INDEPENDENT AUDITORS' REPORT

To the Trustees
Commonwealth Emergency Physicians 401(k) Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Commonwealth Emergency Physicians 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Commonwealth Emergency Physicians 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Commonwealth Emergency Physicians 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Commonwealth Emergency Physicians 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Commonwealth Emergency Physicians 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Commonwealth Emergency Physicians 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500 - Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the year ended and as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMONWEALTH EMERGENCY PHYSICIANS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Commonwealth Emergency Physicians 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Commonwealth Emergency Physicians (the Company). Commonwealth Emergency Physicians is a member of a controlled group, and therefore the Plan also covers employees of Commonwealth Critical Care, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2001. Effective February 1, 2022, the Plan was amended and restated.

Commonwealth Emergency Physicians has the responsibility for remittance of participant and employer contributions, appointing a committee to administer the Plan, and determining funds available for investment under the Plan. Commonwealth Emergency Physicians pays for a portion of the administrative expenses for the Plan.

Eligibility Requirements

All employees are eligible to participate in the Plan, unless a nonresident alien or a union employee, upon completing two consecutive calendar months during which the employee is credited with at least 100 hours of services and obtaining age 21 or older.

Contributions

Each year, participants may elect to contribute a percentage or amount of pre-tax annual compensation, as defined in the Plan. Participants may also make Roth (after-tax) elective deferrals. Annual additions to a participant's account may not exceed the lesser of \$23,000 plus \$7,500 catch-up or 100 percent of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The Plan automatically enrolls participants for a 3 percent pre-tax salary deferral, unless the participant elects to increase/decrease the percentage. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value fund as investment options for participants.

The Company may elect to make profit sharing contributions to participants. The Company will also make safe harbor contributions in an amount not less than 3 percent of participants' compensation. A participant must meet eligibility requirements and be employed at the last day of the year to receive a profit sharing contribution. A participant must meet eligibility requirements to receive the safe harbor contributions. The employer may make additional Qualified Nonelective Contributions for a discretionary amount determined at the discretion of the employer. The Company contributed a discretionary profit sharing contribution to the Plan of \$1,495,673 and \$1,394,102, and a safe harbor contribution of \$671,120 and \$633,518, for 2024 and 2023, respectively. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or individual account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

COMMONWEALTH EMERGENCY PHYSICIANS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions, Qualified Nonelective Contributions, and the employer safe harbor contributions plus the actual earnings thereon. Employees are 100 percent vested in the Company's profit-sharing contribution after 1 year of service.

An employee is also 100 percent vested if termination is due to normal retirement, disability or death.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 minus the difference between the highest outstanding balance of loans during the prior 12-month period and the outstanding balance of loans from the Plan on the date the loan is made, or 50 percent of the participant's vested account balance.

Loans must be repaid within 5 years. The maturity dates range through September 2054. The loans are secured by the vested balance in the participant's account and bear interest at rates that range from 4.00 percent to 9.00 percent. Principal and interest is paid ratably through payroll deductions. Participants are allowed one loan at a time and the minimum loan amount is \$1,000.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive the value of the participant's vested interest in his or her account as a lump sum amount. The Plan must pay out as a lump sum any account balance of \$1,000 or less. An account must be fully vested for a participant to receive an in-service withdrawal. Upon attainment of age 59½, a distribution may be made from the salary deferral account provided the participant has not separated from service. Upon attainment of normal retirement age, distributions may be made from pre-tax salary deferral accounts.

A participant is entitled to payment of vested benefits in a lump-sum payment upon termination from service, or death, disability, retirement or other reasons.

Hardship Distributions

Hardship distributions are not permitted.

Forfeited Accounts

Forfeited balances resulting from the termination of nonvested participants may be applied to restore the balances of employees that have been previously forfeited or used to reduce the Company's future contributions. There was no forfeiture balance at December 31, 2024. There was \$22,956 balance in forfeited accounts at December 31, 2023. Forfeitures of \$23,280 were used to pay for plan expenses in 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

COMMONWEALTH EMERGENCY PHYSICIANS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial Statement Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As permitted by U.S. generally accepted accounting principles, the Plan uses net asset value (NAV) as a practical expedient to determine the fair value of certain investments, and these investments have not been classified in the fair value hierarchy.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor (DOL) or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

COMMONWEALTH EMERGENCY PHYSICIANS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses, including certain fees paid through revenue sharing arrangements, are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 16, 2025, the date the financial statements were available to be issued.

