Gaithersburg, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of **The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in **Note 3** to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits

of the Financial Statements section of our report. We are required to be independent of **The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust**'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust**'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of The Plan

The following description of The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a tax-exempt profit sharing plan with cash or deferred arrange (CODA) covering employees of The Scientific Consulting Group, Inc. and affiliates (the “Company” or “Plan Sponsor”) except for employees who are included in a unit of employees covered by a collective bargaining agreement, leased employees, independent contractors and nonresident aliens who receive no earned income which constitutes income from services performed within the United States. The Plan also covers employees of American Institutes for Research hired on April 1, 2014. The Plan was originally formed on January 1, 1991 and has been subsequently amended and restated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

Elective deferral contributions

Employees of the Company are eligible to participate in the Plan with no service requirements once the employee attains the age of 21. Eligible employees begin participating on the first day of the month after which the employee meets eligibility requirements set forth in the Plan provisions.

Profit sharing contributions

Employees of the Company will become a participant with respect to profit sharing contributions on the first day of the first month of the Plan Year (January 1) or first day of the seventh month of the Plan Year (July 1) coincident with or next following the date the employee attains the age of 21 and have completed one (1) year of eligible service provided the employee is an eligible employee on that date. Year of eligible service means an eligible computation period during which the employee completes at least 1,000 hours of service as defined in the Plan’s provisions. Participants are eligible to receive profit sharing contributions if the participant is employed by the Company on the last day of the Plan year. If a participant terminates with the Company due to death, disability or attainment of normal retirement age, the participant will be eligible to receive profit sharing contributions regardless of whether the participant meets any service requirements and/or last day requirement as set forth in the Plan provisions.

Notes to Financial Statements

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

Contributions

Elective deferral contributions

Each year, participants may contribute up to the maximum amount allowed by law of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan permits Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Profit sharing contributions

The Company may, in its sole discretion, make a profit-sharing contribution to the Plan on behalf of participants. Profit sharing contributions will be allocated to the Profit-Sharing Contribution Accounts of each participant eligible to share in such allocations after the end of the Plan year. Such contributions will be allocated in an amount designed by the Company to be allocated to each eligible participant.

Qualified non-elective contributions

The Company may also make additional qualified non-elective contributions for the benefit of such participants determined at the discretion of the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and qualified non-elective contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Loans to Participants

The Plan does not allow for loans to participants.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

Participants vest in profit sharing contributions and qualified non-elective contributions based on a two-to-six-year graded vesting schedule as follows:

Years of Vesting Service	Vesting Percentage
Less than Two Years	0%
Two Years but less than Three Years	20%
Three Years but less than Four Years	40%
Four Years but less than Five Years	60%
Five Years but less than Six Years	80%
Six or More Years	100%

Year of vesting service means a vesting computation period during which a participant completes 1,000 hours of service during the Plan year and considers Breaks in Service as defined in the Plan provisions.

Participants become fully (100%) vested upon employee death, disability or attainment of Normal Retirement Age while an employee.

Payment of Benefits

The Plan provides benefit payments to participants upon termination of employment, hardship, death, attainment of age 65 and five years of participant, retirement, or plan termination. Upon each event other than death, a participant may elect to receive payment in the form of a lump sum.

Terminated participants with vested account balances (excluding rollovers) less than \$1,000 (or such lesser amount as determined by the Plan Administrator) will receive a distribution directly to the participant in cash.

Terminated participants with vested account balances (excluding rollovers) more than \$1,000 (or such lesser amount as determined by the Plan Administrator) but less than \$5,000, can elect to receive a distribution in cash or have their account balance rolled over to an individual retirement plan (IRA) or qualified plan of the participant's new employer. If elections are not made timely, the Plan Administrator will have the participant's account balance rolled over to an IRA selected by the plan administrator.

Forfeitures

The Company may use forfeited non-vested accounts to restore forfeitures, reduce employer contributions, or pay reasonable Plan expenses as defined in the Plan provisions. At December 31, 2024 and 2023, there were \$26,528 and \$0 of unapplied forfeitures, respectively. These accounts will be used to reduce future employer contributions or pay reasonable Plan expenses. In 2024, \$22,471 of Plan expenses were paid from forfeited nonvested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of the financial statements in accordance with U.S. GAAP requires the Plan’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Benefits Paid

Benefit payments are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are charged directly to participant accounts by the Trustee and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Contract Asset Charges

Contract asset charges (CAC) are calculated based on total assets in the Plan and the actual amount deducted from, or credited to, a participant’s account is based on the total account balance for the Plan. The annual CAC percentage is assessed on a monthly basis. During the year ended December 31, 2024, participants’ accounts

The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

were credited with CAC which is included as other income on the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2025, the report date of these financial statements, the date these financial statements were available to be issued.

