## Report of Independent Auditors

To the Plan Administrator of  
Marposs Corporation 401k Plan  
Auburn Hills, Michigan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Marposs Corporation 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Marposs Corporation 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marposh Corporation 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marposh Corporation 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marposh Corporation 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marposh Corporation 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Marposs Corporation 401k Plan

## Notes to Financial Statements

December 31, 2024

### **1. Description of Plan**

The following description of the Marposs Corporation 401k Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan which covers substantially all employees of the Marposs Corporation (Company and Plan Sponsor), meeting the eligibility requirements discussed below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In July 2023, the Plan sponsor acquired Solarius Development Corporation. Subsequent to the acquisition, an amendment to the Plan was executed to add Solarius Development Corporation as a related participating employer effective September 1, 2023.

#### **Eligibility**

Except for leased employees, nonresident aliens, and temporary employees, an employee who has attained the age of 21 is eligible to participate in the Plan and is eligible to make employee contributions and receive discretionary employer matching contributions. A participant is eligible to receive discretionary employer profit sharing contributions made by the Company if the participant meets the requirements noted below. Eligible participants may enter the Plan on the first day of the month coincident with or following the date that the eligibility requirements are met. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

#### **Contributions**

Contributions to participant accounts are made by employees through tax-deferred salary deductions and by the Company, at the discretion of management. Participants may voluntarily contribute up to 60% of their eligible compensation, not to exceed Internal Revenue Code (IRC) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis and change contribution percentages as of the first day of each month. Employees may directly "roll over" their assets from a qualified plan at a previous employer and transfer the assets into their Plan account.

### **1. Description of Plan (continued)**

#### **Contributions (continued)**

The Company may make discretionary matching contributions to all eligible participants of the Plan. Discretionary matching contributions are made for all eligible participants who were active at any time during the payroll period. The Company made discretionary matching contributions equal to 100% of the employee's elective contribution limited to 3.5% of the employee's eligible compensation for the years ended December 31, 2024 and December 31, 2023.

The Company may make an annual discretionary profit sharing contribution to the Plan. Participants who are employed on the last day of the Plan year are eligible for discretionary profit sharing contributions. If a participant is no longer employed on the last day of the Plan year due to death, disability, or retirement upon the normal retirement age of 55 years old, participants or their beneficiaries are eligible for discretionary profit sharing contributions. The Company did not elect to make any profit-sharing contributions for the years ended December 31, 2024 and 2023.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, an allocation of the Company's discretionary profit sharing contribution, and an allocation of Plan earnings or losses on investments. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### 1. Description of Plan (continued)

#### Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Company contributions and earnings thereon vest by the participants' years of service, except as noted below, as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The Millennium Automation retirement plan was previously merged into the Marposs Corporation 401k Plan. An amendment to the Marposs Corporation 401k Plan was made stating an alternative vesting schedule would apply to discretionary matching contributions received by Millennium Automation employees merged into the Marposs Corporation 401k Plan. The vesting schedule below applies to those participants meeting the criteria in the Plan amendment:

<b>Years of Service</b>	<b>Vested Percentage</b>
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

#### Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions, in any increments, to any of the investment options offered by the Plan. These options consist of several different mutual funds, a money market fund, and a stable value fund, each with its own financial goals and array of investments. Participants may change their investment options at any time.

## Notes to Financial Statements

December 31, 2024

### **1. Description of Plan (continued)**

#### **Forfeitures**

Forfeited non-vested accounts totaled \$1,538 as of December 31, 2024 and \$12 as of December 31, 2023. These accounts are first used to pay Plan-level administrative expenses, if so directed by the Plan Sponsor, then will be used to reduce future employer contributions. Administrative expenses of \$9,700 for the year ended December 31, 2024 and \$0 for the year ended December 31, 2023 were paid from forfeited non-vested accounts. Employer contributions were reduced by \$14,382 from forfeited non-vested accounts during the year ended December 31, 2024 and by \$5,971 during the year ended December 31, 2023.

#### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of the total vested account balance reduced by the outstanding balance of all other loans from the Plan on the date of the new loan application, or \$50,000, reduced by the highest loan balance outstanding during the prior 12 months. A participant may not have more than one loan outstanding at any time. Participant loans are secured by the vested balance in the participant's account and bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans. Principal and interest payments are made through payroll deductions over a term not to exceed five years, except for home purchase loans, which can be for terms consistent with normal mortgages.

#### **Distributions and Withdrawals**

Distributions and withdrawals are allowed upon retirement, attainment of age 59½, disability or death of the employee, as well as termination of service with the Company. A participant or their beneficiary may elect to receive a lump-sum distribution of their total vested account balance, subject to minimum distribution requirements by the IRC. If a participant is no longer employed by the Company, they may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined by the Plan document. The Company must approve any such hardship withdrawals.

## Notes to Financial Statements

December 31, 2024

### **1. Description of Plan (continued)**

#### **Administrative Expenses**

Certain administrative expenses were paid for by the Company. Additionally, certain administrative expenses were paid for by the Plan and are reflected in the accompanying financial statements.

### **2. Significant Accounting Policies**

#### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### **Subsequent Events**

Subsequent events have been evaluated through September 10, 2025, which is the date the financial statements were available to be issued.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### **Fair Value Measurements**

In determining fair value, the Plan uses various methods including market, income, and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair value. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

# Marposs Corporation 401k Plan

## Notes to Financial Statements

December 31, 2024

### **2. Significant Accounting Policies (continued)**

#### **Fair Value Measurements (continued)**

Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

For the years ended December 31, 2024 and 2023, the application of valuation techniques applied to similar assets and liabilities has been consistent.

#### **Investment Income Recognition**

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

The change in aggregate fair value and the cost of investments purchased, sold, and held is reflected in the statement of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments.

#### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

## Notes to Financial Statements

December 31, 2024

### **3. Financial Data Certified by the Trustee (Unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investment balances and participant notes receivable balances held as of December 31, 2024 and 2023, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

### **4. Fair Value Measurements**

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds and Money market funds: Valued based on quoted market prices reported in active markets.

Stable value fund: The Plan holds an investment in a common collective trust fund (the “Fidelity Managed Income Portfolio Class I” or “MIP”). The investment in the MIP is presented at fair value, which reflects the net asset value (NAV) of the fund as a practical expedient. The NAV of the MIP is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive wrapper contract. The MIP’s NAV represents the Plan’s fair value since this is the amount at which the Plan transacts with the fund. A participant’s ownership of the MIP is represented by units. Units are issued and redeemed daily at the MIP’s constant NAV of \$1.00 per unit. Although it is the policy of the MIP to use its best efforts to maintain a stable NAV of \$1.00 per unit, there is no guarantee that the MIP will be able to maintain that value. The MIP is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. In the event that an issuer of a wrap contract fails to perform as intended, the MIP’s NAV may decline if the market value of its assets declines. Plan management believes the occurrence of events and circumstances that would cause the MIP to transact at less than NAV is not probable.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**4. Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Funds at NAV (1)</b>	<b>Total</b>
<b>2024</b>					
Mutual funds	\$ 39,400,644	\$ -	\$ -	\$ -	\$ 39,400,644
Money markets	475,122	-	-	-	475,122
Stable value fund	-	-	-	787,861	787,861
<b>Total assets at fair value</b>	<b>\$ 39,875,766</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 787,861</b>	<b>\$ 40,663,627</b>
<b>2023</b>					
Mutual funds	\$ 32,919,151	\$ -	\$ -	\$ -	\$ 32,919,151
Money markets	629,950	-	-	-	629,950
Stable value fund	-	-	-	860,233	860,233
<b>Total assets at fair value</b>	<b>\$ 33,549,101</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 860,233</b>	<b>\$ 34,409,334</b>

(1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation of investments in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the below redemption notice period is applicable only to participant level transactions.

