INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The Fisher Barton Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of The Fisher Barton Group Retirement Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

ERISA-Required Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Fisher Barton Group Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The Fisher Barton Group Retirement Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2024 through September 9, 2025, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Fisher-Barton, Inc. is the plan sponsor, plan administrator and employer. Accurate Specialties, Inc., Fisher Barton Blades, Inc., Fisher-Barton Specialty Products, Inc., Thermal Spray Technologies, Inc., Zenith Cutter, Inc. and Fisher Barton Technology Center, Inc. are participating employers. The participating employers are collectively referred to as "the employer". Fidelity Management Trust Company is the trustee that holds custody of the plan's investment assets. Fidelity Workplace Services LLC is the record-keeper that maintains plan and participant records, and tax counsel that performs various compliance tests. The two related entities are collectively referred to as "Fidelity". Francis Investment Counsel LLC is the plan's investment advisor.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Earnings, including the net appreciation (depreciation) in fair value of investments bought, sold and held, during the years is reflected in the statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Descriptions of the valuation methodologies used for investments measured at fair value are as follows:

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value ("NAV") and are deemed to be actively traded.

The Fisher Barton Group Retirement Plan

Notes to Financial Statements
December 31, 2024 and 2023

Common/collective trust - The plan invests in the Galliard Stable Return Fund C which is a direct filing entity that is managed by SEI Trust Company. The plan values this investment at NAV based on the underlying unit value as reported by the collective/collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the plan intends to sell the investment for an amount different from the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below:

Investments at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$36,325,256	\$ -	\$ -	\$36,325,256
Total investments in the fair value hierarchy	\$36,325,256	\$ -	\$ -	36,325,256
Investment measured at NAV (a)				2,828,708
Total investments at fair value				\$39,153,964

Investments at fair value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$31,438,444	\$ -	\$ -	\$31,438,444
Total investments in the fair value hierarchy	\$31,438,444	\$ -	\$ -	31,438,444
Investment measured at NAV (a)				3,097,350
Total investments at fair value				\$34,535,794

(a) In accordance with GAAP, certain investments that are measured using the NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes the investment for which fair value is measured using the NAV as a practical expedient. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the plan.

As of December 31, 2024	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$2,828,708	n/a	Daily	12 months
As of December 31, 2023	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	\$3,097,350	n/a	Daily	12 months

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established on August 1, 1984 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed one month of service and have reached age eighteen. An employee can enter the plan on the first of the month following the date the plan's eligibility requirements are met.

Contributions - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contributions). The plan also allows Roth elective deferral contributions. Newly eligible employees are automatically enrolled in the plan and have 8% of their compensation withheld as elective deferral contributions. Such participants have the option to increase, decrease or stop the deferral at any time by completing the necessary documentation.
- b. Rollover contributions are accepted by the plan from other qualified plans.
- c. Employer matching contributions may be made equal to a discretionary percentage as determined by the plan sponsor's board of directors. Employer discretionary matching contributions were made equal to 50% up to 8% of the employees' eligible compensation contributed to the plan as elective deferral contributions in 2024 and 2023. Employer discretionary matching contributions were funded on a quarterly basis. Beginning in January 2024, employer discretionary matching contributions are funded coinciding with each pay period with an annual true up contribution.
- d. Non-elective employer contributions are allowed at the discretion of the plan sponsor's board of directors. There were no such contributions made in 2024 and 2023.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant account is credited with the participant's elective deferral contributions, rollover contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options daily and change deferral percentages at any time.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants become 20% vested in their employer contributions and related earnings upon one year of service. The participants then vest 20% per year thereafter. Upon death, disability or attainment of normal retirement age (defined as age 65) while still employed, participants become 100% vested.

Payment of benefits - Benefits are recorded when paid. Benefit payments may commence upon termination, death, disability or retirement. Participants may receive their distribution in the form of a lump sum or installment payments. In-service withdrawals may commence upon attaining the age of 59½. Hardship withdrawals are permitted under the plan in certain circumstances.

Forfeitures - Forfeited nonvested accounts may be used to reduce employer contributions or pay plan administrative expenses. Forfeitures used to reduce the employer discretionary matching contributions were \$85,000 in 2024 and \$118,000 in 2023. Forfeitures used to pay plan administrative expenses were \$73,000 in 2024 and \$55,000 in 2023. Unapplied forfeitures were \$143,000 and \$66,000 as of December 31, 2024 and 2023.

The Fisher Barton Group Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

Administrative expenses - Certain administrative expenses of the plan are paid by the employer. Certain other administrative expenses were paid by the plan from plan assets and are recorded as administrative expenses in the accompanying financial statements. Such expenses included participant directed charges for loan and distribution fees and non-participant directed charges for service, administrative and advisory fees. The nonparticipant directed charges, not paid using forfeiture amounts, are allocated to participants on an account value basis.

Notes receivable from participants - Participants may take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is \$1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or \$50,000. Participants may only have one loan outstanding at any given time. The repayment term generally cannot exceed 5 years except when the loan was for the purchase of a principal residence. As of December 31, 2024, the notes receivable from participants had repayment schedules through April 2036 with interest rates ranging from 4.25% to 9.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY-IN-INTEREST TRANSACTIONS

Fidelity is the plan trustee that holds custody of the plan's investment assets and manages the plan's investment offerings. As such, transactions between Fidelity and the plan qualify as party-in-interest transactions. The plan has an administrative services agreement with Fidelity in which Fidelity provides certain administrative services to the plan. Fidelity receives indirect compensation from mutual fund service providers for services they provide to the funds. The indirect compensation is used to offset certain amounts that would otherwise be owed to Fidelity by the plan for its administrative services to the plan. The plan also pays Fidelity for certain other services that are not covered by the indirect compensation received by Fidelity under the administrative services agreement. These direct fees paid to Fidelity were \$78,000 in 2024 and \$73,000 in 2023.

Notes receivable from participants transactions also qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of the plan termination, participants would become fully vested in their employer contributions and related earnings.

5. INCOME TAX STATUS

The plan is operating under a FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan with CODA ("the FMR plan") which received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the FMR plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan; however, the plan administrator and tax counsel believe that the plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2024 and 2023. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY FIDELITY

Management has obtained certifications from Fidelity, a qualified institution under the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Investments held by the plan and the fair values of such and notes receivable from participants as of December 31, 2024 and 2023;
- b. Dividends from investments, the net appreciation (depreciation) in fair values of investments and interest income from notes receivable from participants during 2024 and 2023;
- c. Contributions to, withdrawals from, investment income (loss), purchases, sales and inter-fund transfers between accounts during December 31, 2024 and 2023.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

As discussed in Note 1, the plan follows the accrual method of accounting for financial statement purposes. The 2024 and 2023 Form 5500s were prepared on a cash basis. As a result, the accompanying financial statements differ from the Form 5500s. Reconciliations are as follows:

	2024	2023
Net assets available for benefits per the financial statements	\$39,978,722	\$35,562,867
Employer discretionary matching contributions receivable	-	(186,913)