Note 3 – Certified Investments

The following information related to investments disclosed in the accompanying financial statements and ERISA-required supplement schedule, including investments held at December 31, 2024 and 2023, and net appreciation of investments and other income for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2024	2023
Statements of Net Assets Available for Benefits		
Investments:		
Investments at fair value	\$ 18,852,284	\$ 16,470,346
Investments at contract value	1,298,855	1,358,084
Total investments	<u>\$ 20,151,139</u>	<u>\$ 17,828,430</u>

Statement of Changes in Net Assets Available for Benefits

Net appreciation of investments	\$ 2,716,733
Other income	\$ 107,364

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts

The Plan's investment in pooled separate accounts determines fair value using the net asset value ("NAV") as a practical expedient, which is determined based on the underlying NAV of the pooled separate accounts. Many of pooled separate accounts invest exclusively in one underlying mutual fund traded on an established market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts*	\$ -	\$ -	\$ -	\$ 18,852,284
Total	\$ -	\$ -	\$ -	\$ 18,852,284

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts*	\$ -	\$ -	\$ -	\$ 16,470,346
Total	\$ -	\$ -	\$ -	\$ 16,470,346

*In accordance with the fair value measurement guidance, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The table below presents the fair value of those investments that determine fair value using NAV as a practical expedient:

	2024	2023
Pooled separate accounts	\$ 18,852,284	\$ 16,470,346

Pooled separate accounts are a direct filing entity with the Department of Labor, have redemption frequency and notice period daily. There are no unfunded commitments for the pooled separate accounts. The ability to exchange units of a pooled separate account may be restricted in the event that a sponsor or participant engages in trading patterns which are detrimental to the pooled separate account or underlying investment. Investment funds may be subject to certain trading restrictions. Trading restrictions apply to transfers into an investment fund. Transfers out of a pooled separate account are allowed at any time.

Note 5 – Stable Value Option Fund

Transamerica offers a stable value option fund that the participant may elect to transfer all or part of his or her funds. The contract meets the fully benefit-responsive investment contract criteria and therefore included

The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

in the financial statements at contract value as reported to the Plan by the Transamerica. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fully benefit-responsive contract is valued at contract value and omitted from fair value disclosures.

The contract value of the stable value fund at December 31, 2024 and 2023 was \$1,298,855 and \$1,358,084, respectively. These investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. There is no stated minimum or maximum interest rate for the Stable Value Option investment choices. The average crediting interest rate was approximately 2.45% and 2.10% for 2024 and 2023, respectively.

Since the stable value option fund is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable. The Stable Value Option investment choice allows a participant reasonable access to their assets. There are no unfunded commitments and the redemption frequency and notice period is daily.

Note 6 – Related-Party Transactions and Party in-Interest Transactions

Plan investments are managed by Transamerica. Transamerica is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid to Transamerica were de minimis.

Certain accounting and administrative functions of the Plan are performed by employees of the Sponsor at no cost to the Plan.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 8 – Income Tax Status

The Plan has received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, which states that the volume submitter profit sharing plan with CODA is qualified under section 401(a) of the IRC and, therefore, the related trust is intended to be exempt from federal income taxes under the applicable sections of the IRC. The Plan has been amended since the date of this opinion letter; however, the

The Scientific Consulting Group, Inc. Profit Sharing Plan & Trust

Notes to Financial Statements

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying modified cash basis statements of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023, to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$ 21,569,290	\$ 19,082,934
Add: Excess contribution payable	-	23,486
Net assets available for benefits per the Form 5500	<u>\$ 21,569,290</u>	<u>\$ 19,106,420</u>

Benefits paid to participants differ between from the Form 5500 and the financial statements due to excess contributions payable at December 31, 2023. See reconciliation for the year ended December 31, 2024:

	<u>2024</u>
