Report of Independent Auditors

To the Plan Administrators of the
BS&A Software 401(k) Profit Sharing Plan
Bath, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BS&A Software 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of BS&A Software 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BS&A Software 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BS&A Software 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BS&A Software 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BS&A Software 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BS&A Software 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024

1. Description of Plan

The following description of the BS&A Software 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution savings plan pursuant to Section 401(k) of the Internal Revenue Code (IRC) covering all employees of BS&A Software (employer) 21 years or older and not a member of a collective bargaining unit, leased employee, independent contractor, or a nonresident alien with no U.S. income. Effective March 11, 2022, part-time, temporary, and seasonal employees are excluded from the Plan. Employees must complete 90 days of service before entering the Plan. Employees are eligible for employer discretionary matching and additional discretionary contributions after completing one year of employment and 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each employee who participates in the Plan is entitled to enter into a compensation reduction agreement with the employer. The amount of reduction shall be contributed by the participant into the Plan for allocation to the participant's account. These participant-elective contributions are fully vested.

The employer shall make qualified nonelective safe harbor contributions in an amount equal to 3% of compensation for the Plan year for each participant with at least one year of service. Qualified nonelective contributions are 100% vested when made.

The employer may make discretionary matching contributions. For the years ended December 31, 2024 and 2023, the employer made a discretionary matching contribution of 50% of participant contributions to each participant with at least one year of service. Matching contributions are subject to the vesting schedule and included in additional employer contributions in the accompanying financial statements.

Additional discretionary contributions may be made for each Plan year in an amount determined by the employer. No such discretionary contributions were made for the years ended December 31, 2024 or 2023. Discretionary contributions are subject to the vesting schedule and are included in additional employer contributions in the accompanying financial statements.

1. Description of Plan (continued)

Participants' Accounts

Participants' accounts are credited with the participants' contributions, employer's qualifying contributions, and an allocation of plan earnings and expenses. Participants shall direct their contributions and the employer's qualifying contributions to one or more funds, which are maintained by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants shall be permitted to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Such loans are secured by the balance of the participant's account and shall be charged an annual prevailing rate of interest to be fixed by the plan administrator. Such loans shall be fully repaid on or before five years from the date of disbursement unless the loan proceeds are used in connection with the principal residence of the participant.

Hardship Withdrawals

Participants may elect to withdraw a balance up to the total of their elective contributions, provided such withdrawal is to meet the immediate and heavy financial needs of the participant.

Vesting

Participants are immediately vested in their contributions and the employer's qualified nonelective contributions. Vesting in the employer's discretionary matching and additional employer discretionary contributions is based on number of years of service in accordance with the vesting schedule below as outlined in the Plan document.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

1. Description of Plan (continued)

Payment of Benefits

Upon attainment of normal retirement age (65) or because of separation of employment, death, or disability, participants receive their benefits as a lump-sum payment. Participants that separate employment because of death will have their benefits paid in one lump-sum to their named beneficiary or to their estate if no beneficiary has been named. Participants who have reached age 59 ½ may withdraw all or any part of their vested account at any time.

Forfeited Accounts

Forfeitures of discretionary contributions shall be used to reduce the employer's matching contributions or reduce administrative expenses under the Plan. As of December 31, 2024, forfeited nonvested accounts totaled \$0 (\$5,451 as of December 31, 2023). During 2024, employer contributions or administrative expenses were reduced by \$5,982 from forfeited nonvested accounts (\$5,878 during 2023).

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments to participants are recorded as deductions upon distribution.

Administrative Expenses

Plan administrative expenses are paid by either the Plan or the employer, as provided in the plan document.

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrators to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimated amounts.

Subsequent Events

The Plan has evaluated subsequent events through July 14, 2025, the date which the financial statements were available to be issued.

3. Income Tax Status

The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Generally, tax years 2021 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

4. Plan Termination

Although they have not expressed any intent to do so, the employer reserves the right under the Plan to terminate the Plan in whole or in part, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

5. Transactions with Parties-in-interest

Certain Plan investments are shares of collective investment trust funds managed by Principal or its affiliates, and the Plan paid contract administrator fees to Principal in the amount of \$55,771 in 2024 (\$44,807 in 2023). Principal is the trustee and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses also include payments to CapFinancial Partners, LLC for investment advisory and management fees of \$70,265 in 2024 (\$41,170 in 2023). Notes receivable from participants are also considered party-in-interest transactions.

Notes to Financial Statements

6. Financial Information Certified by The Trustee (unaudited)

The Plan's financial information and data was certified by Principal in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the investment balances, participant notes receivable, interest and dividends, capital gains, net appreciation (depreciation) in fair value of investments, and other income included in the financial statements and supplemental schedule were obtained from data that has been prepared and certified as complete and accurate by the trustee. This certified information has not been audited by independent auditors.

7. Fair Value Measurements

As defined in the current authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance applies to all financial instruments that are measured and reported on a fair value basis. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For the years ended December 31, 2024 and 2023, the application of valuation techniques applied to similar assets and liabilities has been consistent.

Mutual funds: Valued at quoted market prices, reported on the active market on which the funds are traded.

BS&A Software 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2024

7. Fair Value Measurements (continued)

Collective investment trust funds: Valued at net asset value (NAV) based on the quoted market prices of underlying funds, except the Galliard Stable Return E fund which is based on NAV as a practical expedient. While the collective investment trust funds (excluding Galliard) are not publicly quoted, they are valued similar to mutual funds and therefore have a readily determinable fair value. Due to the nature of the collective investment trust funds, there are no unfunded commitments or redemption restrictions. The fair value of the participation units in the Galliard Stable Return E fund are estimated based on the NAV of the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The Galliard Stable Return E fund invests solely in another collective trust fund which pursues its objective through the active management of a diversified portfolio of fixed income investments with benefit responsive investment contracts. The Galliard Stable Return E fund provides for daily redemptions by participants at reported NAV per unit, with no advance notice requirements. Redemptions by the Plan occur at NAV following a 12-month notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Total investments				<u>\$ 41,354,581</u>

8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
