Bamboo HR LLC 401K Plan
Plan Administration and Management
335 South 560 West
Lindon, UT 84042

We have audited the financial statements of Bamboo HR LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit) for the year ended December 31, 2024, and we will issue our report thereon as of the date of this letter. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Fidelity Management Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 20, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted that had a significant impact on financial reporting and the application of existing policies was not changed during 2024. We noted no transactions entered into by the Plan during 2024 for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We did not identify any particularly sensitive accounting estimates we determined to be significant to the financial statements, as defined above.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole. The adjustments made during the audit are shown on the attached Exhibit A.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 19, 2025. A copy of that letter has been provided to you.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Independence

Independence is crucial to the performance of audit services. We are subject to the independence standards of the American Institute of Certified Public Accountants and DOL.

All partners and employees of our firm are provided access to our policies and procedures relating to independence and conflicts of interest. Annually, we obtain written confirmation from partners and employees about their adherence to these policies.

There are no relationships between Tanner LLC and the Plan or the Plan Sponsor that in our professional judgment may reasonably be thought to impair our independence.

Other Matters

With respect to the ERISA-required supplemental schedules accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the ERISA-required supplemental schedules to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Other than Form 5500, we are not aware of any documents that contain the audited financial statements. If such documents were to be published, we would have a responsibility to determine that such financial information was not materially inconsistent with the audited financial statements of the Plan.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) an indication of internal control deficiencies identified during the audit, (2) noncompliance or suspected noncompliance with laws and regulations, and (3) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process.

With regard to internal control deficiencies identified during the audit and noncompliance or suspected noncompliance with laws and regulations, we considered the Plan's internal control over financial reporting and compliance with laws and regulations (internal control) (except for internal control relating to the investment information) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements and supplemental schedule(s), but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control or compliance. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control or compliance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls.

We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined below. However, material weaknesses may exist that have not been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements or noncompliance with laws and regulations on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to be of service to the Plan.

This information is intended solely for the use of the Plan Administration and Management and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Tanner LLC

Independent Auditors' Report

To the Plan Administrator Bamboo HR LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bamboo HR LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in assets available for benefits for the year ended December 31, 2024, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bamboo HR LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Bamboo HR LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Bamboo HR LLC 401K Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions.

Recent Pronouncements

On December 29, 2023, the Setting Every Community Up for Retirement Enhancement Act 2.0 (the "SECURE Act 2.0") was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Key provisions that may affect plan participants in the future include increasing the age for Required Minimum Distributions (RMDs). Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

General

The Plan was created on January 1, 2013 and is a defined contribution plan covering all eligible employees of Bamboo HR LLC (Plan Sponsor, or Employer), who are not covered by another plan. Employees who are at least 18 years of age are eligible to enroll in the Plan on the first day of the month following their hire date. Employees covered under a collective bargaining agreement or considered non-resident aliens are not eligible for participation in the Plan. The Plan is intended to be a qualified plan under the Internal Revenue Code (IRC), and provisions of the Plan are subject to the guidelines of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to contribute a percentage of their eligible compensation, as defined by the Plan document, to the Plan each year, subject to the limitations of the Internal Revenue Code (IRC). Regular 401(k) contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan, unless the employee elects to make Roth 401(k) contributions, which are not excluded from taxable income when contributed but are not taxed upon withdrawal or distribution from the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions, and the related matching and profit-sharing contributions made by the Plan Sponsor, are invested in a designated balanced fund until changed by the participant. The Plan automatically increases an employee's deferral rate by 1% each year on December 27th until the deferral rate reaches 10% of eligible compensation or the employee opts out of the automatic increase. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan Sponsor contributes a qualified automatic contribution arrangement (QACA) safe harbor matching contribution equal to 100% of the participants' elective deferrals up to the first 6% of Plan compensation.

Participants may also contribute to the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for a discretionary contribution to be paid by the Plan Sponsor. The Plan Sponsor did not make a discretionary contribution to the Plan for the year ended December 31, 2024.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balance into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their elective deferral contributions, rollover contributions, Employer QACA matching contributions, Employer discretionary contributions, plus actual earnings thereon.

Payment of Benefits and Withdrawals

On termination of service due to death, disability, or retirement, a participant's vested interest in his or her account can be paid in a single lump-sum amount, partial withdrawals, or through a rollover to an Individual Retirement Account.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. In accordance with the Bipartisan Budget Act passed in February 2018, effective January 1, 2019, participants who take a hardship distribution are no longer restricted from making contributions into the plan for six months.

