Independent Auditors' Report

To the Trustees and Plan Administrator
True Temper Sports, Inc. Retirement Savings Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of True Temper Sports, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. TRUE TEMPER SPORTS INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements
December 31, 2024 and 2023

Note 1 - Description of Plan

The following description of True Temper Sports, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan of True Temper Sports, Inc. (the "Company") for the benefit of substantially all employees, except for non-resident aliens and those employees covered by a collective bargaining agreement. Employees are eligible to participate after three months of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Committee is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participant contributions may be pre-tax or Roth up to sixteen (16%) percent of their annual eligible compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent (3%) pre-tax of eligible compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Additionally, participants age 50 or older who are making contributions to the Plan are allowed to make catch-up contributions as defined in the Plan.

The Company makes matching contributions of fifty percent (50%) of the first six percent (6%) of eligible participant compensation contributed. The Company also makes discretionary nonelective contributions to salaried Plan participants. For salaried participants under age 50, two percent (2%) of eligible compensation is contributed. For salaried participants age 50 or older, three percent (3%) of eligible compensation is contributed. For salaried participants who are over age 54 and were participating in the Plan at December 31, 1999, six percent (6%) of eligible compensation is contributed.

Participant investment account options

The Plan allows participants to direct their contributions and account balances among investment options offered by Empower Trust Company, LLC (Empower), which include certain mutual funds and common collective trust funds.

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

Note 1 - Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and the Company's matching and discretionary nonelective contributions, plus a proportionate interest in the investment earnings or losses in which the contributions are invested. Participant accounts are charged with an allocation of certain administrative expenses that are based upon the participant's eligible compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus earnings and losses thereon. Vesting in the employer discretionary nonelective contribution is 20% for each year of service with 100% vesting at the completion of five years of service. A participant is credited with one year of service each Plan year if the participant works at least 1,000 hours. In the event of death, disability, normal retirement age (55), or if the Plan is discontinued, participants become 100% vested in all account balances.

Notes receivable from participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum amount that can be borrowed is \$1,000. The loans are secured by the balance in the participant's account and bear interest rates which are commensurate with prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly or bi-monthly payroll deductions.

Forfeited accounts

If an employee terminates before his or her discretionary nonelective contribution accounts have become fully vested, such unvested portion of the account is forfeited. Participant forfeitures that are not used to pay plan expenses are used to reduce future Company contributions.

Payment of benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive a lump sum payment or installments equal to the value of the participant's vested interest in his or her account. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the Plan, withdrawals of voluntary after-tax contributions and rollover contributions, or upon the attainment of age 59½.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from Plan participants and the Company's matching and nonelective contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowances for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit payments

Benefit payments are recorded when paid.

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

Note 2 - Summary of significant accounting policies (continued)

Administrative expenses

Certain expenses of maintaining the plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Recordkeeping and other administrative expenses may be charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Additional fees are charged to participants based on their use of certain plan features.

Note 3 - Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Empower, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

TRUE TEMPER SPORTS INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

Note 4 - Fair value measurements (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of units of the collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>12,633,744</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 12,633,744
Investments measured at NAV*				<u>13,576,544</u>
Total				<u>\$ 26,210,288</u>

Note 4 - Fair value measurements (continued)

	<u>Investments at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 10,588,254</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 10,588,254
Investments measured at NAV*				<u>12,000,483</u>
Total				<u>\$ 22,588,737</u>

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The fair value of the investments in common collective trust funds has been estimated using the net asset value of the investments. The common collective trust funds are redeemed on a daily basis and do not have any redemption restrictions, except as noted above. Additionally, there are no unfunded commitments.

Note 5 - Related party transactions and party-in-interest transactions

The Plan's investments include certain mutual funds and common collective trust funds held by Empower. Empower is the custodian and recordkeeper as defined by the Plan, and therefore, these transactions qualify as parties-in-interest transactions. The Plan also pays administrative service fees and investment management fees to Empower. Fees paid directly by the Plan to parties-in-interest for administrative expenses totaled \$66,387 and \$60,455 in 2024 and 2023, respectively. The Plan sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in all accounts.

TRUE TEMPER SPORTS INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)
December 31, 2024 and 2023

Note 7 - Tax status

The IRS issued an opinion letter dated November 14, 2022 stating that the non-standardized pre-approved profit sharing/money purchase/CODA prototype, which the Plan adopted, was designed in accordance with applicable IRC requirements. Although the Plan has been amended since receiving the original determination letter, the plan administrative committee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

Note 8 - Risks, uncertainties, and concentrations

The Plan invests in various securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2024 and 2023, approximately 21% and 20% of the Plan's investments were invested in the Fidelity 500 Index Fund, respectively.

Note 9 - Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of \$7,266 were not remitted within the required time period for the year ended December 31, 2021. The Company has submitted lost earnings associated with the 2021 delinquent contributions in August 2025.

Note 10 - Subsequent events

Plan management has evaluated subsequent events through September 26, 2025, which is the date that the financial statements were available to be issued. No significant matters were identified for disclosure.
