## INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of  
STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and December 31, 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN ability to continue as a going concern for a reasonable period of time.

Our audit's did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental Schedule H-Line 4i -Schedule of Assets (Held at End of Year) as of, and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are

supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED DECEMBER 31, 2024 AND DECEMBER 31, 2023**

**NOTE 1 – DESCRIPTION OF PLAN**

The following brief description of the plan named as follows: **STERN THERAPY CONSULTANTS**, (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. There was a name change from Paramount to Stern.

***General***

The Plan, is a contributory defined contribution plan covering all eligible employees of **STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN** (the "Sponsor"). Employees must be 21 years old and there is no minimum years of service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Once an employee is a participant, they can begin making elective deferrals. These deferrals are done through payroll withholding. They are made on a pre-tax basis.

***Contributions***

Each year, participants may contribute any amount of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan does not have a auto-enrollment provision.

The Sponsor makes contributions to the Plan on behalf of each participant on a discretionary basis. During the Year ended December 31, 2024, the Sponsor made a \$ **128,702.00** profit sharing and matching contribution to the Plan. The participant will not be entitled to this contribution if the Sponsor does not employ him or her on the last day of the plan year. The computation utilized for benefit calculation is limited per the plan document of the participant's compensation for 2024. Upon enrollment in the Plan, a participant may direct contributions in a variety of investment options offered by the Plan. Participants may change their investment options at any time. Rollover contributions are permitted.

All of the Plan's investments are held and administered by **AMERICAN FUNDS** ("Trustee")

***Participants accounts***

Each participant's account is credited with the Sponsor's contributions and plan earnings, and charged with an allocation of investment advisory fees. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN  
PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2024 AND DECEMBER 31, 2023**

**NOTE 1 – DESCRIPTION OF PLAN (continued)**

***Vesting***

If the participant terminates employment prior to normal (65) for any reason other than death or permanent disability, the portion of the employer contribution that is vested is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
2	0%
3	100%
4	100%
5	100%
6	100%

***Contributions:***

Contributions from the Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

***Forfeited accounts***

Participants who terminate employment before they vest will forfeit their interest in their employer contribution accounts. These accounts will be held in the Plan for use by the Sponsor to meet any obligations with respect to employer contributions. As of December 31, 2024, the balance in the forfeiture account was \$0.00, therefore, employer contributions were not reduced in 2024.

***Payment of benefits***

On termination of service due to death, disability or retirement, a participant (or designated beneficiary) may elect to receive the vested interest in his or her account in either a lump-sum amount or annual installments (including interest) for life. If the participant dies before distribution begins, the entire interest earned in the Plan will be distributed to the spouse or the named beneficiary by December 31 or the calendar year immediately following the calendar year of the participant's death. For termination of service resulting from other reasons, a participant may elect to receive the value of the vested interest in his or her account as lump-sum distribution or maintain his or her vested interest within the Plan.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of accounting*** – The accompanying financial statements are prepared on the accrual basis of accounting.

***Use of estimates*** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN**  
**PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED DECEMBER 31, 2024 AND DECEMBER 31, 2023**

**Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are deemed as distributions based upon the terms of the plan document.

**Investment valuation and income recognition** – Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss of each investment option, including the change in market value of investments, is allocated to participant accounts based on each participant's proportionate interest in the investment option. Net depreciation includes the on each participant's proportionate interest in the investment option. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Excess Contribution Payable**

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had no excess contributions in 2024.

**Administrative expenses** – Certain administrative expenses are paid by the Plan. Expenses that are paid directly by the Plan's sponsor are excluded from these financial statements. Certain investment-related expenses are included as a reduction of the net appreciation of the fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

**Payment of benefits** – Benefits are recorded when paid.

**Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets from identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**STERN THERAPY CONSULTANTS, LLC 401 (K) PLAN  
PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2024 AND DECEMBER 31, 2023**

Level 1

Inputs to the Valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and December 31, 2023.

**Common Stocks:** Valued at closing price reported on the active market on which the individual securities are traded.

**Corporate Bonds:** Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

**Mutual Funds** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**U.S. government securities:**

Valued using pricing models maximizing the use of observable inputs for similar securities.

**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED DECEMBER 31, 2024 AND DECEMBER 31, 2023**

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

***Fair Value Measurements (continued)***

The following tables set forth by level, within the fair value hierarchy, the assets at fair value as of December 31, 2024:

	<b>Level 1</b>
Money market funds	\$ -
Mutual funds	
Large blend	\$ -
Large growth	\$ 3,577,946
Total mutual funds	\$ 3,577,946

***Uncertainty in income taxes*** – The Plan has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements. Periods ending December 31, 2024 and subsequent remain subject to examination by applicable taxing authorities.

***Subsequent events*** - Subsequent events have been evaluated through 9/22/2025 which is the date the financial statements were available to be issued.

**NOTE 3 – INVESTMENTS AND INFORMATION CERTIFIED BY AMERICAN FUNDS**

As permitted by Section 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the ERISA, the plan has elected the alternative method of compliance with respect to the required audit of the financial statements. As a result of adopting this method, the trustee, who also maintains the primary records of the plan, certified to the plan administrator that the statements of the trustee were complete and accurate and that the reported assets were under their control.

**NOTE 3 – INVESTMENTS AND INFORMATION CERTIFIED BY TRUSTEE**

The financial information included in the accompanying schedule of assets held at end of year was also certified to by the trustee.

**NOTE 5 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit risks and market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, based on the markets' fluctuations, and that such changes could materially affect participants' account balances and the amounts reported in the Plan's statement of net assets available for benefits.

**NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS**

Certain of the Plan's investments are shares of mutual funds and a money market fund that are products of the "Trustee". The Plan paid the amount of \$ 21,937 for certain expenses related to administration of the Plan. The Trust Company is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are deemed to be "exempt" from Prohibited Transaction Rules as defined by Department of Labor regulations.

**NOTE 7 – TAX STATUS**

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the Plan administrator and the plans tax counsel believe that the plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United State of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.
