available for benefits of West Coast Ear Nose & Throat, Inc. 401(k) Profit Sharing Plan & Trust as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended were not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on them.

**Notes to Financial Statements**

**1. Description of Plan**

The following description of the West Coast Ear Nose & Throat, Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

*General.*

The Plan is a defined contribution plan covering all eligible employees of the West Coast Ear, Nose & Throat, Inc. (the “Company”) who have 1 year of service and are age 21 or older. Entry dates are semi-annual, the first day of the first month and of the seventh month of the Plan year. The Plan was established on January 1, 1996 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA) as amended.

*Contributions.*

Each year eligible participants may make pre-tax or Roth contributions from their eligible compensation, as defined by the Plan adoption agreement, subject to applicable limits established by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Plan does not include an auto-enrollment provision. Eligible employees must enroll if they wish to participate in the Plan.

For the years ended 2024 and 2023, the Company provided a non-elective safe harbor contribution equal to 3% of a participant’s Plan compensation.

Each year, discretionary Company contributions may be made in such amount (if any) as may be determined by the Company. For the years ended December 31, 2024, and 2023, the Company made a discretionary Company contribution to eligible staff and doctors based on eligible compensation, as defined by the Plan. Discretionary Company contributions are subject to limitations as provided in the Code and as defined in the Plan.

Participant and Company contributions are invested as directed by the participant in investment options offered by the Plan.

*Plan termination.*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the plan may be allocated to participant accounts or distributed in such a manner as the Company may determine.

**401(k) PROFIT SHARING PLAN & TRUST**

**Notes to Financial Statements**

**1. Description of Plan (continued...)**

*Participant accounts.*

Participants direct their account balance into various investment options offered by the Plan. Participant accounts are credited with the participant's contributions, the Participating Employer's contributions, if any, and investment earnings and/or losses and charged with the participant's benefit payments and applicable transactions charges, which are considered administrative expenses. Allocations are based on participant compensation, deferrals, or the earnings and losses of the participant's account balances, as defined. Income is allocated daily based on the number of shares or units in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting.*

Participants are immediately vested in their contributions and the Company's safe harbor contributions plus actual earnings on the contributions. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows: less than 2 years = 0%, 2 to 3 years = 20%, 3 to 4 years = 40%, 4 to 5 years = 60%, 5 to 6 years = 80%, more than 6 years = 100%. A participant is 100 percent vested after 6 years of credited service or attaining the retirement age of 65, or upon death or disability.

*Notes receivable from participants*

Participant loans are not permitted by the Plan.

*Payment of benefits.*

On termination of service, death, disability, or retirement, a participant, or their beneficiary, may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. In-service withdrawals may be taken after attaining age 59-1/2. Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

*Forfeited accounts.*

Forfeited nonvested accounts may be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeited account balances were \$3 as of December 31, 2024.

**2. Summary of Accounting Policies**

*Basis of Accounting and Use of Estimates.*

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition.*

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments purchased and sold as well as held during the year.

*Notes Receivable from Participants.*

Participant Loans are not permitted by the Plan.

*Payment Benefits.*

Benefits are recorded when paid, except for material corrective distributions which are accrued during the year in which the originating contributions were made. The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan.

*Expenses.*

Plan expenses paid directly by the Company are excluded from these financial statements. Fees charged directly to participant accounts are included in administrative expenses. Investment-related expenses are included in net appreciation of the fair value of investments.

*Subsequent Events.*

Plan management has evaluated events and transactions that occurred between December 31, 2024, and September 18, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

**3. Information Certified by the Plan Custodian**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024 has been reported to the Plan and certified as complete and accurate by the Plan's custodian, Principal Trust Company.

**4. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**4. Fair Value Measurements (continued...)**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, and 2023.

*Cash and cash equivalents:* The carrying amounts for cash reflect the assets' fair value. The fair values for cash equivalent are determined based on quoted market prices. These assets are included in Level 1.

*Collective Trust Funds:* Valued at the NAV of the units held by the Plan at year-end. The NAV, as provided by the trustee/custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require advance notification to ensure that securities liquidations will be carried out in an orderly business manner.

*Principal Life Insurance Company Guaranteed Option.* Valued at contract or book value (principal plus accumulated earnings). See note 5 for more information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of the Plan's participant-directed investments as of December 31, 2024, and 2023 are set forth by level within the fair value hierarchy in the table below. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

**5. Fully Benefit Responsive Investment Contracts**

*Principal Life Insurance Company Guaranteed Option*

The Principal Life Insurance Company Guaranteed Option is a guaranteed general account backed group annuity contract that has been issued by Principal Life Insurance Company (Principal Life) to Principal Trust Company as custodian. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest, less participant withdrawals and fees. Contract Values held by the Plan were \$883,318 and \$1,226,699 as of December 31, 2024, and 2023 respectively.

A composite crediting rate contractually guaranteed by Principal Life is credited to account balances. The net crediting rate is after the deduction of 0.00%\* for fees for administrative and recordkeeping services provided to the plan. The crediting rate was 4.45% from December 1, 2022, to May 31, 2023, 4.85% from June 1, 2023, to November 30, 2023, 6.05% from December 1, 2023, to May 31, 2024, and 5.15% from June 1, 2024, to November 30, 2024.

Benefit payments to participants for plan benefit events, including retirement, termination of employment, disability, plan termination, death, loans, and withdrawals, as allowed by the plan, are made without any surrender charge or early termination charge.

Principal must receive notice from an authorized plan representative to terminate the Plan's Interest in the Principal Guaranteed Option. Notice to terminate can be revoked for 90 days, after which, notice is irrevocable. Contract termination provisions are summarized below. Refer to the contract or contract description for a full explanation of termination restrictions and charges.

At termination, a Party's Interest will be paid out in six installments. The first installment payment will be made six months after the notice to terminate. Each of the following five installment payments will be made on the anniversary of the first payment date. Plan activity prior to, and during, the installment payment period will affect the amount paid on installment payment dates. During the installment payment period:

- Benefit payments will continue to be made.
- Participant investment transfers out of the Principal Guaranteed Option may be allowed, subject to the recordkeeper's ability to enforce an Equity Wash when Competing Investment Options are available.

**6. Rollover Contributions**

The Plan may accept a rollover, provided the rollover will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Employer. The amounts rolled over shall be separately accounted for in a "Participant's Rollover Account."

**7. Related-Party Transactions and Party-in-Interest Transactions**

Certain Plan investments are shares of collective trust funds managed by Principal Trust Company, the custodian as defined by the Plan. Fees incurred within these investments qualify as party-in-interest transactions. Investment fees paid to parties-in-interest are netted against investment returns.

During 2024, fees were also paid to Principal Life Insurance Company and Raymond James & Associates Inc. for their advisory and administrative services to the Plan. These fees include investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption. Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

**8. Tax Status**

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

**9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**10. Reconciliation of Financial Statements to Form 5500**

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of and for the years ended December 31, 2024, and 2023.
