Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **PLANTE & MORAN, PLLC**

(2) EIN: **33-1498605**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		10000000

Independent Auditor's Report

To the Plan Administrator and Trustees
Alpine Banks of Colorado
Employee Stock Ownership Plan and 401(k)

Opinion

We have audited the financial statements of Alpine Banks of Colorado Employee Stock Ownership Plan and 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023 and the changes in net assets available for benefits for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As explained in Note 3, the financial statements include investments valued at approximately \$109,100,000 at December 31, 2024 and \$112,900,000 at December 31, 2023, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by Sheshunoff & Co. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

To the Plan Administrator and Trustees
Alpine Banks of Colorado
Employee Stock Ownership Plan and 401(k)

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of December 31, 2024 and reportable transactions for the year ended December 31, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Trustees
Alpine Banks of Colorado
Employee Stock Ownership Plan and 401(k)

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Alpine Banks of Colorado Employee Stock Ownership Plan and 401(k) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Alpine Banks of Colorado (the "Company") for the benefit of its eligible employees and their beneficiaries under Section 401(a) of the Internal Revenue Code (IRC) effective January 1, 1983 and was most recently restated on January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is designed with two components: an employee stock ownership plan (ESOP) and a 401(k). The ESOP is designed to invest primarily in qualifying employer securities (Company Stock), as defined in IRC Section 409(l). The 401(k) provides eligible employees a qualified cash or deferred arrangement, as defined in IRC Section 401(k).

The Plan's administrative trustee is Alpine Bank Wealth Management (ABWM), the Company's trust department. The Plan's voting trustee is J. Robert Young (the "Voting Trustee"), the Company's founder and chairman. For the 401(k) component, Newport Trust Company (Newport) serves as the Plan's custodian and recordkeeper, providing accounting and record keeping for participant accounts. For the ESOP component, ABWM serves as custodian and Principal Life Insurance Company (Principal) serves as the recordkeeper.

The Plan is available to all employees who are not leased, nonresident aliens, or covered by a collective bargaining agreement. Employees become eligible for the ESOP component of the Plan upon completion of one year of service. One year of service is defined as a 12-consecutive-month period during which the employee completes 1,000 or more hours of service. Plan entry dates for the ESOP component of the Plan are the January 1 or July 1 following completion of the eligibility requirement. Employees of the Company become eligible to participate in the 401(k) component of the Plan upon completion of three months of service. For the 401(k) component of the Plan, the entry date is the first day of the quarter coinciding with or next following the date eligibility is met.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 75 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 75 percent of their eligible compensation on an after-tax basis as a Roth contribution. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company will make a nonelective contribution to the ESOP component, as determined annually by the Company's board of directors, in cash or Company Stock. For the year ended December 31, 2024, the Company contributed 7 percent of eligible compensation for all employees eligible for the ESOP component. The nonelective ESOP contribution is allocated to each participant ratably by multiplying the contribution by a factor equal to each ESOP-eligible participant's eligible compensation for the year to the total eligible compensation of all ESOP-eligible participants for the year.

Vesting

Participants are immediately 100 percent vested in their voluntary and rollover contributions and any income or loss thereon. Vesting in the Company's ESOP contribution portion of their accounts, plus actual earnings thereon, is based on years of service.

Note 1 - Plan Description (Continued)

The Company's ESOP contributions and earnings and losses thereon, if any, vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
2	20 %
3	40
4	60
5	80
6	100

Forfeitures

If a participant is not fully vested on his or her termination date, the Plan will hold the nonvested balance for up to five years after a participant terminates. After five years, the nonvested amount of the account is forfeited. The Company allocates forfeitures to ESOP-eligible participants based on each participant's compensation, as defined. Allocations of forfeitures are considered additional company contributions and are subject to the vesting provisions of the ESOP contributions. At December 31, 2024 and 2023, forfeitures reallocated to participant accounts totaled \$116,890 and \$175,549, respectively.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and earnings and debited with an allocation of loss and administrative expenses. As of the last day of the plan year, each participant's account is credited with an allocation of the employer ESOP contributions and forfeitures of terminated participants' nonvested account balances. Allocations are based on a participant's eligible compensation relative to total eligible compensation for all eligible participants.

Benefit Payments

Distributions are available upon retirement, death, disability, or termination of employment. Distributions from the ESOP component of the Plan will be made in Company Stock and/or cash. The Plan's ESOP distribution policy dictates the period over which participants are paid based on the vested account balances. The participant will receive the 401(k) component, equal to the participant's vested account balance, as either a lump-sum distribution or in installment annuities if the participant's total vested balance exceeds \$7,000. If the participant's total vested balance, including the ESOP and the 401(k) components combined, exceeds \$7,000, the participant may elect not to receive a distribution until required by law to receive required minimum distributions.