3. CERTIFIED FINANCIAL INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements as of December 31, 2024 and 2023, the ERISA-required supplemental schedule of Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – inputs to the valuation methodology are based upon unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of three valuation techniques (market, cost, or income approach). The market approach evaluates prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The cost approach evaluates the amount that would be required to replace the service capacity of an asset (i.e., replacement cost). The income approach uses techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing models, and lattice models).

COMMONWEALTH EMERGENCY PHYSICIANS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

4. FAIR VALUE MEASUREMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that pool the capital of many investors and invest it in stocks, bonds, short-term money market instruments, and other securities. Mutual funds are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		2024			
		Level 1	Level 2	Level 3	Total
Investments in Fair Value Hierarchy					
	Mutual Funds	\$ 56,422,613	\$ -	\$ -	\$ 56,422,613
		2023			
		Level 1	Level 2	Level 3	Total
Investments in Fair Value Hierarchy					
	Mutual Funds	\$ 48,276,622	\$ -	\$ -	\$ 48,276,622

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan participates in an annuity contract with T. Rowe Price, which includes a fixed fund offering called the Stable Value Common Trust Fund. The Stable Value Common Trust Fund is an obligation of T. Rowe Price's Company's fixed account, which supports all of the Company's insurance and annuity commitments. The fixed account is a traditional investment contract meeting the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest at a specified rate determined annually by T. Rowe Trust Company.

COMMONWEALTH EMERGENCY PHYSICIANS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

Contributions to this account are invested in the general funds of, and are guaranteed by, T. Rowe Price. There are no reserves against contract value for credit risk of the contract issuer or otherwise. No reserves against contract values for credit risk of the contract issuer have been recorded. The crediting interest rates are based on a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Certain events, such as the premature termination of a contract, certain transfers from the fixed account, or the termination or merger of the Plan, could limit the Plan's ability to transact at contract value with the issuer. The Plan administrator believes that it is not probable that the occurrence of such events would also limit the Plan's ability to transact at contract value with the Plan participants.

Interest is credited daily to amounts held in the fixed account at a guaranteed annual rate of no less than 0.00 percent. T. Rowe Price guarantees the interest rate for the fixed account. The credited interest rate on this account was 1.15 percent and 3.12 percent for the years ended December 31, 2024 and 2023, respectively.

6. RELATED PARTY TRANSACTIONS

Reliance Trust Company is the Plan's custodian (see Note 3). T. Rowe Price is the Plan's third-party administrator. Plan assets include investments in mutual funds and a stable value fund, which are managed by T. Rowe Price. As T. Rowe Price is the Plan's third-party administrator, transactions with the custodian qualify as party-in-interest transactions under ERISA. Amounts credited to the account maintained by T. Rowe Price are available to pay reasonable expenses of administering the Plan. Revenue received by T. Rowe Price that exceeds the amount owed under the agreement is remitted to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses. The amount of excess revenue sharing was \$68,405 and \$49,046 for the years ended December 31, 2024 and 2023, respectively. There was \$3,541 and \$18,231 in the revenue sharing account as of December 31, 2024 and 2023, respectively. The Plan made direct payments to the third party administrator and to the custodian, which is shown as administrative expenses on the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the form of plan stated in that letter is acceptable for use by employers for the benefit of their employees under Internal Revenue Code (IRC) Section 401. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

9. RISKS AND UNCERTAINTIES

The Plan invests in a combination of investment securities that are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**NOTES TO FINANCIAL STATEMENTS

10. CONCENTRATIONS

The following table presents investments that represent 10 percent or more of the Plan's net assets at December 31:

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

DOL Regulation 2510.3-102(a) states, in part, that employee contributions must be remitted to the Plan as soon as they can be reasonably segregated from the employer's general assets. Lost earnings on \$21,193 of Plan contributions for the years ended December 31, 2023, 2022, 2021 and 2020 that were considered late were remitted to the Plan subsequent to year-end.