<b>December 31, 2024</b>	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency (If Currently Eligible)</b>	<b>Redemption Notice Period</b>
<b>Stable value fund</b>	<b>\$787,861</b>	<b>n/a</b>	<b>Daily</b>	<b>1 Day</b>

<b>December 31, 2023</b>	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency (If Currently Eligible)</b>	<b>Redemption Notice Period</b>
Stable value fund	\$860,233	n/a	Daily	1 Day

#### 5. Plan Termination

Although it has not expressed any intentions of doing so, the Company has the right under the Plan document to terminate the Plan at any time subject to the provisions of ERISA. If the Plan is terminated, participants would become 100% vested in their employer contributions and the assets would be distributed to the participants according to their respective account balances.

#### 6. Income Tax Status

The Company adopted a volume submitter plan, which received a favorable opinion letter from the IRS dated June 30, 2020. The letter stated the plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and is qualified for federal income tax-exempt status. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust exempt.

Generally, tax years 2021 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

#### 7. Party-In-Interest Transactions

The Company, participants, Strategic Advisers, Inc., Fidelity Management Trust Company (Fidelity), and Andrews Hooper Pavlik PLC have all been identified as parties-in-interest.

Certain investments consist of shares of mutual funds and a money market fund managed by Fidelity. In addition, Fidelity manages the Plan's stable value fund investment. Fidelity is the trustee, recordkeeper, and third party administrator of the Plan; therefore, these transactions qualify as party-in-interest.

# Marposs Corporation 401k Plan

## Notes to Financial Statements

December 31, 2024

### **7. Party-In-Interest Transactions (continued)**

Certain expenses, including salaries and services required for Internal Revenue Service reporting, related to the administration of the Plan were paid by the Company. The Company is the sponsor of the Plan and, therefore, these transactions qualify as party-in-interest.

Portfolio advisory services are offered by Strategic Advisers, Inc. through Fidelity Wealth Services. These services are used by some Plan participants. Participants pay a fee to Strategic Advisers, Inc. for use of the services; therefore, these transactions qualify as party-in-interest.

External financial statement audit services are provided by Andrews Hooper Pavlik PLC to the Plan, therefore, this transaction qualifies as party-in-interest.

In addition, notes receivable from participants are considered party-in-interest transactions.

### **8. Risk and Uncertainties**

The Plan's investments consist of mutual funds, a stable value fund, and a money market fund. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

## Report of Independent Auditors

To the Plan Administrator of  
Marposs Corporation 401k Plan  
Auburn Hills, Michigan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Marposs Corporation 401k Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Marposs Corporation 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marposh Corporation 401k Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marposh Corporation 401k Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marposh Corporation 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marposh Corporation 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

December 31, 2024

### **1. Description of Plan**

The following description of the Marposs Corporation 401k Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan which covers substantially all employees of the Marposs Corporation (Company and Plan Sponsor), meeting the eligibility requirements discussed below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In July 2023, the Plan sponsor acquired Solarius Development Corporation. Subsequent to the acquisition, an amendment to the Plan was executed to add Solarius Development Corporation as a related participating employer effective September 1, 2023.

#### **Eligibility**

Except for leased employees, nonresident aliens, and temporary employees, an employee who has attained the age of 21 is eligible to participate in the Plan and is eligible to make employee contributions and receive discretionary employer matching contributions. A participant is eligible to receive discretionary employer profit sharing contributions made by the Company if the participant meets the requirements noted below. Eligible participants may enter the Plan on the first day of the month coincident with or following the date that the eligibility requirements are met. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

#### **Contributions**

Contributions to participant accounts are made by employees through tax-deferred salary deductions and by the Company, at the discretion of management. Participants may voluntarily contribute up to 60% of their eligible compensation, not to exceed Internal Revenue Code (IRC) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis and change contribution percentages as of the first day of each month. Employees may directly "roll over" their assets from a qualified plan at a previous employer and transfer the assets into their Plan account.

### **1. Description of Plan (continued)**

#### **Contributions (continued)**

The Company may make discretionary matching contributions to all eligible participants of the Plan. Discretionary matching contributions are made for all eligible participants who were active at any time during the payroll period. The Company made discretionary matching contributions equal to 100% of the employee's elective contribution limited to 3.5% of the employee's eligible compensation for the years ended December 31, 2024 and December 31, 2023.

