Ashburn, Virginia**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of RP Professional Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RP Professional Services 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RP Professional Services 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RP Professional Services 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RP Professional Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RP Professional Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets held for investment purposes as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RP Professional Services 401(k) Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN

The following description of RP Professional Services 401(k) Plan (the Plan) provides only general information. RP Professional Services, LLC (the Company) established the Plan. Readers of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age eighteen or older, provided they are not excluded employees, eligible employees are immediately eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax and post-tax compensation, not to exceed the maximum allowable amount defined by the Internal Revenue Service. Employees are subject to automatic enrollment provisions under the Plan. Unless an eligible employee makes an affirmative election otherwise, the employee's deferral will be 3% of the participant's eligible pre-tax compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company provides safe harbor matching contributions and discretionary profit-sharing contributions. Safe harbor matching contributions are a match of 100% up to 3% of the participant's compensation, plus 50% of the participants' elective deferral contributions which exceed 3%, but do not exceed 5% of the participant's compensation. Employer contributions are invested in funds, as directed by participants. The Company contributed \$515,026 and \$447,891 for the years ended December 31, 2024 and 2023, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contribution, Plan earnings, losses, and Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 7.75% to 9.50% and mature through December 2029. Loan terms range from one to five years except for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions, the Company's discretionary profit-sharing contributions and safe-harbor matching contributions plus actual earnings thereon.

Payment of Benefits

On termination of service, death, or retirement, a participant is entitled to receive a distribution of the full amount in that participant's salary reduction and rollover contributions as well as his vested interest in the Company's contribution.

RP Professional Services 401(k) Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2024 and 2023

NOTE A - DESCRIPTION OF PLAN (continued)

Plan Amendments

In January 2024, the Plan was amended and the Company changed custodian and recordkeeper to Principal Life Insurance Company. Subsequent to year-end, the Plan was amended to remove the automatic enrollment features of the Plan effective January 2025.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting where revenues are recognized when earned and expenses are recognized when incurred. The accrual basis of accounting conforms to accounting principles generally accepted in the United States.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

At December 31, 2024, the Plan's invested assets were held at Principal Trust Company and Principal Life Insurance Company, which both invest funds based on the recommendations of each fund's manager. Investments are reported at fair value. Fair value is the sale price that would be received to sell an asset or price paid to transfer a liability in a typical transaction between market participants at the date of measurement. Plan management assesses and establishes the Plan's valuation policies using information provided by the custodians of the investments. See Note J for discussion of fair value measurements. Investment assets, transactions, and income as presented in the financial statements and supplemental schedule were certified by the trustees to be complete and accurate.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid.

Participant Loans

Participant loans in the Plan are recognized when granted to eligible plan participants. The Plan recognizes these loans as assets on its balance sheet. Participant loans are initially measured at the principal amount disbursed to the participant and are subsequently measured based on the amortization of the loan balance. Interest is recognized using the effective interest rate method over the life of the loan.

Plan Expenses

Either the Plan or the Plan sponsor, as provided in the Plan document, pays administrative expenses of the Plan.

Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reclassification

Certain amounts reported for 2023 have been reclassified to conform to the 2024 presentation. Such reclassifications had no effect on the reported net increase on the statement of changes in net assets available for benefits.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company and Principal Life Insurance Company have certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate. Investments certified by the trustee and the custodian totaled \$3,211,766 and \$2,580,383 as of December 31, 2024 and 2023, respectively. Investment gain totaled \$344,710 for the year ended 2024.

NOTE E - RELATED PARTY TRANSACTIONS

Principal Trust Company was the trustee and Principal Life Insurance Company was the custodian as defined by the Plan. Signature Estate Securities, LLC was the investment advisor, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan totaled \$47,965 and \$12,610 for the years ended December 31, 2024 and 2023, respectively.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of complete or partial Plan termination, the Plan assets shall be distributed in accordance with the terms of the Plan.

RP Professional Services 401(k) Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2024 and 2023

NOTE G - PARTIAL PLAN TERMINATION

As a result of a reduction of the Plan Sponsor's workforce in 2024, the Plan experienced a partial plan termination as defined by ERISA in 2024. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting in the employer's contribution is required for the affected participants, but the remaining participants' vesting continues to be determined per the plan provisions.

