Independent Auditor's Report

To the Plan Administrator
Dennis Dillon Auto Park & Truck Center 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of **Dennis Dillon Auto Park & Truck Center 401(k) Profit Sharing Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participation Contributions, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The plan allows for participant directed accounts. These are presented separately on the statements of net assets available for benefits. These are not included in the certification described in Note 4. Full scope audit procedures were performed over these balances.

DENNIS DILLON AUTO PARK & TRUCK CENTER 401(k) PROFIT SHARING PLAN

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the **Dennis Dillon Auto Park & Truck Center 401(k) Profit Sharing Plan** (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

Established in August 1985, the Plan is a single-employer, defined contribution plan covering all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Pension Protection Act of 2006.

The Board of Directors of the Sponsor control and manage the operations and administration of the Plan. Signature Retirement Plan Services serves as the Plan third-party administrator. American Funds Services and LPL Financial serve as the trustees and custodians of Plan assets.

Employees are eligible to participate following the completion of 60 days of service and are aged 18 or older. Employees may enter the Plan on the first day of the month following the date on which the employee satisfies the eligibility requirements.

If employed on the last day of the Plan year, employees are eligible to receive discretionary profit-sharing contributions provided they have completed 1,000 service hours in the Plan year and are age 18 or older.

Contributions

The Plan provides for the tax deferral of contributions along with savings toward retirement. Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. These contributions are limited to the maximum amounts allowed by applicable law. Participants may also contribute amounts representing lump-sum distributions from other qualified defined benefit or contribution plans.

Participants are also allowed to make rollover contributions of amounts received from other tax qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant’s direction and the Plan’s provisions. Effective January 1, 2022, the Plan was restated to allow participants to elect to designate their elective deferral as a roth contribution as well as to allow in-plan roth conversions. The Sponsor may elect to contribute discretionary matching and profit-sharing contributions as determined annually by its Board of Directors.

Participant Accounts

Each participant’s account is credited throughout the year with (a) the participant’s contribution, (b) the Sponsor’s matching contribution, (c) Sponsor’s elected profit-sharing contribution, and (d) Plan investment income and unrealized gains or losses. The Sponsor’s matching contribution is allocated based upon participant contributions. The Sponsor’s profit-sharing contribution is allocated on a uniform percentage of participant deferrals. Earnings are allocated based upon individual accounts. The benefit to which a participant is entitled is the vested account balance of the participant.

DENNIS DILLON AUTO PARK & TRUCK CENTER

401(k) PROFIT SHARING PLAN

Notes to the Financial Statements
For the Years Ended December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

Vesting

Participants are immediately vested in portions of their accounts attributed to elective deferral contributions plus actual earnings thereon. Participants become vested in Sponsor matching and profit-sharing contributions in 20% increments for each year of credited services beginning in the second year of service. A participant is fully vested in non-elective contributions after six years of credited services.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in various fund options offered by the Plan. The Plan offers 39 active mutual funds included in registered investment companies as investment options for participants as well as options to purchase common stock and money market. American Funds and LPL Financial act as trustees of the plan and holds all Plan assets.

Notes Receivable From Participants

Participants may borrow from the Plan a minimum of \$500 up to a maximum equal to the lesser of one-half of their vested account balance, or \$50,000. The loans are secured by the vested balance in the participant's account. All loans must bear interest at applicable rates as determined by the trustee at the date of the advance. These rates are commensurate with prevailing market rates as determined by the trustee. Principal and interest is paid ratably through monthly payroll deductions. All loans must have a definite repayment period which provides for payments to be made no less frequent than quarterly, and for the loans to be amortized on a level basis over a reasonable period of time, not to exceed five years. Loans to acquire a personal residence are required to be amortized on a level basis over a reasonable period of time, not to exceed 30 years.

Benefit Payments

Benefits are payable upon normal retirement age of 65, termination of employment, attainments of age 59 ½ with continued service, death, or disability. Upon termination of service due to health, disability or retirement, a participant becomes 100% vested and may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

As of December 31, 2024 and 2023, the value of forfeited non-vested accounts was **\$18,101** and **\$6,554**, respectively. These accounts can be used to reduce future employer contributions or pay Plan expenses. During the year ended December 31, 2024, **\$2,250** in forfeited non-vested accounts were used to pay plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Revenue Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to determine the fair value of shares of registered investment companies. There have been no changes in the valuation methodologies used as of December 31, 2024.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. Net appreciation/ (depreciation) for each year includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable and Allowance for Credit Losses

Employee contributions which are withheld through payroll deductions and have not been credited to the participant accounts as of the end of the fiscal year are recorded as contributions receivable. An allowance for credit losses is deemed unnecessary and is not provided as of December 31, 2024.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded. Principal and interest are paid to the Plan through payroll deductions. Notes receivable from participants are exempt party-in-interest transactions. No allowance for credit losses has been recorded as of December 31, 2024.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Expenses related to investment advisory services, management fees, and maintenance of participant accounts are paid by the Plan. Expenses related to Plan administration are paid directly by the Company and are excluded from these financial statements.

3. TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Subsequent to year end, it was discovered that the Plan experienced certain administrative issues during the plan year that, if left uncorrected, could impact the Plan's tax-exempt status. Plan management is in the process of making the necessary corrections to the Plan. However, management believes the correction of these issues is not material to the financial statements. Therefore, no provision for income taxes is included in these financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's form 5500 remains open to examination for three years from the date filed.

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value (excluding participant directed accounts)
- Interest and dividend income
- Net appreciation in fair value of investments (excluding participant directed accounts)
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note that participant directed accounts are not certified by the custodian. Full scope audit procedures were performed over those balances.

5. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement within the fair value hierarchy is based on the lowest level of inputs significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value methods used by the Plan may produce a fair value calculation not indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of investments measured on a recurring basis at December 31, 2024 and 2023 are as follows:

6. PARTY-IN-INTEREST TRANSACTIONS

Company contributions and investments are held and managed by Capital Bank and Trust Company, the Plan's Trustee, which invests cash received, interest and dividend income, and makes distributions to participants. Therefore, these transactions are considered exempt party-in-interest transactions. The Trustee also administers the payment of interest and principal on the notes receivable from participants, which is reimbursed to the Trustee through contributions as determined by the Company. Notes receivable from participants are also considered to be party-in-interest transactions.

Certain plan investments including are managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Capital Bank and Trust Company provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Sponsor and Capital Bank and Trust Company. Capital Bank and Trust Company receives revenue from mutual fund service providers for services Capital Bank and Trust Company provides to the funds. This revenue is used to offset certain amounts owed to Capital Bank and Trust Company for its administrative services to the Plan.

If the revenue received by Capital Bank and Trust Company from such mutual fund service providers exceeds the amount owed under the MSA, Capital Group remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024 there were no excess amounts. The Plan or Sponsor may make a payment to Capital Group for administrative expenses not covered by revenue sharing.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditor's report, which is the date the financial statements were available to be issued.