Put Option

The Plan is permitted to make ESOP distributions in the form of cash and/or Company Stock. Under federal income tax regulations, the Company Stock that is held by the Plan and its participants and is not readily tradable on the established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is a limited market. The put price is representative of the fair value of the stock. The Company can pay for the purchase, with interest, over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately collect cash.

Note 1 - Plan Description (Continued)

Voting Rights

With respect to any corporate matter that involves the voting of shares held in the Plan's trust, which constitutes a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or similar transaction specified in regulations under Section 409(e)(3) of the IRC, each participant will be entitled to direct the Voting Trustee with respect to the vote of shares of Company Stock allocated to his or her account. For all other purposes, all shares of Company Stock held in the Plan's trust shall be voted in a manner determined by the Voting Trustee, as directed by the plan administrator.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investments in Company Stock into investments that are more diversified. A participant who is at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of his or her account. Diversification is offered to each participant over a 6-year period. In each of the first 5 years, participants may diversify up to 25 percent of shares allocated to their accounts. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify may elect to have the diversification distribution be paid to the participant directly, in a direct rollover to an individual retirement arrangement or transferred into the 401(k) portion of the Plan.

Party-in-interest Transactions

Certain plan investments are in Company Stock. The Company is the Plan's sponsor, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules. The ESOP assets are held by Alpine Bank Wealth Management, which is also a party in interest.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. In the event of company termination, all amounts credited to the participants' accounts shall become 100 percent vested and payable to participants in accordance with plan provisions.

In the event of plan termination, the trustee shall distribute all assets remaining in the Plan, after payment of expenses properly chargeable against the Plan, to participants in accordance with the value of the units credited to such participants as of the date of such termination.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Company Stock represents Class A and Class B shares held by the Plan. Company stock fair value is determined annually by an independent appraiser. There have been no changes in the methodologies used to determine the fair value at December 31, 2024 and 2023. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of company assets and liabilities. The appraisal also accounts for a discount for lack of marketability. The valuation process involves plan management's selection of an independent appraiser. Company management accumulates the data for the appraiser from the financial statements of the Company. The appraiser prepares a preliminary report that ABWM reviews in detail, discusses, and approves. The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

All other investments are valued based on quoted market prices reported in active markets.

See Note 3 for additional information.

Purchases and sales of securities are recorded on a trade-date basis, and interest income is recorded on the accrual basis, when applicable. Dividend income is accrued on the ex-dividend date. Net realized and unrealized losses on investments are reflected in the fair value of the stock and allocated on a per share basis, as defined by the Plan.

Benefit Payments

Benefits are recorded when paid.

As of December 31, 2024 and 2023, there were total installment payments due to participants of \$31,309,307 and \$33,785,617, respectively. These payments of cash and or stock will be made over the next one to five years, as elected by the participants.

Administrative Expenses

Plan provisions provide that the Company pay administrative fees for the ESOP component of the Plan. For the 401(k) portion of the Plan, participants are responsible for paying distribution fees and third-party administration fees, with all other administration and asset management fees paid by the Company.

Administrative expenses of approximately \$358,000 for the year ended December 31, 2024 were paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. The most significant assumptions and estimates relate to the valuation of Company Stock. Application of these assumptions requires the exercise of judgment as to future uncertainties, and, as a result, actual results could differ from those estimates.

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Concentration of Investments

At both December 31, 2024 and 2023, two investments, Alpine Banks of Colorado Class A and Alpine Banks of Colorado Class B common stock, accounted for 68 and 72 percent, respectively, of total investments at fair value. During the year ended December 31, 2024, two investments, Alpine Banks of Colorado Class A and Alpine Banks of Colorado Class B common stock, accounted for 60 percent of interest and dividend income and 25 percent of net realized and unrealized gains on investments during the year ended December 31, 2024. A significant change in the market value of these investments would significantly affect the net assets available for benefits and related investment income of the Plan.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 10, 2025, which is the date the financial statements were available to be issued.

On February 13, 2025, the board of directors approved a 150-for-1 stock split of Class A common stock, resulting in an increase in Class A shares held by the Plan from 11,973 to 1,795,950 shares.

In April 2025, the custodian and recordkeeper for the 401(k) component changed to Principal. As a result, total assets of approximately \$40,500,000 were transferred from Newport to Principal.

Note 3 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on an independent appraisal based upon a combination of the market and income valuation techniques with a discount for lack of marketability.

Note 3 - Fair Value Measurements (Continued)

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2024 and 2023:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2024

Note 4 - Non-participant-directed Investments

The significant components of the changes in net assets relating to the non-participant-directed investments for the year ended December 31, 2024 are as follows:

Changes in net assets:	
Employer contributions	\$ 4,477,578
Unrealized and realized loss	1,581,072
Interest and dividends	2,464,502
Benefits paid directly to participants and beneficiaries	<u>(11,248,006)</u>

Fair value	\$ 75,082,683	\$ 34,044,411	\$ 73,909,329	\$ 38,948,250

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
