Plan Administrator
Milwaukee Bucks Retirement Savings Plan
Milwaukee, Wisconsin

Scope and Nature of ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of the Milwaukee Bucks Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and December 31, 2023, and for the year the ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2024 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2024 Supplemental Schedules Required by ERISA

The 2024 supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the 2024 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2024 financial statements or to the 2024 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of and for the year ended December 31, 2024

NOTE 1 - Description of the Plan

The Milwaukee Bucks, Inc. (Employer) Retirement Savings Plan (the Plan) was established on June 1, 1992. The Plan has since been restated with a new effective date of July 1, 2022. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing and 401(k) plan available to qualifying employees of the Employer and is designed to comply with Section 401(k) and the regulations thereunder of the Internal Revenue Code (IRC) as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Full-time and part-time employees are eligible to participate in the Plan after attaining age 21. Full-time employees are available to participate in the plan immediately upon the first day of the month following hire. Employees hired to work on a part-time basis will become eligible after completing one year of employment during which the employee completed at least 1,000 hours of service. Effective February 1, 2020, the Company executed an amendment to the Plan, which allows for certain collectively bargained employees to be eligible for the Plan.

The Plan has an automatic enrollment feature. Under this feature, unless the employee affirmatively elects otherwise, any new hire will be deemed to have entered into a salary reduction agreement and elected to make elective contributions to the Plan. Automatic elective contributions are initially set at 4% of a participant's annual eligible compensation.

Contributions

Participants may elect to contribute up to 100% of their compensation, not to exceed IRC limitations; alternatively, participants must contribute a minimum of 1% of their compensation. The Plan permits eligible participants to make "catch-up" contributions each year starting the year the participant attains age 50. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

The Employer makes a fixed matching contribution to all eligible participants who make salary deferrals to the Plan. The Employer contributes 50% of eligible participant contributions not to exceed 4% of eligible compensation. The Plan suspended the Employer match for the Plan year 2020 as of April 2020 and reinstated the match as of July 1, 2021. The Employer also may make a discretionary contribution to the Plan. This discretionary contribution is allocated using a uniform percentage of Plan compensation to all eligible participants that are employed with the Employer on the last day of the Plan year. No discretionary contributions were made in 2024 or 2023.

NOTE 1 - Description of the Plan (cont.)

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions, allocation of Employer discretionary contributions and Plan earnings, and is charged with withdrawals and administrative expenses, if applicable. Allocations are based on the participant's account balance or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant vests in employer matching and discretionary contributions and earnings thereon according to the following modified vesting schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

A participant's accrued benefits shall become 100% vested upon such participant's death or becomes disabled.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested account. If the vested balance is \$1,000 or less, the participant will receive an involuntary lump-sum payment. Participants may elect to receive lump sum distributions upon reaching age 59½, for hardships that satisfies the safe harbor rules, or the participant is in certain qualified active military duty.

Forfeitures

Forfeited invested amounts totaled \$0 as of December 31, 2024 and 2023. Forfeiture allocations are used to reduce Employer contributions and pay Plan expenses. Forfeitures totaling \$46,021 and \$26,533 were used to reduce plan fees, for the year ended December 31, 2024 and 2023, respectively.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Employer and are excluded from these financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, except for benefit payments, which are recorded when paid.

NOTE 2 - Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and the changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. (See Note 9)

Investment Valuation and Income Recognition

Investments are reported at fair value. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for further discussion of fair value measurements.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments, includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash Equivalents

Cash equivalents are funds held in non-interest bearing accounts and are recorded at cost.

Payment of Benefits

Benefits are recorded upon distribution to participants.

NOTE 3 - Investment Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2024	2023
Cash equivalents	\$ 726,236	\$ 158,514
Investments, at fair value	28,362,133	23,462,420
Interest and dividend income	902,945	534,338
Net appreciation (depreciation) in fair value of investments	2,509,819	3,179,838

The Plan's independent auditor's did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the accompanying financial statements and supplemental schedule.

NOTE 4 - Fair Value Measurements

Accounting Standard Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing an asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

Accounting standards also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The standard establishes three levels of inputs that may be used to measure fair value:

- Level 1* Registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.
- Level 2* Inputs to the valuation methodology include quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - Fair Value Measurements (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the NAV as of December 31, 2024 and 2023.

Common Collective Trust Funds: Valued based on the NAV of units of the common and collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when its determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable Value Fund Class I (Fund): The Fund invests in fully benefit-responsive investment contracts and security-backed contracts and carries its investments at contract value. Contract value is equal to the principal balance plus accrued interest. The crediting interest rate is based on a formula agreed upon by issuer. The Employer does not believe that the occurrence of any event limiting the Plan's ability to transact at contract value with participants is probable.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,265,816	\$ -	\$ -	\$ 28,265,816
Investments measured at net asset value*				96,317
Investment at fair value				\$ 28,362,133
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,371,808	\$ -	\$ -	\$ 23,371,808
Investments measured at net asset value*				90,612
Investment at fair value				\$ 23,462,420

* The investment in the common collective trust fund is measured at fair value using the net asset value per share (or its equivalent) as a practical expedient which has not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 4 - Fair Value Measurements (cont.)

For the years ending December 31, 2024 and 2023, there were no transfers in or out of Level 3.

At December 31, 2024 and 2023, investments in certain entities calculate the net asset value per share as the investment's contract value measurement. The following table provides an overview, by major category, of the nature and risks associated with such investments, as well as whether it's probable those investments will be sold at amounts different than their reported net asset value per share based on redemption restrictions, if any.

	December 31, 2024			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Value Fund Class I	\$ 96,317	\$ -	Daily	None

	December 31, 2023			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Value Fund Class I	\$ 90,612	\$ -	Daily	None

NOTE 5 - Tax Status

The Plan obtained its latest determination letter on November 30, 2020, in which the IRS states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

MILWAUKEE BUCKS RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

As of and for the year ended December 31, 2024

NOTE 6 - Risks and Uncertainties

The Plan invests in various investment securities. These securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with certain investment securities and to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

As of December 31, 2024 and 2023, the Plan held investments in the Fidelity 500 Index Fund, which represented 11% of total investments in both years.

NOTE 7 - Related-Party and Party-in-Interest Transactions

Certain Plan investments were managed by Broadridge Matrix Trust, trustee as of December 31, 2024 and 2023; and OneAmerica, recordkeeper as of December 31, 2024 and 2023. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to Broadridge Matrix Trust and OneAmerica totaled \$58,939 for the year ended December 31, 2024. Fees paid by the Plan to Private Advisor Group LLC Investment Services for investment advisory services provided to the Plan totaled \$47,166 for the year ended December 31, 2024.

Certain accounting and administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. In addition, the Employer pays certain outside administrative expenses of the Plan.

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - Excess Contribution Payable

The plan failed the discrimination test for the year ended December 31, 2024. Excess contributions amounting to \$8,788 as of December 31, 2024, are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits and as a reduction of participant contributions in the respective year. The plan has reimbursed these excess contributions to its participants on March 12, 2025. For purposes of the Form 5500, these excess contributions payable are not recorded until the year paid.

NOTE 10 - Subsequent Events

These financial statements have not been updated for subsequent events occurring after September 23, 2025, which is the date these financial statements were available to be issued. The plan has no responsibility to update these financial statements for events and circumstances occurring after this date.
