The Related Group 401(k) Savings Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We have performed audits of the financial statements of The Related Group 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other matter – supplemental schedules required by ERISA**

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at end of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the

certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## The Related Group 401(k) Savings Plan

### NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

#### NOTE A - DESCRIPTION OF PLAN

The following description of The Related Group 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan covering eligible employees of PRH Investments, LLC, TRG Management Company, LLP and Related Development Texas, LP (collectively, the "Company"). Employees with two months of service and are at least 21 years old are eligible for participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

##### **Contributions**

Participants are automatically enrolled in the Plan on their first day of eligibility at a contribution rate of 2% unless a waiver of participation is submitted. Participants may elect to contribute up to 100% of their annual pretax compensation, as defined in the Plan, subject to maximum dollar limitations established by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). For the year ended December 31, 2024, the total maximum allowable tax deferred contribution to the Plan under the IRC from employee sources was \$23,000 plus catch-up contributions of \$ 7,500 for eligible employees.

The Plan provides that the Company may make matching contributions at its discretion subject to certain limitations. These contributions are allocated to participants as specified in the Plan. The Company's matching contributions will be contributed to the Plan each pay period based on participants' eligible compensation. For the year ended December 31, 2024, the Company matched 50% of the first 6% of the participants' compensation that was contributed to the Plan, up to a maximum of \$3,000.

##### **Participant Accounts**

Each participant's account is credited with the participant's contribution, allocations of the Company's matching contributions, if any, and investment earnings. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

##### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's matching contributions as follows:

| <u>Years of Service</u> | <u>Percentage Vested</u> |
|-------------------------|--------------------------|
| Less than three years   | 0%                       |
| Three years             | 100%                     |

##### **Application of Forfeitures**

Forfeitures of non-vested account balances of the Company's matching contributions are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used by the Company to reduce future company contributions payable under the Plan. As of December 31, 2024 and

**The Related Group 401(k) Savings Plan**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**  
**December 31, 2024 and 2023**

2023, forfeited non-vested accounts totaled \$69,928 and \$28,862, respectively. During the year ended December 31, 2024, \$192,082 was transferred from the forfeiture account and was applied to reduce Company contributions.

***Investment Options***

Upon enrollment in the Plan, a participant may direct his or her contributions, plus actual earnings thereon, to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

***Payment of Benefits***

Upon death, disability or retirement, participant accounts become 100% vested and participants or their beneficiaries may elect to receive an amount equal to the value of the participant's interest in his or her account in either a lump-sum or rollover distribution if the benefit payable does not exceed \$5,000. If the benefit exceeds \$5,000, the participant or his or her beneficiaries may elect to receive a single lump-sum payment or partial withdrawals.

Upon termination of service, benefits relating to employee contributions and vested employer contributions are distributed and subjected to the applicable taxes and penalties or rolled over if the total investment amount is \$5,000 or less. Upon termination of service, an automatic lump-sum distribution will be made for vested amounts less than \$1,000 and unless otherwise directed by the participant, automatic individual retirement account rollovers will be made for vested amounts between \$1,000 and \$5,000. Benefit payments are recorded as deductions from net assets available for benefits when paid.

***Notes Receivable from Participants***

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of one-half of their vested account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loan terms range up to five years unless it is for the purchase of a principal residence in which case the loan repayment period may not extend beyond 30 years from the date of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. As of December 31, 2024 and 2023, interest rates on participant loans ranged from 4.25% to 9.50%. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Principal and interest is paid ratably through payroll deductions. Each participant may have one loan outstanding at any one time.

***Record Keeper***

Transamerica Retirement Solutions, LLC ("Transamerica") is the Record Keeper for the Plan.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

***Use of Estimates***

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

**The Related Group 401(k) Savings Plan**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**  
**December 31, 2024 and 2023**

***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value (see Note C - Fair Value Measurements, for additional information). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

***Net Appreciation in Fair Value of Investments***

Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

***Risks and Uncertainties***

The Plan provides for investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits or the statement of changes in net assets available for benefits.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

***Administration of the Plan***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Expenses that are paid by the Company are excluded from these financial statements.

**NOTE C - FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets;

inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-Directed Brokerage Accounts* - Valued based on the fair value of the underlying investments. The underlying investments are carried at fair value based on quoted market prices.

*Collective Trusts* - The Plan holds interests in collective investment trusts (Transamerica Stable Value Fund and State Street Target Return), valued at NAV of units held to provide target date retirement funds and a stable value fund, that invest in money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. The NAV is used as a practical expedient to estimate fair value. Redemption can occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

**NOTE D - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Notes receivable from participants are considered party-in-interest transactions because they are transacted with Plan participants. Certain Plan investments include mutual funds managed by Transamerica. These transactions qualify as party-in-interest transactions. Administrative expenses paid directly to various service providers of the Plan were \$170,861 for the year ended December 31, 2024.

**NOTE E - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**NOTE F - TAX STATUS**

The Company adopted a volume submitter profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. The Plan has not applied for its own determination letter.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
