INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Robert Walters Associates Inc. 401 (K) Plan
New York, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Robert Walters Associates Inc. 401 (K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Robert Walters Associates Inc. 401 (K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Robert Walters Associates Inc. 401 (K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert Walters Associates Inc. 401 (K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Robert Walters Associates Inc. 401 (K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert Walters Associates Inc. 401 (K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ROBERT WALTERS ASSOCIATES INC. 401K
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

NOTE A - DESCRIPTION OF PLAN

The following description of the Robert Walters Associates Inc. (“The Company”) 401(k) (“The Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all Company employees who have reached the age of twenty-one and the salary deferral contributions commence on the first of the month following one month of service. The eligibility for employer’s profit sharing, qualified matching contributions, and safe harbor contribution is the first of the month following one year of service, 1000 hours and age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute to the lesser of 100% of pretax elective deferrals subject to annual limits announced by the Internal Revenue Service, or participants may make Roth Elective Deferrals as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company will make a Safe Harbor Matching Contribution equal to 100% on the first 3% of participants’ eligible earnings that defer as an Elective Deferral and an additional 50% on the participants’ deferrals that are greater than 3%, but less than or equal to 5% of the participants’ compensation.

The Company may decide to make a Profit Sharing Contribution to the Plan, although the Company is not required to do so. The Profit Sharing Contribution will be allocated to all employees eligible to participate in the Plan. Participants’ share of the Profit Sharing Contribution is in proportion to their eligible earnings compared to the eligible earnings of the other employees who will also share in the contribution. The Profit Sharing Contribution, if made, will be allocated as of the end of each Plan Year based on eligible earnings within the computation period.

The Company may also decide to make Qualified Nonelective Contributions (QNECs) to the Plan to satisfy special testing rules that apply to the Plan. The amount of the QNEC, if any, will be determined each year by your Employer. These contributions will be allocated to a select group of Participants and will always be fully vested.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A - DESCRIPTION OF PLAN (Continued)

Vesting - Participants are immediately vested in their Elective Deferral, Safe Harbor Matching, Qualified Non-Elective Contribution and Rollover (if any) contribution accounts. If participants leave the Company for any other reason, they will be vested in their Profit Sharing Contributions according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 3 years	0%
3 Years of more	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants can have up to 2 active loans at any time. The loans are secured by the balance in the participant's account and bear interest rate as published in The Wall Street Journal, prime rate plus 1%. Principal and interest are repaid through bi-weekly payroll deductions.

Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of your primary residence. Loans used to purchase primary residence may be repaid within a period of no more than 30 years. Participants may prepay an outstanding loan in full, by certified check, at any time.

If participants terminate Employment, any remaining payments are due immediately unless they are a party in interest. If they qualify as a party in interest they may continue to repay their loan after termination of Employment. If they do not repay the loan, the outstanding loan balance will be included in their gross income for federal income tax purposes as if it were distributed to them. If they die with an outstanding loan balance, their death will cause their loan to be in default, and their outstanding loan balance will be regarded as if it were distributed to them.

If participants enter into a period of military leave, their loan repayments will be suspended for the duration of their leave. If they enter into a leave of absence without pay, or at a rate of pay (after employment and income tax withholding) that is less than their required loan installments, their loan repayment obligation will be suspended for up to one year (or until the date your final loan payment is due, if earlier). If they do not resume repayments within any administrative grace period provided under the ADP Prototype Program after they return from a leave of absence (or when the suspension of their repayment obligation ends, if earlier, as explained in this paragraph), their loan will be in default and will be included in their gross income for federal income tax purposes as if it were distributed to them.

Distributions - Participant accounts are distributable, in full or as partial withdrawals, in the form of a lump sum payment or substantially equal installments of cash or in whole shares of Company securities as elected by the participant upon retirement, termination of employment, death, disability, financial hardship, attainment of age 59-1/2, or if a qualified reservist is called to active military duty. Participant account balances of less than \$1,000 are automatically distributed in a single lump sum; balances between \$1,000 to \$5,000 are rolled into an individual retirement account ("IRA") or another qualified defined contribution plan. Participant distributions may not be deferred past April 1 of the calendar year following the year in which the participant attains age 72.

