INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Southport Engineered Systems 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Southport Engineered Systems 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Southport Engineered Systems 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - Southport Engineered Systems 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2024 through September 22, 2025, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Southport Engineered Systems, LLC is the plan sponsor, employer and the plan administrator. Johnson Bank is the trustee that holds custody of plan assets, third party administrator that maintains participant records, tax counsel that performs various compliance tests, and the plan's investment advisor. Johnson Bank engages Mid Atlantic Trust Company as a sub-custodian for the plan to hold and safeguard the plan's investment assets. American Trust Retirement is used by Johnson Bank as a sub-service provider for the plan's record keeping.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold, and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds - Valued at the daily quoted market prices as reported by the fund. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

Common/collective trust - The fund is a direct filing entity valued at NAV based on the underlying unit value as reported by the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Notes to Financial Statements
December 31, 2024 and 2023

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as summarized below.

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$5,924,697	\$ -	\$ -	\$5,924,697
Total investments in the fair value hierarchy	\$5,924,697	\$ -	\$ -	\$5,924,697

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$4,517,019	\$ -	\$ -	\$4,517,019
Total investments in the fair value hierarchy	\$4,517,019	\$ -	\$ -	4,517,019

Investments measured at NAV (a)				191,009
Total investments at fair value				\$4,708,028

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

As of December 31, 2023	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$191,009	n/a	Daily	12 months

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General - The plan was established on January 1, 2010 as a defined contribution plan and has a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed 2 months of service and have reached 18 years of age. Part-time, temporary or seasonal employees scheduled to work less than 1,000 hours in their first year of employment will be eligible upon reaching age 18 and completing 1,000 hours of service within 12 months. An employee is allowed to enter the plan on the first day of the month immediately following the employee meeting the eligibility requirements.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made as follows:

- a. Participants may contribute a percentage of their annual wages or a set amount per pay period, subject to certain limitations (elective deferral contributions). The plan allows Roth elective deferral contributions.
- b. Participants may make rollover contributions to the plan from other qualified plans.
- c. Employer matching contributions may be made at the employer's discretion. To receive discretionary matching contributions, a participant must have completed 1,000 hours of service during the plan year and be employed on the last day of the plan year. These requirements are waived upon death, disability or attainment of the normal retirement age during the year to which the contribution relates. Employer matching contributions equal to 50% of the first 6% of compensation that a participant contributed to the plan during 2024 were made in one lump-sum payment in March 2025. Employer matching contributions equal to 50% of the first 6% of compensation that a participant contributed to the plan during 2023 were made in one lump-sum payment in February 2024.
- d. Employer non-elective profit sharing contributions may be made at the employer's discretion. No such contributions were made in 2024 or 2023.

Participant accounts - Contributions are remitted to the trustee who invests them in accordance with the investment options selected by the participants. The values of the investments are adjusted daily to reflect the earnings plus the fair value appreciation (depreciation). Participants are allowed to transfer funds between the various investment options and change their deferral percentage at any time.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants who were employed on May 25, 2022 are 100% vested in all employer contributions made prior to this date. For employer contributions made after May 25, 2022, participants begin vesting in employer contributions and related earnings upon completing two years of service at which time they are 20% vested. The participant then vests at a rate of 20% for each year thereafter. Upon attainment of normal retirement age, death or disability, a participant becomes 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon death, disability, retirement or termination of employment. Participants may receive their distribution in the form of a single lump sum payment, installment payments or an annuity. In-service withdrawals can commence upon reaching age 59 ½ and hardship withdrawals are also permitted under certain circumstances.

Forfeitures - Forfeitures may be used to pay administrative expenses or reduce employer contributions. Forfeitures used to reduce employer contributions were \$10,185 and \$0 in 2024 and 2023. Unapplied forfeitures were \$11,188 and \$10,185 as of December 31, 2024 and 2023.

Administrative expenses - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid using plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for distribution fees and nonparticipant directed charges for service, administrative and advisory fees. Nonparticipant directed charges are allocated to the participants on an account value basis.

Notes receivable from participants - Loans to participants are not permitted under the plan.

3. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in any employer contributions and related earnings.

4. INCOME TAX STATUS

The plan adopted the AT Retirement Services LLC non-standardized pre-approved profit sharing plan that received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain positions that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for uncertain positions taken and determined that the plan was not required to recognize any tax liabilities (or assets) related to uncertain positions taken as of December 31, 2024 and 2023. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

5. PARTY-IN-INTEREST TRANSACTIONS

Johnson Bank is the custodian of plan assets, the trustee and investment agent for the plan and, therefore, these transactions qualify as party-in-interest transactions. The plan has an administrative services agreement with Johnson Bank in which Johnson Bank provides certain administrative services to the plan. Johnson Bank receives revenue from the mutual fund service providers for services Johnson Bank provides to the funds. This revenue is used to offset certain amounts that would otherwise be owed to Johnson Bank for its administrative services to the plan. The plan pays Johnson Bank for certain other service fees that are not covered by the revenue sharing provisions per the administrative services agreement. Direct fees paid by the plan to Johnson Bank were \$31,000 in 2024 and \$30,000 in 2023. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. INFORMATION CERTIFIED BY THE TRUSTEE

Management has obtained certifications from Johnson Bank, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held for the plan and the fair values of such as of December 31, 2024 and 2023;
- b. Dividend income and net appreciation (depreciation) in fair value of investments during 2024 and 2023;
- c. Contributions to, withdrawals from, purchases, sales and transfers between investment accounts during 2024 and 2023; and
- d. Individual participant account statements as of and for the years ended December 31, 2024 and 2023.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As discussed in Note 1, the plan follows the accrual method of accounting for financial statement purposes. The Form 5500 is prepared on a cash basis. As a result, the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended differ from the Form 5500. The following are reconciliations.

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$6,154,012	\$4,910,835
Less: Employer matching contributions receivable	(229,315)	(202,807)
Net assets available for benefits per Form 5500	<u>\$5,924,697</u>	<u>\$4,708,028</u>
	<u>2024</u>	<u>2023</u>
Changes in net assets available for benefits per the financial statements	\$1,243,177	\$ 955,674
Plus: prior year employer matching contributions receivable	202,807	-
Less: current year employer matching contributions receivable	(229,315)	(202,807)
Net income per Form 5500	<u>\$1,216,669</u>	<u>\$ 752,867</u>
