Hyatt Corporation Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hyatt Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HYATT CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following is a brief description of the Hyatt Corporation Retirement Savings Plan (the Plan) sponsored by Hyatt Corporation (the Company). Participants should refer to the plan document for a more complete description of the provisions.

General: The Plan is a defined contribution plan covering certain eligible full-time and part-time employees of the Company. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who are not covered by a collective bargaining agreement and those covered by a collective bargaining agreement that specifically provides for coverage under the Plan are eligible to participate in the Plan on the 30th day of service. Employees are eligible to receive an Employer matching contribution in the month in which they reach 12 consecutive months of employment. This requirement must only be met once for purposes of initial eligibility for the plan.

Employee Contributions: Participants may elect to contribute, on a pre-tax or after-tax (Roth) basis, up to 75% of their eligible compensation, not to exceed the limitations established by the Internal Revenue Code (IRC), which was \$23,000 in 2024. Eligible participants age 50 or over were also permitted to elect to make catch-up contributions of up to \$7,500 in 2024. Participants can also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective June 1, 2024, any employees who become eligible for the Plan on or after that date will be automatically enrolled into the Plan at a pre-tax deferral rate of 1%, unless they opt out or elect a different rate. That deferral rate will automatically increase by 1% on March 1st of each subsequent year, unless the participant opts out or elects otherwise.

Employer Contributions: The Company provides a matching contribution during each pay date equal to 100% of that portion of the participant's pre-tax and Roth contributions for such payroll period not exceeding 3% of the participant's eligible compensation, plus 50% of the participant's pre-tax and Roth contributions that are between 3% and 5% of the participant's eligible compensation for such payroll period. Participants that retire, die, or become disabled are also eligible for the matching contribution. In no event shall the contributions credited to a participant's account for any plan year exceed the allowable deduction for federal income tax purposes.

Vesting: Participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon.

Participant Accounts: Participant account balances are maintained to reflect each participant's respective interest in the Plan's investments. Participant account balances are increased by employee and employer contributions. Income and losses on plan assets and investment fund administrative expenses are allocated to participants' accounts based upon the ratio of each participant's account balance invested in an investment fund to the total of all participants' account balances invested in that fund. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Each participant may direct their account in any of several investment options available under the Plan.

HYATT CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants: The plan administrator, in accordance with the plan agreement, may approve notes to participants ranging from \$1,000 to \$50,000, reduced by the highest outstanding balance over the past year, provided such notes do not exceed 50% of the participant's existing account balance for employee and rollover contributions. Interest on notes is based upon the prime lending rate plus 1%. This rate will be updated the next business day after a new prime rate is published. Notes used to purchase a primary residence can be repaid over a ten-year period or less. All other notes can be repaid over a five-year period or less.

Payment of Benefits: Benefits are payable in the form of a single lump-sum payment from a participant's account under the Plan upon a participant's death, retirement, disability, or other termination of employment. For reasons other than death, participants may also elect a distribution in the form of partial withdrawals or installment payments. Prior to termination, participants can also take a hardship withdrawal should they demonstrate an immediate and heavy financial need as defined in the plan document. Additionally, effective June 1, 2024, participants can take an emergency personal expense withdrawal for purposes of meeting unforeseeable or immediate financial needs related to necessary personal or family emergency expenses as defined in the plan document. Participants may elect to withdraw all or part of their after-tax contributions (allowed prior to May 1, 1989) and earnings thereon in accordance with the terms of the plan agreement. Any active or inactive participant may withdraw any portion of their vested accounts once they attain age 59 ½. Additionally, any active participant may withdraw all or part of their account attributed to rollover contributions at any time.

Effective June 1, 2024, the Plan was amended to increase the minimum small balance account threshold from \$5,000 to \$7,000. For terminated participants with a vested account balance of this dollar amount or less, a distribution from the Plan can be made without consent from the participant in the form of a rollover into individual retirement arrangement (IRA), unless the participant elects otherwise. For any account balance exceeding this amount, the participant must consent to receive a distribution.

Additionally, if the participant's vested account balance includes employer money purchase contributions and/or after-tax contributions attributable to plan years prior to 1997, they are able to receive their distribution in the form of a single-life annuity for unmarried participants and a joint and survivor annuity for married participants, unless they elect otherwise.

Retirement Benefits: Normal retirement is the employee's 65th birthday. Early retirement is defined as age 55 or older providing the sum of the participant's age and years of service equals or exceeds 65.

Plan Transfers: In 2024, assets were transferred between the Plan and various Hyatt retirement plans. This transfer activity was due to the employment status change of certain employees moving between different positions and/or hotel locations

Administrative Expenses: Administrative expenses necessary for the operation of the plan are deducted directly from participant accounts on a quarterly basis at a flat dollar fee. Certain plan-related expenses may be paid by the Company at its discretion.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(Continued)

HYATT CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements and actual results may differ from those estimates.

Risks and Uncertainties: The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity, credit risks as well as the risks associated with global events. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by T.Rowe Price Trust Company (the trustee of the Plan).

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

(Continued)

HYATT CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trusts: The fair values of participation units held are based on their net asset values, as reported by the fund managers of the collective trusts, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. There are no redemption restrictions or advanced notice requirements other than those summarized below:

The T. Rowe Price Stable Value Trust Fund's units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the trust. Plans invested in the trust may be required to provide either 12- or 30-month advance written notice to the trustee prior to redemption of the trust units; the notice period may be shortened or waived by the trustee in its sole discretion.

The T. Rowe Price Retirement Active Trust Funds' units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the trust. Plans invested in the trust may be required to provide 30-day advance written notice to the trustee prior to redemption of the trust units; the notice period may be shortened or waived by the trustee in its sole discretion.

Units of the Pioneer Bond Fund Trust and the MFS Mid Cap Value Fund Trust may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the Trusts. Plans invested in these trusts are required to provide 5-day advance written notice to the trustee prior to redemption of trust units greater than \$1 million.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain management and legal services are provided to the Plan by the Company without charge to the Plan. Additionally, certain fees are paid by the Company for administration of the Plan. Recordkeeping and certain administrative and investment advisory/consulting fees are paid through the Plan by the individual participants. Any fees paid from the plan to its service providers qualify as party-in-interest transactions. Additionally, at December 31, 2024 and 2023, the Plan held investments that were managed by T. Rowe Price Trust Company, the trustee of the Plan, or an affiliate of the trustee. These investments and notes receivable from participants qualify as party-in-interest transactions. Investment management fees are also paid by the Plan to parties in interest and are reflected as a reduction of the investment returns earned by the Plan on its investments.

HYATT CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 6 - TAX STATUS

The Plan obtained its latest determination letter, dated May 5, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the determination letter, however, the plan administrator believes that the Plan is designed and is being operated in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan, subject to provisions set forth in ERISA. Upon termination of the Plan, as all participants are fully vested, they will be eligible to receive the fair value of their account balance. Additionally, all appropriate accounting provisions of the Plan shall continue to apply until the benefits of all participants have been distributed to them.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 5, 2025, which is the date the financial statements were available to be issued.
