Health Plan One, LLC 401(k) Plan

Financial Statements

December 31, 2024

Independent Auditors' Report

To the Participants and Plan Administrator
Health Plan One, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Health Plan One, LLC 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

To the Participants and Plan Administrator
Health Plan One, LLC 401(k) Plan
Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Participants and Plan Administrator
Health Plan One, LLC 401(k) Plan
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024

1. Description of the Plan

The following description of Health Plan One, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan covering all employees of Health Plan One, LLC and any participating affiliates (the “Company”) who have reached the age of twenty-one, completed four months of service and are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Voya Retirement Insurance and Annuity Company (“Voya”) is the Plan’s trustee.

Contributions

Participants may contribute a specific portion (up to a maximum of 90%) of their pre-tax annual compensation, as defined in the Plan documents, up to the maximum allowed by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions to the Plan as defined under the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan is required to return excess contributions received during the Plan year in excess of IRC limits.

The Plan has a matching program for participants of the Plan. The matching program provides for a 50% match of employee contributions up to a maximum of 6% of the employee’s eligible wages for each payroll period.

Participants’ Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings or losses and administrative expenses. Allocations are based on a participant’s earnings, account balances, or specific participant transactions, as defined in the Plan document.

Vesting

Participants are immediately vested in their contributions, including rollovers, plus earnings thereon. Vesting in the Company’s contributions are based on years of continuing service as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 1	0%
Less than 2	33%
Less than 3	66%
More than 3	100%

1. Description of the Plan *(continued)*

Notes Receivable from Participants

The Plan allows participants to borrow money from their account balances and repay the loans through payroll deductions. Only one loan may be outstanding at any given time. The minimum loan amount is \$500 and the maximum loan amount may not exceed the lesser of (a) one half of the participant's vested interest in the Plan or (b) \$50,000 reduced by the excess, if any, of the highest outstanding loan balance from the Plan during the one year period ending on the day before the new loan is to be made over the current outstanding balance of loans as of the date of the new loan. The loans are secured by the vested balance in the participant's account and bear interest at a rate that is two percentage points above the prime rate. Principal and interest are repaid ratably through payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions to any of the various investment options available under the Plan. Participants may change their investment options at their discretion.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest or installment payments either monthly, quarterly, semi-annually, or annually. Participants whose account balances are \$5,000 or less may receive a lump sum payment or have their account balance rolled over to an Individual Retirement Account. Participants may withdraw funds from their accounts who have demonstrated hardship (as defined under Internal Revenue Service Regulations).

Forfeited Accounts

Forfeitures of the non-vested portion of terminated participants' accounts are maintained in a separate account and may be used to pay administrative expenses or to reduce future employer contributions. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$34,942 and \$37,025. During 2024, \$49,795 was used to reduce employer contributions. No forfeitures were used to reduce administrative expenses during 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Health Plan One, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2024

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2024 and 2023, all of the Plan's separate accounts, that were valued at fair value, were valued using level 2 inputs.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Voya Fixed Account, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Separate accounts are reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The Voya Fixed Account is reported at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

2. Summary of Significant Accounting Policies (*continued*)

Administrative Expenses

Administrative expenses related to the operation of the Plan are paid by the Plan. The primary expenses paid by the Plan relate to recordkeeping, third-party administration, trust and audit services. Certain other costs for administering the Plan are paid by the Company. Expenses relating to specific participant transactions (i.e. loan set up, distributions, etc.) are charged directly against the appropriate participant's account.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 24, 2025.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments held at December 31, 2024 and 2023, and net appreciation in value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya, a qualified institution.

4. Investment Contract with Insurance Company

The Voya Fixed Account (the "Account") is a fully benefit-responsive investment contract with Voya. The Account guarantees principal and a minimum guaranteed interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate that applies for the life of the contract. The current rate, the guaranteed minimum floor rate and the minimum guaranteed interest rate are expressed as annual effective yields. Taking the effect of compounding into account, the interest credited to a participant's account daily yields the then current credited rate. Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets.

Under this option, Voya assumes the risk of investment gain or loss by guaranteeing the principal amount allocated to this option and promises a minimum interest rate during the accumulation period and also throughout the annuity payout period. Voya may impose limitations on the ability to transfer funds into or out of this investment option. Withdrawals from the Account for other than the payment of benefits to participants may be subject to a market value adjustment and a surrender charge.

Health Plan One, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2024

4. Investment Contract with Insurance Company (*continued*)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The Account is presented on the face of the statements of net assets available for benefits at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Voya is contractually obligated to repay the principal and the specified interest rate that is guaranteed to the Plan. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (A2 as of September 2024), Standard and Poor's (A+ as of September 2024), and Fitch (A+ as of September 2024).

5. Separate Accounts

The Plan offers 29 separate accounts which have different investment objectives, investment policies, and risks. Each of the separate accounts invest in independently managed mutual funds, some of which invest in mutual funds managed by an affiliate of the Plan's trustee. The name of each separate account corresponds to the name of the underlying fund in which it invests. The Plan's separate accounts include various asset classes which are: index funds, growth funds, bond funds, money market funds, perspective funds, and balanced funds.

6. Tax Status

The IRS has determined and informed the prototype document preparer by a letter dated June 30, 2020, that the Plan is designed in accordance with the IRC. The Plan has been amended since the letter was issued by the IRS, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company may at any time terminate the Plan and discontinue all contributions, subject to the applicable provisions of ERISA. In the event the Plan is terminated, all participants shall become fully vested in their account balances.

Health Plan One, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2024

8. Party-in-Interest Transactions

Certain investments of the Plan are managed by Voya, and, therefore, these transactions qualify as exempt parties-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

Certain employees of the employer perform administrative services to the Plan at no cost to the Plan.

9. Risks and Uncertainties

Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>December 31,</u>	
	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$22,772,312	\$16,845,176
