Report of Independent Auditors

The Plan Administrator
Lexicon Pharmaceuticals, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lexicon Pharmaceuticals, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Shape the future
with confidence**

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

**Shape the future
with confidence**

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Shape the future with confidence

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Shape the future
with confidence**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lexicon Pharmaceuticals, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024

1. Description of the Plan

General

The following description of the Lexicon Pharmaceuticals, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

The Plan was adopted on January 1, 1996, for the exclusive benefit of eligible employees of Lexicon Pharmaceuticals, Inc. and Lexicon Pharmaceuticals (New Jersey), Inc. (collectively, the Company). The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility and Contributions

All employees, except summer interns, are eligible to participate in the Plan upon either the latter of their employment date by the Company or attainment of age 21. Employees are eligible to contribute to the Plan on the first day of the month after their hire date.

Participants' contributions cannot be less than 1% or more than 60% of their annual compensation up to the maximum deferrable amount (\$23,000 for 2024) allowed by the Internal Revenue Service (the IRS). The Plan also allows participants to irrevocably designate a portion or all of their deferral contributions as Roth deferral contributions.

Participants who are age 50 and over and have reached the annual IRS limit for the year may make additional salary deferral pretax contributions to the Plan, up to the IRS catch-up provision limit (\$7,500 for 2024).

Participants may also contribute rollover contributions representing distributions from other qualified retirement plans and Roth direct rollover contributions to the Plan. The total of all contributions cannot exceed the maximum deferrable amount allowed by the IRS.

The Company contributes a matching contribution equal to 100% of participant contributions up to 4% of eligible compensation. The Company may also contribute additional amounts at its sole discretion. No discretionary amounts were contributed in 2024.

Participants direct the investment of their accounts into various investment fund options offered by the Plan.

Lexicon Pharmaceuticals, Inc. 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in the Company's contributions based on years of service with the Company. Employer contributions and actual earnings thereon vest over a four-year period at 25% per year.

The Plan provides for a participant to be fully vested upon death, permanent disability, or the participant's normal retirement date. The Plan also provides that forfeitures, if any, may be used to reduce the amount of the Company's future contributions or plan expenses.

Benefit Payments

Upon death, permanent disability, or retirement, a participant may receive a lump-sum amount equal to the value of his or her vested account, net of any outstanding loans. Terminated employees are not required to withdraw amounts from their plan accounts if such accounts are greater than \$1,000.

Vested contributions and earnings are automatically distributable under the required minimum distribution rules in the year following the year in which the participant attains 73 years of age or upon the participant's death, whichever is earlier. If termination of employment occurs for any reason other than death, the participant's account will become distributable either at 73 years of age as described above or upon an election for distribution filed with the plan administrator at any time following the participant's termination of employment.

Participant Loans

Participants may borrow from the Plan a minimum of \$1,000 and a maximum of the lesser of \$50,000 reduced by the highest outstanding loan account balance in the participant's account during the prior 12-month period or one-half of his or her vested account balance. Loans bear interest at the prevailing interest rates charged by lending institutions for similar loans. Loans are to be repaid over a period not to exceed five years except in instances where the loan is to be used for the purchase of a participant's primary residence. The period is established at the inception of the loan. All loan transactions are considered an investment of the participant's account; therefore, any interest income will be credited directly to the participant's account.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue contributions and terminate the Plan subject to the provisions of ERISA. In the event of such termination, all participants become 100% vested in all balances and benefits will be distributed in accordance with the provisions of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fidelity Management Trust Company (FMTC) serves as the Plan's trustee and holds all investments of the Plan. The Plan's investments are stated at fair value. Shares of mutual funds are valued based on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Common/collective trust funds are valued at the NAV practical expedient. Common stocks are valued at the closing price reported in the active market in which the individual securities are traded. See Note 4 for further discussion and disclosures related to fair value measurements.

2. Summary of Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan provides for investments in various investment securities that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported on the statements of net assets available for benefits and participant account balances.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest income on notes receivable from participants, and investment income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by FMTC.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). Financial assets recorded at fair value on the statements of net assets available for benefits are categorized by the level of objectivity associated with the inputs used to measure their fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Lexicon Pharmaceuticals, Inc. 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

The following tables set forth, by level within the fair value hierarchy, the Plan’s assets carried at fair value:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
December 31, 2024				
Mutual funds	\$ 59,221,281	\$ –	\$ –	\$ 59,221,281

Investments measured at NAV:				
Common/collective trust fund ^(a)				2,415,466
				<u>\$ 61,215,735</u>

(a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2024	2023
Net assets available for benefits per the financial statements	\$ 65,139,657	\$ 62,197,025
Less employer contributions receivable	(459,721)	(467,459)
Less participant contributions receivable	–	(103,191)
Net assets available for benefits per the Form 5500	<u>\$ 64,679,936</u>	<u>\$ 61,626,375</u>

Lexicon Pharmaceuticals, Inc. 401(k) Plan

Notes to Financial Statements (continued)

5. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the net increase per the financial statements to the net income per the Form 5500:

	Year Ended December 31, 2024
Net increase per the financial statements	\$ 2,942,632
Less current year contributions receivable	(459,721)
Add prior year contributions receivable	570,650
Net decrease per the Form 5500	<u>\$ 3,053,561</u>

The Form 5500 is prepared on a cash basis and, therefore, does not include accruals.

6. Income Tax Status

The underlying preapproved plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying preapproved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Party-in-Interest Transactions

Certain investments of the Plan are managed by Fidelity Investments. FMTC is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transactions rules under ERISA.

8. Partial Plan Termination

In the second half of 2024, the Company implemented a reduction in force which reduced its workforce by over 65% and resulted in the elimination of the Company's commercial field team and additional reductions in other functions across the organization. The Company completed the majority of the workforce reduction by the end of 2024. The workforce reduction resulted in a partial plan termination. The employees who were involuntarily terminated were fully vested in their employer contributions upon the completion of the partial plan termination.

9. Subsequent Events

Management has evaluated subsequent events for the Plan through September 30, 2025, the date the accompanying financial statements were available to be issued.
