(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ERNST AND YOUNG LLP

(2) EIN: 34-6565596

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X

Report of Independent Auditors

To the Trustees and Participants of
GM Financial Employees 401k Plan:

Opinion

We have audited the financial statements of the GM Financial Employees 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are

presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN

The following description of the GM Financial Employees 401k Plan (“Plan”) provides only general information. The Plan is sponsored by General Motors Financial Company, Inc. (“Company”). Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution 401(k) plan available to qualifying employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”), as amended.
2. Plan Trustee - T. Rowe Price Trust Company (“Trustee” or “TRP”) is the trustee, custodian and administrator of Plan assets.
3. Eligibility - Employees age 18 or older are eligible to participate in the Plan effective on the first day of the next payroll period coincident with or subsequent to the date of employment.

Participation in the Plan as a contributing participant ceases upon termination of the participant’s employment. If the participant’s balance is over \$7,000 they may leave it in the Plan after employment ceases.

4. Contributions - Participants may contribute up to 50% of their eligible annual compensation as defined in the Plan in the form of either pre-tax or Roth contributions, subject to the annual Federal limit of \$23,000 in 2024. Eligible participants age 50 or over may make additional catch-up contributions up to the statutory limit of \$7,500 in 2024. Eligible participants are automatically enrolled at a 3% contribution rate which may be changed at their discretion to 0% if they choose not to contribute to the Plan. In addition, a participant’s contribution rate is automatically increased by 1% annually based on enrollment date, until the participant’s contribution reaches 6%. At their discretion, participants are allowed to decline the automatic increase.

The Company provides discretionary matching contributions to the Plan. The discretionary matching contribution was 100% of the first 5% of each participant’s deferral contribution for the 2024 Plan year. Participants are entitled to receive Company matching contributions, which are funded on a bi-weekly basis, provided they did not terminate employment for reasons other than death or retirement.

Combined Company and participant contributions may not exceed \$69,000 (\$76,500 including catch-up contributions) per participant in 2024.

5. Vesting - If a participant terminates employment due to retirement, death or disability, the participant will be 100% vested in their account. If a participant terminates

employment prior to normal retirement age for any reason other than death or disability, Company matching contributions and any earnings thereon are subject to vesting requirements based upon years of service of 1,000 hours or more. Participants become 33% vested in Company matching contributions and related earnings thereon upon completion of one year of service and 67% vested in Company matching contributions and related earnings thereon upon completion of two years of service. Participants are fully vested upon completion of three years of service.

6. Participants' Accounts - A participant's account is credited with the participant's contributions, Company matching contributions and allocations of investment earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

The Plan allows participants to convert certain monies in their account not already attributable to Roth 401(k) contributions to In-Plan Roth Rollover contributions.

7. Payment of Benefits - Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution or installment payments under various options. In the event of death of the participant, the beneficiary shall receive a lump sum distribution. Lump sum distributions are required on all accounts of terminated participants that are less than \$7,000. The participant or designated beneficiary is entitled to receive benefits equal to the vested balance in the participant's account.
8. Forfeitures - Unallocated forfeited balances as of December 31, 2024 and 2023, were \$1,649,982 and \$2,503,731 respectively. Forfeited nonvested accounts of \$1,642,633 were used to reduce Company matching contributions for the 2024 Plan year.
9. Investment Options - Upon enrollment in the Plan, a participant can direct their contributions in whole percent increments in any of the available investment options, including mutual funds and common trust funds. Participants that do not make investment selections have their contributions invested in the Plan's default investment option, which a target retirement date fund is coinciding with the participant's expected retirement date. Employer matching contributions are invested in the same investment options and ratios as participant contributions.
10. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum loan term is five years for general purpose loans and 10 years for housing loans. The loans are secured by the balance in the participant's account and bear interest at prime plus 2% (at December 31, 2024 interest rates ranged from 5.25% to 10.5%).

Principal and interest are repaid ratably through bi-weekly payroll deductions and are invested in the same discretionary investment options that the participant has currently selected for their savings option.

Outstanding loan balances due from terminated participants are deemed distributed to the participant at the time of termination unless that balance is either paid by the participant or the participant negotiates repayment terms. The Plan allows terminated participants with account balances remaining in the Plan to repay their loans through direct payments to TRP.

11. Hardship Distributions - Participants may receive hardship distributions from their vested account balances if they meet the Plan's and IRC's definition of having an immediate and serious financial need and have previously obtained all other available distributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting - The accompanying financial statements have been prepared under the accrual method of accounting in accordance with Generally Accepted Accounting Principles in the United States of America ("GAAP").
2. Use of Estimates - Preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Contributions and Contributions Receivable - Contributions are recorded on the accrual basis. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company. Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.
4. Payment of Benefits - Benefits are recorded when paid.
5. Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2025.
6. Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded when earned and is based on the underlying interest rate and outstanding balance of the note receivable. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.
7. Administrative Expenses - The Trustee is responsible for both the management and record keeping of the Plan's assets. Trustee administrative expenses are generally paid directly to the Trustee by the Company and are not a component of the Plan. Administrative expenses are also charged for the administration of certain investment options. These Plan expenses are allocated to participants' accounts.

8. Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
9. Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for further discussion and disclosures related to fair value measurements.

Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

10. Accounting Standards Codification ("ASC") 820, Fair Value Measurement and Disclosures, ("ASC 820"), as amended, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The fair value measurement level for an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's policy is to transfer investments between the levels of the fair value hierarchy at the beginning of the year based upon changes to observable inputs that are significant to the overall fair value measurements.

C. FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission, actively traded and valued at the daily closing net asset value (NAV) as reported by the investment manager. All of the Plan's mutual fund investments are classified within Level 1 of the fair value hierarchy.

In accordance with GAAP, investments measured at NAV as a practical expedient have not been classified in the fair value hierarchy.

The investments in Common Collective Trusts (CCTs) are valued at NAV as a practical expedient as determined by the trustee based on the fair value of the respective underlying securities held less any liabilities. The CCTs calculate NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 Financial Services – Investment Companies. This practical expedient would not be used if it is determined to be probable that the CCTs could sell the investment for an amount different from the reported NAV.

There have been no changes in the methodologies used at December 31, 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. There were no transfers between the fair value hierarchy levels during 2024.

	Assets at Fair Value at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$360,618,787	-	-	\$360,618,787

Investments at fair value				<u>\$1,038,515,773</u>

Assets at Fair Value at December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$300,226,925	-	-	\$ 300,226,925
<hr/>				
Total assets in fair value hierarchy	\$300,226,925	-	-	\$ 300,226,925
<hr/>				
Investments measured at net asset value- Common Collective Trust				\$ 586,748,967
Investments at fair value				<u>\$ 886,975,892</u>

The investment objectives of the Target Date Fund Common Collective Trusts are to invest in highly diversified funds designed to remain appropriate for investors in terms of risk throughout a variety of life circumstances. These common/collective trust funds share the common goal of growing and then later preserving principal. There are currently no redemption restrictions on these investments.

The investment objective of the Cohen & Steers Collective Investment Trust is to seek to achieve maximum total return by outperforming its benchmark over the long term. The Fund seeks to meet its investment objective by investing in a diversified portfolio of common stocks of real estate companies and other permitted investments. For withdrawals initiated by a Participating Plan in excess of twenty percent (20%) of such Participating Plan's investment in a Fund, the Participating Plan must notify the Trustee directly, in writing, five business days (or such other period as may be specified in the applicable Disclosure Memorandum) prior to the applicable Withdrawal Date.

The investment objective of the Stable Value Fund Common Collective Trust is to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawal at contract value for certain events without penalty or adjustment. There are currently no redemption restrictions on these investments. Retirement plans are required to provide either 12 or 30 month advance notice prior to redemption of SVF units, other than for permitted participant withdrawals, depending on the Plan's percentage ownership interest of the SVF and the initial date of investment. The notice period may be shortened or waived by the SVF trustee in its sole discretion.

As of December 31, 2024 and 2023, participants can readily redeem mutual fund shares and units of the CCTs without notice. As of December 31, 2024, and 2023, the Plan did not have any unfunded commitments.

D. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain mutual funds and the common trust investments held by the Plan are managed by an affiliate of TRP. TRP is the Trustee of the Plan and, therefore, these investments and related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. The aggregate fair value of the related party and party-in-interest transaction managed by TRP was \$918,299,979 and \$793,614,328, which

includes \$20,129,521 and \$17,314,927 of loans receivable from participants which are administered by TRP, at December 31, 2024 and 2023, respectively.

T. Rowe Price provides certain administrative services to the Plan pursuant to a Plan Recordkeeping Agreement between the Company and T. Rowe Price. T. Rowe Price receives revenue from mutual fund and collective trust fund service providers for services T. Rowe Price provides to the funds. This revenue is used to offset certain amounts owed to T. Rowe Price for its administrative services provided to the Plan.

If the revenue received by T. Rowe Price from such mutual fund or collective trust fund service providers exceeds the amount owed under the Plan Recordkeeping Agreement, T. Rowe Price remits the excess to the Plan's trust. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of participants. During 2024, there was an immaterial excess amount used to offset administrative expenses. The Plan or the Company may make a payment to T. Rowe Price for administrative expenses not covered by sharing of the excess revenue.

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will become fully vested and non-forfeitable.

F. TAX STATUS

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated August 19, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by various taxing jurisdictions. There are no audits for any tax periods in progress.

G. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of distributions paid to participants per the financial statements to benefit payments per Form 5500 for the year ended December 31, 2024:

Distributions paid to participants per the financial statements	\$76,802,488
Less: Deemed distributions of participant loans shown separately on Form 5500	<u>(1,567,269)</u>
Benefit payments per Form 5500	<u>\$75,235,219</u>

H. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 29, 2025, which is the date these financial statements were available to be issued.
