Report of Independent Auditors

To the Participants and Trustees of
Beer Industry - Local Union No. 703
Individual Account Plan

Opinion

We have audited the financial statements of Beer Industry - Local Union No. 703 Individual Account Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Beer Industry - Local Union No. 703 Individual Account Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of financial statements; and
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Beer Industry - Local Union No. 703
Individual Account Plan**

Notes to Financial Statements

December 31, 2024 and 2023

Note 1. Description of the Plan

The following brief description of Beer Industry - Local Union No. 703 Individual Account Plan (the Plan), is provided for general information purposes only.

The Plan is a multiemployer defined contribution retirement plan established pursuant to collective bargaining agreements between the local union and various employers, to provide retirement benefits for eligible participants. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation. Participants are not permitted to make contributions to the Plan.

An individual account is established for each participant. The individual account is credited with employer contributions made on the participant's behalf, and is adjusted for Plan earnings or losses, forfeitures, contingency allocations and administrative and related expenses. Allocations are based on individual account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A participant is credited with one year of vesting service for each Plan year in which at least 870 hours of work in covered employment has been completed or five months of work for which employer contributions were required to be made to the Plan. A participant is 100% vested after three years of credited vesting service.

Upon termination of service, a participant who has satisfied eligibility requirements, as defined, will receive a lump sum amount equal to the value of the participant's individual account, as defined.

Included in net assets available for benefits is a \$25,000 contingency reserve, established and maintained by the Plan in order to meet obligations of the Plan that were, at any particular valuation date, not determinable. During a Plan year, the contingency reserve is credited with (a) \$.84 of each required monthly employer contribution and (b) the sum of all forfeited individual accounts during the Plan year. The contingency reserve is debited with (a) the sum of all reinstated individual accounts during the Plan year, (b) amounts credited to a participant during the calendar year to replace employer contributions that were not paid, provided that the Plan has received satisfactory evidence that such contributions were due to the Plan on the participant's behalf and (c) adjustments for the current Plan year. The Plan has established a \$25,000 contingency reserve limit. Once this limit has been reached, amounts in excess of the \$25,000 limit at the valuation date are allocated to the participants based upon their individual account balance, as defined.

Participants should refer to the summary plan description for more complete information.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements have been prepared using the accrual method of accounting.

Contributions Receivable - Employer contributions due and not paid prior to year end are recorded as contributions receivable. Employer delinquencies and payroll compliance audit deficiencies are recognized upon settlement with the employer. An allowance for uncollectible accounts is considered unnecessary and is not provided.

Property and Equipment - Property and equipment are recorded at cost. Major additions are capitalized while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed currently. Depreciation is computed on the straight-line method over estimated useful lives of three to five years. Office equipment and computer software were fully depreciated at both December 31, 2024 and 2023.

Investments - Investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of participants covered and the contribution rates set forth in the collective bargaining agreement. Employers are required to remit contributions monthly. The Plan carries out its purpose as described in Note 1 within a jurisdiction primarily located in Chicago, Illinois and its vicinity.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no benefit payments to participants who had elected to withdraw from the Plan but had not been paid at December 31, 2024 and 2023.

Expenses - Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through August 21, 2025, which is the date the financial statements were available to be issued.

Note 3. Priorities upon Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of participants and their beneficiaries, except that provision may be made for the payment of necessary expenses resulting from termination of the Plan.

In the event of termination, all participants will become 100% vested and the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

Note 4. Tax Status

The Plan's latest determination letter is dated October 23, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

Note 5. Fair Value Measurements

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

In accordance with generally accepted accounting principles, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

The collective investment funds are valued at the net asset value per share, used as a practical expedient to estimate fair value. Net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The collective investment funds are direct filing entities (DFEs) and file a Form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. There are no significant redemption restrictions on these funds.

Note 6. Investment Concentrations

As of December 31, 2024 and 2023, the Plan held units in NT Collective Aggregate Bond Fund - Lending (approximately 73% and 72% respectively, of net assets available for benefits), which seeks investment results that approximate the overall performance of the Bloomberg U.S. Aggregate Bond Index. The Plan also held units in NT Collective S&P 500 Index Fund - Non-lending (approximately 25% and 27% respectively, of net assets available for benefits), which seeks to approximate the risks and return characterized by the S&P 500 Index.

Note 6. Investment Concentrations (continued)

It is reasonably possible that changes in the values of these investments could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments within each fund into varied financial investments.

Note 7. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits. The current economic environment has increased the degree of uncertainty.

Due to inherent uncertainties involved in the valuations of investments that are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the underlying securities existed.

Note 8. Funding Policy

The Plan shares common governance with Beer Industry - Local Union No. 703 Pension Fund (Pension Fund), a multiemployer defined benefit pension plan. The Pension Fund is governed under a separate plan document. Effective February 1, 2024, the Board of Trustees has allocated \$45.91 of the Pension Fund's collectively bargained monthly contribution rate to the Plan. Prior to February 1, 2024, the Board of Trustees allocated \$37.91 of the Pension Fund's collectively bargained monthly contribution rate to the Plan. The Plan is also allocated investment income to account for the lag between when contributions are collected by the Pension Fund and the transfer of allocated contributions is made to the Plan.

Note 9. Related Organizations

The Plan shares common governance with a health and welfare plan, a pension plan and local union, all of which are tax-exempt.

The amounts due from Beer Industry - Local Union No. 703 Pension Fund (the Pension Fund) represent employer contributions received by the Pension Fund on behalf of the Plan, and allocated investment income, as described in Note 8. Amounts due to the Pension Fund represent investment and other administrative expenses paid by the Pension Fund on behalf of the Plan.

Note 10. Contingency Reserve

The following presents the contingency reserve activity for the years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Balance at beginning of year	\$ 25,000	\$ 25,000
Additions		
Monthly employer contributions (\$.84 per participant)	6,114	5,768
Forfeited individual accounts	<u>13,724</u>	<u>14,517</u>
Total additions	<u>19,838</u>	<u>20,285</u>
Deductions

Excess contingency reserve allocated to participants	<u>19,764</u>	<u>19,635</u>
Total deductions	<u>19,838</u>	<u>20,285</u>
Balance at end of year	<u>\$ 25,000</u>	<u>\$ 25,000</u>

Note 11. Party-in-Interest Transactions

Northern Trust Company is responsible for custody of certain Plan investments and investment management. The Plan invests in Northern Trust Company collective investment funds. Fees paid to Northern Trust Company for these services represent party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULES

To the Participants and Trustees of
Beer Industry - Local Union No. 703
Individual Account Plan

We have audited the financial statements of Beer Industry - Local Union No. 703 Individual Account Plan (the Plan) as of December 31, 2024 and 2023 and our report thereon dated August 21, 2025, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statement as a whole. Supplemental Schedules 1 and 2 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