Administrative Expenses

Plan administrative expenses may be charged directly to the Plan (either allocated to the participants or using forfeiture funds) or paid by the Employer. Plan expenses generally include investment advisory fees, contract administrator fees, recordkeeping fees, and other service fees. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Expenses that are paid by the Plan are recorded as deductions in the accompanying statement of changes in assets available for benefits. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments in the accompanying statement of changes in assets available for benefits. During the year ended 2024, the Plan paid \$291,837 of administrative expenses. The Plan Sponsor provides services to the Plan without remuneration.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of his or her vested account balance, with a minimum loan amount of \$1,000. Loans and associated interest are repayable through payroll deductions over a period not to exceed five years, unless for the purchase of a principal residence, then not to exceed 10 years. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined periodically by the Plan Administrator. Participants may have only one outstanding loan at a time.

Notes receivable from participants have interest rates ranging from 4.25% to 9.50%, mature from January 2025 through March 2034, and are recorded at the unpaid principal balance plus any accrued, unpaid interest. Interest income is recognized over the term of the note at the rate specified in the loan documents. Fees related to notes receivable from participants are recorded as administrative expenses when they are incurred. If a participant defaults, the carrying amount of the note receivable from the participant is eliminated and a benefit payment is recorded at the time the participant has a distributable event.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment Valuation and Income Recognition

The Plan's money market fund is valued at cost, which approximates fair value. The Plan's investments in mutual funds are reported at fair value. See Note 3 for discussion on fair value measurements. Mutual funds are valued at the daily closing net asset value as reported by the fund, which is considered to be fair value. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Net appreciation (depreciation) of investments includes realized and unrealized gains or losses on investments and is recognized in income. Amounts invested may earn interest and dividends, which in turn are reinvested. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid by the Plan. As of December 31, 2024, there were no distributions that had been requested but not paid.

Subsequent Events

Plan management has evaluated subsequent events through September 19, 2025, which is the date the financial statements were available to be issued. Effective January 1, 2025, in connection with the SECURE Act 2.0, the Plan adopted the following changes:

- Normal hardship withdrawals were allowed with approval from BambooHR until May 1, 2025, at which time the Plan adopted e-certified hardship withdrawals.
- Participants who attain ages 60 to 63 before the end of the Plan year are eligible to make catch-up contributions equal to the greater of \$10,000 or 150% of the standard catch-up limit. For 2025, this amount is \$11,250, compared with the standard \$7,500 catch-up limit.

Management has evaluated these events and determined that they should be disclosed in the financial statements but do not require adjustment to the financial statements as of December 31, 2024.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.
- Level 3 Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

2024					
	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 91,845,881	\$ -	\$ -	\$	91,845,881
Money market fund	456,273	-	-		456,273
Total investments	\$ 92,302,154	\$ -	\$ -	\$	92,302,154

2023					
	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 62,359,384	\$ -	\$ -	\$	62,359,384
Money market fund	445,648	-	-		445,648
Total investments	\$ 62,805,032	\$ -	\$ -	\$	62,805,032

4. Exempt Party In-Interest Transactions

Certain plan investments include mutual funds and a money market fund managed by Fidelity Management Trust Company (FMTC). FMTC also receives fees from the Plan for services provided. FMTC has acted as the Plan trustee since August 15, 2017, and therefore is a party-in-interest. While transactions involving Plan assets with a party-in-interest are usually prohibited, these transactions are exempt under ERISA Section 408(b)(8). The notes receivable from participants are also exempt party-in-interest transactions.

5. Federal Income Tax Status

The Plan has adopted a volume submitter profit sharing 401(k) plan for which the Internal Revenue Service has issued an opinion letter dated June 30, 2020, covering the qualification of the Plan under the appropriate sections of the IRC. The Plan Sponsor believes the Plan continues to operate in accordance with the requirements to qualify for tax-exempt status. Accordingly, no provision for income taxes is included in the accompanying financial statements.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities.

The Plan's management analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- Investment assets of the Plan
- Investment transactions, including investment income (losses)
- The Plan's notes receivable from participants and associated transactions

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of assets available for benefits presented in the financial statements as of December 31, 2024 and 2023 to the Form 5500:
