INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators of the
GNS North America, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of GNS North America, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the GNS North America, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GNS North America, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GNS North America, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards,, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GNS North America, Inc. 401(k) Plan 's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GNS North America, Inc. 401(k) Plan 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, as identified in the table of contents, as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**GNS NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 - SIGNIFICANT PROVISIONS OF THE PLAN

The following brief description of GNS North America, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary plan description and to the plan document for complete information.

General

The Plan was adopted effective January 1, 2010, by GNS North America, Inc. 401(k) Plan (the Company or Plan Sponsor). The Plan is a defined contribution plan covering substantially all employees of the Company, as defined below. The Plan is subject to the provisions of the Employee Retirement Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee of the Plan is Ascensus Trust Company. The recordkeeper of the Plan is Ascensus, LLC. The administrator of the Plan is the Company. The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees become eligible to participate upon reaching the age of 21 and completing three consecutive months of service. Once eligible, employees will be enrolled on the first day of the pay period. Effective December 1, 2024, the eligible age was changed to age 18.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective December 31, 2024, after-tax roth contributions are allowable contributions into the Plan.

The Company provides a 100% Safe Harbor employer match of the first 5% of eligible compensation that a participant contributes to the Plan. The Company may also make a discretionary contribution (profit-sharing contribution) to the Plan. Safe Harbor matching contributions total \$640,723 and \$601,496, for the years ended December 31, 2024 and 2023, respectively. The Company did not make any discretionary contributions for the years ended December 31, 2024 and 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts. Participants direct the investment of their contributions into various investment options offered by the Plan.

**GNS NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 - SIGNIFICANT PROVISIONS OF THE PLAN (continued)

Vesting

Participants are 100% vested in their individual deferral, safe-harbor and rollover contributions and the allocated earnings thereon. A participant's vested interest in the employer discretionary contribution (previously established matching and profit-sharing contribution) is based upon the participant's years of continuous service. A participant is 100% vested after three years of credited service.

Forfeitures

As of December 31, 2024 and 2023 forfeited non-vested accounts totaled \$48,238 and \$155,799, respectively. These accounts may be used to reduce future employer contributions. Forfeitures used to reduce employer contributions during 2024 and 2023 were \$134,095 and \$177,129, respectively.

Hardship Withdrawals

A participant may elect to withdraw the balance of their account attributable to their pre-tax salary reduction election provided such withdrawal is to meet their immediate and significant financial needs.

Payment of Benefit

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, or annual installments. Additionally, in-service withdrawals are permitted for employees who have reach age 59½. For terminated participants with vested balances of \$5,000 or less, their vested balance may be automatically rolled into an IRA unless otherwise elected.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate at the prime rate, which would be made under similar circumstances and is fixed for the term of the loan. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence for up to 30 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Also, each participant may not have more than two loans outstanding at any time. As of December 2024, the Plan was amended to allow only one outstanding loan at a time.

NOTE 2 - ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

**GNS NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 - ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by its investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 22, 2025, the date the financial statements were available to be issued.

NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following is a summary of plan financial information and data certified as complete and accurate by Ascensus, LLC, the trustee, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

The supplemental schedule of assets (held at end of year) is derived from such certified information.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**GNS NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Money Market Funds:* Valued at net asset value (NAV). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

| | Assets at Fair Value as of December 31, 2024 | | | |
|----------------------------------|--|---------|---------|---------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | \$ 12,003,225 | \$ - | \$ - | \$ 12,003,225 |
| Investments at net asset value | | | | 325,700 |
| Total investments, at fair value | | | | \$ 12,328,925 |

**GNS NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

| | Assets at Fair Value as of December 31, 2023 | | | |
|----------------------------------|--|---------|---------|--------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | \$ 9,199,522 | \$ - | \$ - | \$ 9,199,522 |
| Investments at net asset value | | | | 529,967 |
| Total investments, at fair value | | | | \$ 9,729,489 |

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions or redemption notice period for these investments.

| December 31, 2024 | Fair Value | Unfunded Commitments | Redemption Frequency (if currently applicable) | Redemption Notice Period |
|--------------------|------------|-------------------------|---|--------------------------------|
| Money market funds | \$ 325,700 | n/a | Daily | None |
| December 31, 2023 | Fair Value | Unfunded Commitments | Redemption Frequency (if currently applicable) | Redemption Notice Period |
| Money market funds | \$ 529,967 | n/a | Daily | None |

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 6 - INCOME TAX STATUS

The Plan uses a pre-approved plan document sponsored by Ascensus LLC. Ascensus LLC received an opinion letter from the IRS, dated June, 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

**GNS NORTH AMERICA, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 6 - INCOME TAX STATUS (continued)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid during the year for legal, accounting, administrative and other services rendered by parties-in-interest are, in the opinion of the plan administrator, based on customary and reasonable rates for such services.

Certain administrative expenses of the Plan are paid directly by the plan sponsor and are not charged to the Plan.

The Plan maintains investments managed by Ascensus Trust Company, the trustee, and therefore, these transactions qualify as party-in-interest.

The Plan allows participants to take loans against their account balances, which are also considered exempt party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.
