## **INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator and Participants of the  
Benecard 401(K) Plan:

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Benecard 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Benecard 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Benecard 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Benecard 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Benecard 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Benecard 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matter**

### **Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# BENECARD 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### 1. DESCRIPTION OF THE PLAN

The following description of the Benecard 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

**General** – The Plan is a participant directed, defined contribution plan covering all eligible employees of Benecard Services, Inc. and affiliated companies (the “Company”). It covers all employees of the Company who have completed one year of service, which will be credited upon completing 1,000 hours of service and attainment of age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan became effective January 1, 1989.

Principal Trust Company (“Principal” or “Trustee”) serves as the trustee of the Plan.

**Administration** – The Company serves as sponsor of the Plan, and as such, has the authority to amend or terminate the Plan subject to certain restrictions. The management of the Company has the authority and responsibility for the general administration of the Plan. The Trustee has the authority and responsibility to hold, manage and protect the assets of the Plan in accordance with the provisions of the Plan and separate trust agreement.

**Contributions** – A participant may contribute, by payroll deduction, any amount between 1% and 15% of his or her total pay up to the Internal Revenue Service (“IRS”) allowable limit. Participants direct the investment of their contribution into various investment options offered by the Plan. The Company makes matching contributions on the participant’s behalf equal to 50% of each participant’s contribution subject to a maximum of 4% - 6% of each participant’s eligible pay based upon years of service. Matching contributions totaled \$1,181,466 (net of forfeitures) for the year ended December 31, 2024.

The Company may also make Qualified Nonelective Employer Contributions (“NEC’s”) and discretionary contributions at its sole discretion, within the limits of the Internal Revenue Code (“IRC”). For the year ended December 31, 2024, the Company did not make any additional contributions.

**Rollovers** – Rollover contributions are permitted into the Plan in accordance with the IRS regulations and provisions of the Plan and separate trust agreement.

**Participant Accounts** – A separate account is maintained for each participant. Each participant’s account is credited with his or her contribution, the Company’s contributions and an allocation of the Plan’s earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of earnings or losses are based upon the investment performance of the individual funds in which each participant’s account balance is invested. Allocations of expenses are based upon account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Investment Options** – Upon enrollment in the Plan, a participant may direct contributions in increments among various investment options. Participants may change their investment options on any normal business day.

**Notes Receivable from Participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing business lending rates. Principal and interest are paid ratably through payroll deductions. Generally, loans must be repaid within a five-year period; however, loans used to acquire, construct, reconstruct or substantially rehabilitate the principal residence may exceed the five year period. Notes receivable at December 31, 2024, carry interest rates ranging from 4.25% to 9.50% with various maturity dates through March 2053.

# BENECARD 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### 1. DESCRIPTION OF THE PLAN (continued)

**Vesting** – All employee contributions are immediately 100% vested. The Company’s contributions are vested based on years of service. A participant becomes 100% vested after three years of service provided there was at least 1,000 service hours each year.

Employees who reach normal retirement age, become disabled or die while still employed by the Company are immediately fully vested in the value of the Company contributions and earnings thereon credited to their accounts.

**Payment of Benefits** – If a participant’s employment with the Company is terminated due to retirement, pursuant to the terms of the Plan, the total amount of a participant’s account shall be distributed in cash to the participant according to one of the options as described in the Plan and as elected by the participant. If a participant’s employment with the Company is terminated for any reason other than retirement pursuant to the terms of the Plan, the total amount of the participant’s account be distributed as soon as administratively feasible.

In accordance with the Plan’s provisions, participants may take hardship withdrawals as defined under the Plan.

**Forfeitures** – Forfeited balances of participants’ non-vested accounts can be used to reduce future employer contributions or to pay expenses of the Plan. During 2024, forfeitures utilized to offset employer contributions totaled \$111,504. At December 31, 2024 and 2023, unallocated forfeitures totaled \$1 and \$16,932, respectively.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

**Valuation of Investments and Income Recognition** – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for descriptions of fair value measurements and fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

**Use of Estimates** – The preparation of financial statements in accordance with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of asset and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

# BENECARD 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

*Notes Receivable from Participants* – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included as administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document.

*Administrative Expenses* – Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Expenses attributable to the administration or operation of the Plan are allocated pro rata on the basis of the account balances of all participants. Fees for the administration of notes receivable from participants are included in administrative expense and charged directly to the participant’s account.

*Payment of Benefits* – Benefit payments to participants are recorded when paid.

*Excess Contributions* – Benefits paid to participants during the year ended December 31, 2024 include payments of \$25,118 made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan.

### 3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan administration has elected the method of compliance permitted by 29 CFR 2520:103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan’s management instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Principal, except for comparing such information certified by Principal with information included in the Plan’s financial statements and supplemental schedule Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held At End of Year).

- The Plan’s investments appreciated in value by \$6,464,956 for the year ended, December 31, 2024.
- All investment-related information in the accompanying supplemental Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2024.

### 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

# BENECARD 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### 4. FAIR VALUE MEASUREMENTS (continued)

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

***Mutual funds:*** Valued at the daily quoted closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***Common/collective trusts:*** Common/collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

***Stable value collective trust fund:*** Included in common/collective trusts are stable value collective trust funds for which quoted prices are not available in active markets for identical instruments. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Investments at fair value	<u>\$ 8,400,607</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,810,388</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively:

## **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023**

---

### **5. GUARANTEED INVESTMENT CONTRACT**

The Principal Fixed Income Guaranteed Option is a fully benefit-responsive, general-account backed group annuity contract issued by Principal Life Insurance Company (“Principal Life”) to Principal Trust Company as custodian. Contract value reflects contributions plus interest, less withdrawals and administrative expenses. A composite crediting rate, determined semi-annually, is applied uniformly to all contributions within the vintage group of deposit accounts. This rate is based on a weighted average of guaranteed interest rates (“GIR”) across Guaranteed Interest Balances (“GIB”) and is subject to a minimum guaranteed rate, which ranges from 0.15% to 3%, depending on market conditions. For the year ended December 31, 2024, the minimum guaranteed rate was 2.80% and the average rate earned was 4.92%.

Certain events limit the Plan’s ability to transact at contract value with Principal Life. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), termination of any record-keeping arrangement, service agreement or other agreement between Principal and the Plan, or termination of the investment contract. No redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the contract. A surrender of the Plan’s interest or initiated transfer in this contract is subject to either a 12-month advance notice or a 5% surrender charge. Notification of the Plan’s intent to terminate its interest may be revoked within 90 days of Principal’s receipt of such notice, after which time, the notice becomes irrevocable. The Plan Administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with Plan participants or the issuer are probable of occurring. The balance in the Principal Fixed Income Guaranteed Option contract was \$6,981,710 at December 31, 2024. There were no amounts held in this contract at 2023.

### **6. FEDERAL INCOME TAX STATUS**

The Plan has adopted a prototype profit sharing with cash or deferred arrangement plan and trust, which received a cycle 3 favorable opinion letter from the IRS dated June 30, 2020, which states that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

### **7. PLAN TERMINATION**

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

### **8. RISKS AND UNCERTAINTIES**

The Plan invests in various securities including mutual funds, common/collective trusts and guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market

# BENECARD 401(K) PLAN

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

### 8. RISKS AND UNCERTAINTIES (continued)

volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

### 9. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Principal is the trustee and record-keeper of the Plan. Loans to participants are secured by the balances in the respective participant accounts. Fees paid by the Plan in 2024 to Principal totaled \$131,049. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

### 10. OPERATIONAL FAILURES

*Forfeiture utilization* – During the plan year, an operational error occurred in which forfeiture funds totaling \$54,158 were erroneously used to offset employer matching contributions. This error resulted from an incorrect calculation of participant vesting eligibility, which led to the premature forfeiture of amounts that should have remained in participant accounts. The Plan Sponsor has identified the affected participants and is in the process of correcting the errors. The total amount of \$54,158 will be restored to the impacted participants' accounts and returned to the Plan by the Sponsor during the 2025 plan year.

### 11. SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act 2.0. The SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since the SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Applicable provisions outlined in the SECURE Act 2.0 will be adopted if elected and/or required. The Plan administrator did not adopt any of the optional provisions for 2024 and accordingly, there was no material impact to the Plan's 2024 financial statement.

### 12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 15, 2025, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred which would require disclosure in or adjustment to the financial statements.

### 13. RECONCILIATION TO FORM 5500

No material differences exist between the financial statements and Form 5500.
