INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Trustees of the
MECA 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MECA 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Matrix Trust Company (Matrix) as of and for the year ended December 31, 2024 and United of Omaha Life Insurance Company (United) as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by United and Matrix agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITORS' REPORT (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the Plan financial statements. Such missing information, although not a part of the Plan financial statements, is required by Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the Plan financial statements in an appropriate operational, economic or historical context. Our opinion on the Plan financial statements is not affected by this missing information.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i - Schedule of Assets Held (At End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included

INDEPENDENT AUDITORS' REPORT (Continued)

in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by United agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The following description of the Metropolitan Entertainment and Convention Authority (hereinafter referred to as MECA) 401(k) Profit Sharing Plan (hereinafter referred to as the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of MECA (the Plan Administrator) who have attained the minimum age of 21 and have completed one year of service. Those employees who are employed in specific job titles are excluded from Plan participation. The Plan is subject to the provisions of the Governmental Accounting Standards Board (GASB). As of December 31, 2024 and 2023, there were 143 and 136 participants in the Plan, 134 and 124 of whom had account balances, respectively.

Contributions

Each year, participants may contribute the amount allowed by law of pretax annual compensation, as defined by the Plan. In 2020, participants were given the option to make Roth contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. MECA contributes a Safe Harbor Nonelective contribution limited to 3% of the participant's eligible compensation. MECA may also make additional discretionary matching and profit-sharing contributions, although no such contributions were made in 2024 or 2023.

The Plan features auto-enrollment, whereby all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Additionally, the Plan includes an auto-escalation feature in which the deferral rate for all participants deferring less than 10% are automatically increased by 1% each July 1st until the participant reaches 10% deferral. Participants may elect out of the auto-escalation feature.

Participant's Accounts

Each participant's account is credited with the participant's contributions, with the participant's share of earnings and appreciation in the value of investments, and with the allocations of MECA's contributions. Each participant's account is charged with any withdrawals or distributions made to the participant and allocations of investment losses and depreciation in the value of investments and administrative fees and expenses paid out of the Plan.

NOTE A – DESCRIPTION OF PLAN (Continued)

Participant's Accounts (Continued)

Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. A participant has 100% vested interest at all times in MECA's Safe Harbor Nonelective contribution portion of their accounts plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions credited to participant's accounts are based on years of continuous service. A participant is 20% vested after one year of credited service and vesting increases 20% per year until a participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The interest rates for notes receivable for the years ended December 31, 2024 and 2023 ranged from 4.25% to 9.50%. Principal and interest are repaid through payroll deductions, if available.

Payment of Benefits

Upon termination of service, retirement, disability or death, a participant may elect to receive the vested portion of his or her account. At age 59 ½ or with evidence of financial hardship, a participant may elect to receive a distribution from the pre-tax portion of their account. At age 59 ½, a participant may elect to receive a distribution from matching contributions if they have a 100% vested interest.

Forfeited Accounts

Forfeited non-vested accounts may be used to pay Plan expenses or to offset future MECA contributions to the Plan. There were no significant amounts forfeited for the years ended December 31, 2024 and 2023, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported additions to and reductions from net assets. Actual results could vary from estimates used.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by MECA. Expenses that are paid by MECA are excluded from these financial statements. Fees related to the administration of notes receivable from participants or distributions are charged directly to the participant's account and are included in administrative expenses. Investments related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS (Continued)
Years Ended December 31, 2024 and 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

Management evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Plan Management

Prior to July 1, 2024, the Plan contracted with United of Omaha Life Insurance Company (United), a Mutual of Omaha Company, which allocates funds toward the purchase of individual insurance and investment products. Effective July 1, 2024, Ascensus, LLC purchased the recordkeeping business of Mutual of Omaha. Matrix Trust Company (Matrix) is the custodian and trustee of Plan assets.

Subsequent Events

The Plan Administrator has evaluated subsequent events through September 17, 2025, which is the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY MATRIX AND UNITED

The following is a summary of the investment information as of and for the years ended December 31, 2024 and 2023 included throughout the Plan’s financial statements and supplemental schedule that were prepared by or derived from information provided by Matrix Trust Company and United Life Insurance Company (United), and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from Matrix Trust Company as of and for the year ended December 31, 2024 and from United as of and for the year ended December 31, 2023, that information provided to the Plan Administrator by Matrix and United related to the following investments is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following investments as of:

	December 31,	
	2024	2023
Investments at Fair Value	\$ 9,602,046	\$ 8,804,779

**MECA 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
Years Ended December 31, 2024 and 2023**

NOTE C – INFORMATION CERTIFIED BY MATRIX AND UNITED (Continued)

Matrix also certified to the completeness and accuracy of \$1,194,853 of net appreciation in fair value of investments and \$24,390 of interest and dividends related to the aforementioned investments for the year ended December 31, 2024.

United also certified to the completeness and accuracy of \$1,381,004 of net appreciation in fair value of investments and \$1,631 of interest and dividends related to the aforementioned investments for the year ended December 31, 2023.

NOTE D – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There is a hierarchy of three levels of inputs that may be used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

MECA 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
Years Ended December 31, 2024 and 2023

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. During 2024, Ascensus, LLC acquired the Mutual of Omaha recordkeeping business. This resulted in the Plan moving from a group annuity contract structure to a net asset value (NAV) platform effective July 1, 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund on the active market. The amounts are deemed to be actively traded.

Common Collective Trust Funds – Valued based on NAV of the underlying assets. The NAV is available to current investors and is the basis for current transactions therefore it has a readily determinable fair value.

Pooled Separate Accounts – Valued by calculating a unit value for each separate account investment based on the underlying assets, which include a mix of mutual funds, collective trusts, and managed accounts. All underlying investment options are valued daily. This daily price is considered the selling price for transfers and withdrawals and is calculated each day the principal market is open. The investment options are available for trading each day the principal market is open, and are available to any participant in the plan, unless restricted by the Plan Administrator.

Guaranteed Investment Account – Valued by projecting contract balances, at the valuation date, forward to maturity dates using the contract guaranteed interest rate net of management fees and then discounting this value back using the current new money declared interest rates for each appropriate maturity term. In cases where the remaining maturity term does not fall on a declared rate term, the rate is linearly interpolated from the nearest two maturity term rates. The current new money declared rates used for discounting the fair value are the only unobservable input.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guaranteed Investment	\$ 45,886	Discounted Cash Flow	Discount Rate	.63-5.05%	5.0888%

NOTE E – TAX STATUS

In November 2021, the Plan adopted a form of a pre-approved plan sponsored by Mutual of Omaha Insurance Company. The pre-approved plan has received an opinion letter from the Internal Revenue Service dated September 21, 2020 as to the pre-approved plan's qualified status. The pre-approved plan opinion letters have been relied upon by this Plan. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for periods prior to December 31, 2021.

NOTES TO FINANCIAL STATEMENTS (Continued)
Years Ended December 31, 2024 and 2023

NOTE F – PLAN TERMINATION

Although MECA has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H – RELATED PARTY TRANSACTIONS

Certain Plan investments are held by investments managed by Matrix Trust Company, the current custodian and trustee of the Plan. In addition, the Plan paid certain expenses related to Plan operations and investment activity to various service providers, including the Plan's recordkeeper, Ascensus, LLC, and the Plan's investment advisor and company, Mutual of Omaha Investor Services and United of Omaha. These transactions are exempt party-in-interest transactions under ERISA.