NOTE A - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts - If participants terminate employment before becoming 100% vested in their account balance but do not take a distribution from the Plan, the non-vested portion of their account balance will be forfeited as of the date the participants have five consecutive Breaks in Service. These accounts will be used to reduce future employer contributions and reimbursement of professional fees.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits - Benefits are recorded when paid except for any excess contributions payable to participants, which are recorded as they become payable.

Risks and Uncertainties - The Plan provides for various investment options in a combination of different investment securities. The Plan's investments are exposed to various risks, including, but not limited to, interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are not reflected within the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of the fair value of investments.

NOTE C– INVESTMENT CERTIFICATION BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan. The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the U.S. Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Ascensus LLC have certified the completeness and accuracy of all investments and related investment activity in the accompanying financial statements and in the supplemental schedule of assets (held at end of year) and the supplemental schedule of reportable transactions.

	<u>2024</u>	<u>2023</u>
Statement of net assets available for benefits:		
Investments:		
Mutual Funds, at fair value	\$ 7,983,575	\$ 6,836,747
Stable value funds, at contract value	<u>522,988</u>	<u>500,421</u>
Total investments	<u>\$ 8,506,563</u>	<u>\$ 7,337,168</u>
Notes receivable from participants	<u>\$ 90,148</u>	<u>\$ 111,344</u>
	<u>2024</u>	
Statement of changes in net assets available for benefits - investment income:		
Interest and dividend	\$ 175,319	
Net appreciation in fair value of investments	854,608	

Supplemental Schedule: All investment balances and information are included in the supplemental schedule of assets (held at the end of the year).

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

NOTE D - INVESTMENTS AND FAIR-VALUE MEASUREMENT

The Plan accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of our fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 - Quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies. Quoted prices for *similar* instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations the significant inputs for which are observable.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Accordingly, the following table presents for each of these hierarchy levels, the Plan's financial assets that are measured at fair value on a recurring basis at December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
2024:				
Mutual funds	\$ 7,983,575	\$ -	\$ -	\$ 7,983,575
Total assets in the fair Stable Value Fund*	<u>\$ 7,983,575</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,983,575</u> 522,988 <u>\$ 8,506,563</u>
2023:				
Mutual funds	\$ 6,836,747	\$ -	\$ -	\$ 6,836,747
Total assets in the fair Stable Value Fund*	<u>\$ 6,836,747</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,836,747</u> 500,421 <u>\$ 7,337,168</u>

* Due to the various unique investments that may be allowed in a stable value fund, and the various redemption restrictions that may be imposed, a plan sponsor should individually review the prospectus and operations of each of these types of investment options. Per US GAAP guidance, investments which use a net asset value per share (NAV) practical expedient for fair value measurement, as defined in ASC 820, should be removed from the leveling table and shown as a reconciling item. In general, the use of the practical expedient requires that the NAV is not publicly available.

NOTE E – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated, June 1, 1998 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

The Company, the participants, Ascensus LLC, the trustee and the third-party plan administrator, Dayforce Inc., the payroll service company, and the auditors have all been identified as parties-in-interest. The Plan invests in shares of mutual funds, and a stable value fund managed by the trustee. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Participant loans also qualify as party-in-interest and related party transactions, which are exempt from the prohibited transaction rules. Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest transactions. The Company has a Master Service Agreement with the Trustee. The Plan pays for the services of the trustee through net fees charged to the participants in the Plan.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE H – SUBSEQUENT EVENTS

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)			
4a			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d			
e Was this plan covered by a fidelity bond?			
4e			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?			
4f			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)			
4i			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k			
l Has the plan failed to provide any benefit when due under the plan?			
4l			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... Yes No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.