All affected employees who were participants in the Plan were fully vested in their account balances at the date of their partial plan termination.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan adopted the provisions of Statement of Financial Accounting Standard ASC Topic 740, *Income Taxes* (ASC 740). ASC 740 prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including positions that the Plan took since issuance of ASC 740. The adoption of ASC 740 resulted in no changes to the Plan's beginning balances and net assets available for benefits.

With few exceptions, the Plan is no longer subject to income tax examination by the U.S. Federal, state, or local tax authorities for the previous three years.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

RP Professional Services 401(k) Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2024 and 2023

NOTE J - FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds

These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment Contract

Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

Pooled Separate Accounts

Separate accounts are privately managed investment accounts that use pooled money to purchase individual assets. They differ from mutual funds because investors directly own the securities purchased instead of owning a share of the pool in the securities. While the underlying assets values are quoted prices, the net asset value (NAV) of separate accounts are not publicly quoted. NAV per share is allowed to serve as a practical expedient to estimate the fair value.

Collective Investment Trust

This is a collective investment trust (CIT) for which the net asset value (NAV) is based on the contract value. Investments held by a CIT are required to be reported at fair value; however, contract value is the relevant measurement characteristic for that portion of the net assets of a CIT attributable to fully benefit-responsive investment contracts. This is because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans.

RP Professional Services 401(k) Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2024 and 2023

NOTE J - FAIR VALUE MEASUREMENTS (continued)

Collective Investment Trust (continued)

The fair value of conventional contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the Custodian, which determines valuations using methodology generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes. Plan sponsors will need to assess the valuing and reporting of their Participating Trust's investments in those funds. Unfunded commitments typically are found in private equity funds and therefore are not applicable to CITs.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as of December 31, 2024.

NOTE J - FAIR VALUE MEASUREMENTS (continued)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as of December 31, 2023.

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Pooled separate accounts				
measures at net asset value (NAV)	992			
Investments at fair value	\$ 2,524,719			

Total amount of gains and losses (realized and unrealized) included in the statement of changes in net assets available for benefits for the year ended December 31, 2024 are reported in net change in fair value of investments.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers into or out of Levels 1, 2 or 3.

The table below sets forth a summary of the change in fair value of the Plan's Level 3 assets for the years ended December 31, 2024 and 2023:

	2024	2023
Purchases	\$ 34,799	\$ 517
Transfers out	\$ (37,468)	\$ 0

NOTE J - FAIR VALUE MEASUREMENTS (continued)

Unrealized gains and losses from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

In deriving the fair value of the investments in Level 3 included in the financial statements, management relies on the third-party valuation provided by Principal Life Insurance Company. Management assesses the reasonableness of the general methodology used for such valuations and considers the reasonableness of the fair value balances provided considering prior year amounts, current year transactions, changes in overall economic conditions, and market developments.

NOTE K - INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

The Plan has a benefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account, the Principal Guaranteed Interest Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. This contract is included in the financial statements at contract value, as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Plan management has determined that contract value of \$18,297 and \$517 approximates fair value for this contract as of December 31, 2024 and 2023, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield was 4.75% for the year ended December 31, 2024, and crediting interest rates were 4.75% and 4.65% as of December 31, 2024 and 2023, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2024 and 2023

NOTE L - PROHIBITED TRANSACTIONS

During the years ended December 31, 2024 and 2023, the Company had delinquent participant contributions and loan repayments of \$1,526 and \$3,039 respectively. The delinquent contributions occurred as the Company inadvertently failed to segregate and remit in a timely manner certain participant loan repayments (salary reduction amounts) from its assets within the required time period as specified by the United States Department of Labor (DOL) Reg. 2510.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the Internal Revenue Code. The Company corrected delinquent participant loan repayments for the year ended December 31, 2024 totaling \$1,526 during 2024. The Company corrected delinquent participant loan repayments for the year ended December 31, 2023 totaling \$3,039 during 2024.

NOTE M - SUBSEQUENT EVENTS

The Plan adopted Statement of Financial Accounting Standard ASC Topic 855, *Subsequent Events* (ASC 855). ASC 855 establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued.

Subsequent to year-end, the Plan was amended to remove the automatic enrollment features of the Plan effective January 2025.

The Plan has evaluated subsequent events through September 18, 2025, the date the financial statements were available to be issued.