The Company may make an annual discretionary profit sharing contribution to the Plan. Participants who are employed on the last day of the Plan year are eligible for discretionary profit sharing contributions. If a participant is no longer employed on the last day of the Plan year due to death, disability, or retirement upon the normal retirement age of 55 years old, participants or their beneficiaries are eligible for discretionary profit sharing contributions. The Company did not elect to make any profit-sharing contributions for the years ended December 31, 2024 and 2023.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, an allocation of the Company's discretionary profit sharing contribution, and an allocation of Plan earnings or losses on investments. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### 1. Description of Plan (continued)

#### Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Company contributions and earnings thereon vest by the participants' years of service, except as noted below, as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The Millennium Automation retirement plan was previously merged into the Marposs Corporation 401k Plan. An amendment to the Marposs Corporation 401k Plan was made stating an alternative vesting schedule would apply to discretionary matching contributions received by Millennium Automation employees merged into the Marposs Corporation 401k Plan. The vesting schedule below applies to those participants meeting the criteria in the Plan amendment:

<b>Years of Service</b>	<b>Vested Percentage</b>
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

#### Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions, in any increments, to any of the investment options offered by the Plan. These options consist of several different mutual funds, a money market fund, and a stable value fund, each with its own financial goals and array of investments. Participants may change their investment options at any time.

## Notes to Financial Statements

December 31, 2024

### **1. Description of Plan (continued)**

#### **Forfeitures**

Forfeited non-vested accounts totaled \$1,538 as of December 31, 2024 and \$12 as of December 31, 2023. These accounts are first used to pay Plan-level administrative expenses, if so directed by the Plan Sponsor, then will be used to reduce future employer contributions. Administrative expenses of \$9,700 for the year ended December 31, 2024 and \$0 for the year ended December 31, 2023 were paid from forfeited non-vested accounts. Employer contributions were reduced by \$14,382 from forfeited non-vested accounts during the year ended December 31, 2024 and by \$5,971 during the year ended December 31, 2023.

#### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of the total vested account balance reduced by the outstanding balance of all other loans from the Plan on the date of the new loan application, or \$50,000, reduced by the highest loan balance outstanding during the prior 12 months. A participant may not have more than one loan outstanding at any time. Participant loans are secured by the vested balance in the participant's account and bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans. Principal and interest payments are made through payroll deductions over a term not to exceed five years, except for home purchase loans, which can be for terms consistent with normal mortgages.

#### **Distributions and Withdrawals**

Distributions and withdrawals are allowed upon retirement, attainment of age 59½, disability or death of the employee, as well as termination of service with the Company. A participant or their beneficiary may elect to receive a lump-sum distribution of their total vested account balance, subject to minimum distribution requirements by the IRC. If a participant is no longer employed by the Company, they may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined by the Plan document. The Company must approve any such hardship withdrawals.

## Notes to Financial Statements

December 31, 2024

### **1. Description of Plan (continued)**

#### **Administrative Expenses**

Certain administrative expenses were paid for by the Company. Additionally, certain administrative expenses were paid for by the Plan and are reflected in the accompanying financial statements.

### **2. Significant Accounting Policies**

#### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

#### **Subsequent Events**

Subsequent events have been evaluated through September 10, 2025, which is the date the financial statements were available to be issued.

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### **Fair Value Measurements**

In determining fair value, the Plan uses various methods including market, income, and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair value. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

# Marposs Corporation 401k Plan

## Notes to Financial Statements

December 31, 2024

### **2. Significant Accounting Policies (continued)**

#### **Fair Value Measurements (continued)**

Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

For the years ended December 31, 2024 and 2023, the application of valuation techniques applied to similar assets and liabilities has been consistent.

#### **Investment Income Recognition**

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

The change in aggregate fair value and the cost of investments purchased, sold, and held is reflected in the statement of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments.

#### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

## Notes to Financial Statements

December 31, 2024

### **3. Financial Data Certified by the Trustee (Unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investment balances and participant notes receivable balances held as of December 31, 2024 and 2023, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

### **4. Fair Value Measurements**

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds and Money market funds: Valued based on quoted market prices reported in active markets.

Stable value fund: The Plan holds an investment in a common collective trust fund (the “Fidelity Managed Income Portfolio Class I” or “MIP”). The investment in the MIP is presented at fair value, which reflects the net asset value (NAV) of the fund as a practical expedient. The NAV of the MIP is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive wrapper contract. The MIP’s NAV represents the Plan’s fair value since this is the amount at which the Plan transacts with the fund. A participant’s ownership of the MIP is represented by units. Units are issued and redeemed daily at the MIP’s constant NAV of \$1.00 per unit. Although it is the policy of the MIP to use its best efforts to maintain a stable NAV of \$1.00 per unit, there is no guarantee that the MIP will be able to maintain that value. The MIP is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. In the event that an issuer of a wrap contract fails to perform as intended, the MIP’s NAV may decline if the market value of its assets declines. Plan management believes the occurrence of events and circumstances that would cause the MIP to transact at less than NAV is not probable.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**4. Fair Value Measurements (continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Funds at NAV (1)</b>	<b>Total</b>
<b>2024</b>					
Mutual funds	\$ 39,400,644	\$ -	\$ -	\$ -	\$ 39,400,644
Money markets	475,122	-	-	-	475,122
Stable value fund	-	-	-	787,861	787,861
<b>Total assets at fair value</b>	<b>\$ 39,875,766</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 787,861</b>	<b>\$ 40,663,627</b>
<b>2023</b>					
Mutual funds	\$ 32,919,151	\$ -	\$ -	\$ -	\$ 32,919,151
Money markets	629,950	-	-	-	629,950
Stable value fund	-	-	-	860,233	860,233
<b>Total assets at fair value</b>	<b>\$ 33,549,101</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 860,233</b>	<b>\$ 34,409,334</b>

(1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation of investments in the fair value hierarchy table to amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the below redemption notice period is applicable only to participant level transactions.

#### 5. Plan Termination

Although it has not expressed any intentions of doing so, the Company has the right under the Plan document to terminate the Plan at any time subject to the provisions of ERISA. If the Plan is terminated, participants would become 100% vested in their employer contributions and the assets would be distributed to the participants according to their respective account balances.

#### 6. Income Tax Status

The Company adopted a volume submitter plan, which received a favorable opinion letter from the IRS dated June 30, 2020. The letter stated the plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and is qualified for federal income tax-exempt status. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust exempt.

Generally, tax years 2021 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

#### 7. Party-In-Interest Transactions

The Company, participants, Strategic Advisers, Inc., Fidelity Management Trust Company (Fidelity), and Andrews Hooper Pavlik PLC have all been identified as parties-in-interest.

Certain investments consist of shares of mutual funds and a money market fund managed by Fidelity. In addition, Fidelity manages the Plan's stable value fund investment. Fidelity is the trustee, recordkeeper, and third party administrator of the Plan; therefore, these transactions qualify as party-in-interest.

## Notes to Financial Statements

December 31, 2024

### **7. Party-In-Interest Transactions (continued)**

Certain expenses, including salaries and services required for Internal Revenue Service reporting, related to the administration of the Plan were paid by the Company. The Company is the sponsor of the Plan and, therefore, these transactions qualify as party-in-interest.

Portfolio advisory services are offered by Strategic Advisers, Inc. through Fidelity Wealth Services. These services are used by some Plan participants. Participants pay a fee to Strategic Advisers, Inc. for use of the services; therefore, these transactions qualify as party-in-interest.

External financial statement audit services are provided by Andrews Hooper Pavlik PLC to the Plan, therefore, this transaction qualifies as party-in-interest.

In addition, notes receivable from participants are considered party-in-interest transactions.

### **8. Risk and Uncertainties**

The Plan's investments consist of mutual funds, a stable value fund, and a money market fund. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
