Independent Auditor's Report

The Summa Health Pension Committee
Summa Health 403(b) Retirement Savings Plan
Akron, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Summa Health 403(b) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the *ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Summa Health 403(b) Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Summa Health 403(b) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a tax-sheltered annuity plan under Code §403(b)(1) covering employees of Summa Health (the Company or Employer). The Plan excludes all employees of the Summa Management Services Organization. The Plan was originally established on January 1, 1989 and subsequently amended on May 8, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees are eligible to commence salary reduction contributions on their date of hire and to receive matching contributions after one year of service. Upon becoming eligible to receive a matching contribution, in order to receive an allocation of the matching contribution for a Plan year, a participant must be employed by the Employer on December 31 of the Plan year for which the matching contribution is made.

Effective May 8, 2022, employees employed by Summa Support Services, LLC became eligible to participate in the Plan.

Contributions

Eligible employees may contribute from 1% to 50% of compensation (as defined in the Plan document) through payroll deductions on a pre-tax basis or post-tax basis, not to exceed Internal Revenue Service (IRS) limitations. Participants are eligible for the employer match beginning on the first of the month following one year of employment.

Prior to January 1, 2023, the Company made an employer matching contribution each pay period for active and contributing participants. For physicians employed by the Company, the match was equal to 50% of the first 6% of contributions made to the Plan each pay. For Non-Frozen and Frozen Pension Plan Participants (as defined in the Plan document), the match was equal to 100% of the first 1% of contributions made to the Plan each pay, and 50% of the next 5% of contributions made to the Plan each pay.

Effective January 1, 2023, the Employer amended the matching contribution as follows:

- a) The Employer shall make matching contributions to each participant who is a Non-Frozen Pension Plan participant, except for participants who are Summa Barberton Hospital Bargaining Unit Members, equal to 25% of elective deferrals up to 6% of compensation per year. The maximum non-discretionary matching contribution shall be 1.5% of compensation.
- b) The Employer shall make matching contributions to each participant who is a Frozen Pension Plan participant, except for participants who are Summa Barberton Hospital Bargain Unit Members, equal to 25% of elective deferrals up to 6% of compensation per year. The maximum matching contribution shall be 1.5% of compensation.

Summa Health 403(b) Retirement Savings Plan

Notes to Financial Statements

- c) The Employer shall make matching contributions to each participant who is a physician employed by Summa Health, equal to 25% of elective deferrals up to 4% of compensation per year. The maximum matching contribution shall be 1% of compensation.

The employer matching contributions totaled \$4,900,698 and \$4,386,092 for the years ended December 31, 2024 and 2023, respectively.

The Company may make a discretionary contribution to participants in any Plan year to certain employees, as disclosed in the Plan document, as determined from time to time at the sole discretion of the Employer. No discretionary contributions were made in 2024 or 2023.

The Plan also provides for the investment of qualified rollover contributions.

Participant Accounts

Each participant account is credited with the participant's contributions, rollovers, the Company's employer matching contributions, and an allocation of Plan earnings or losses. Allocations are based on the amount of deferral each payroll period. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their payroll deferral contributions and actual earnings thereon. Vesting in the Company's employer matching contribution portion of their accounts is based on years of continuous service. Once a participant reaches 1,000 hours of eligible service in any given calendar year, the participant is then credited with a year of vesting.

Vesting shall be determined according to the following table:

Completed Years of Service	Vesting Percentage (%)
Fewer than 3	-
3 or more	100

Upon death or disability, the participant (or his/her beneficiary in case of his/her death) becomes 100% vested in the Plan. Upon reaching normal retirement age of 65, or after three years in the Plan, the participant becomes 100% vested in the Plan.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$397,755 and \$549,185, respectively. Forfeitures of non-vested employer matching contributions made by the Company will first be used to pay reasonable Plan expenses. Any remaining forfeitures will be applied to reduce future employer matching contributions. During the Plan years ended December 31, 2024 and 2023, \$263,270 and \$0, respectively, of forfeitures were used to offset employer contributions.

Summa Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Notes Receivable from Participants

Loans are permitted to be made to active participants. The notes receivable supporting the loan are secured by the participant's vested interest in the Plan and must be for a minimum of \$1,000 up to the lesser of one half of the participant's vested account balance or \$50,000. The loan repayment period may not be less than one year and may not exceed five years unless the loan is used to purchase a participant's principal residence for which the period may not exceed ten years. Interest is charged at a reasonable rate determined by the Plan administrator.

Payment of Benefits

Upon death, disability, retirement, or termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, installment payments, or an annuity option.

2. Summary of Significant Accounting Policies *Basis of presentation*

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United State of America (GAAP).

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements. Contract value is the relevant measure for that portion of the net assets available for benefits of a 403(b) plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to participant-directed transactions are charged directly to the participant's account

Summa Health 403(b) Retirement Savings Plan

Notes to Financial Statements

and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2025, the date the financial statements were available to be issued, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

3. Guaranteed Investment Contracts

The Plan entered into benefit-responsive traditional guaranteed investment contracts with American United Life Insurance Company, AXA Equitable Life Insurance Company, Principal Life Insurance and Annuity Company (Principal), Empower Annuity Insurance Company of America (Empower), and Voya Retirement Insurance and Annuity Company (Voya) (collectively, the Insurance Companies). The Plan's custodians maintain these contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

For those guaranteed investment contracts which are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the custodians, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional guaranteed investment contracts that are not fully benefit-responsive are presented on the statements of net assets available for benefits at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain amendments to the Plan document, such as a complete Plan termination. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

Summa Health 403(b) Retirement Savings Plan

Notes to Financial Statements

The guaranteed investment contracts do not permit the Insurance Companies to terminate the agreement prior to the scheduled maturity date.

4. Information Certified by the Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company; Fidelity Management Trust Company (Fidelity); Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, Empower); Voya Retirement Insurance and Annuity Company, the custodians, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Total investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2024, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Federal Income Taxes

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code) and therefore, it is not currently eligible to receive a determination letter from the IRS. The Plan is required to operate in conformity with the Code to maintain its qualifications under Section 403(b). The Plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Summa Health 403(b) Retirement Savings Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Transactions with Parties-in-Interest

Certain Plan investments are in funds and accounts that are managed by Fidelity, or its subsidiaries and affiliates. The Plan invests in pooled separate accounts and guaranteed investment contracts with insurance companies sponsored by the Plan's custodians and, therefore, these transactions qualify as party-in-interest transactions. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also receives revenue credits from Fidelity. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Summa Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts - The fair values of participation units in the pooled separate accounts are based upon the NAVs of such accounts, which are provided by the custodians. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account, less liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the pooled separate accounts will sell the investment for an amount different than the reported NAV. The accounts allow for daily redemptions and contributions. There are no unfunded commitments related to these investments.

Guaranteed Investment Contracts (not fully-benefit responsive) - These are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Summa Health Pension Committee evaluates a variety of factors, including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date), while others are substantiated utilizing available market data (for example, swap curve rate). There are no redemptions restrictions or fees associated with the guaranteed investment contracts.

Self-Directed Brokerage Accounts - These accounts comprise of mutual funds, common stock, and cash. The individual investments in the self-directed brokerage accounts are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
