## INDEPENDENT AUDITOR'S REPORT

To the Benefits Committee of the  
Columbus McKinnon Corporation Employee Stock Ownership Plan:

### Opinion

We have audited the accompanying financial statements of the Columbus McKinnon Corporation Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Columbus McKinnon Corporation Employee Stock Ownership Plan as of March 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Columbus McKinnon Corporation Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Columbus McKinnon Corporation Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **INDEPENDENT AUDITOR'S REPORT**

(Continued)

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Columbus McKinnon Corporation Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Columbus McKinnon Corporation Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **INDEPENDENT AUDITOR'S REPORT**

### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of March 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS

**MARCH 31, 2025 AND 2024**

### 1. DESCRIPTION OF PLAN

The following brief description of the Columbus McKinnon Corporation Employee Stock Ownership Plan (ESOP or the Plan) is provided for general information purposes only. Participants should refer to plan documents for complete information.

Columbus McKinnon Corporation (the Company) established the Plan effective as of November 1, 1988. The Plan operates, in relevant parts, as an employee stock ownership plan and is designed to comply with section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Individuals appointed by the Company's Board of Directors act as trustees to the Plan (the Trustee).

The Plan purchased Company common shares at various times and holds the stock in a trust established under the Plan. All shares were fully vested at March 31, 2025 and 2024. Subsequent to March 31, 2025, the Board of Directors of Columbus McKinnon Corporation adopted resolutions to terminate the Columbus McKinnon Corporation Employee Stock Ownership Plan (the Plan) effective August 4, 2025. The ESOP previously became closed to new participants effective January 1, 2012. The final ESOP allocation was made to ESOP participants as of March 31, 2015, and all participants were 100% vested in their respective ESOP account balance as of that date. As a result of the ESOP termination, the vested account balance of each ESOP participant will be distributed to such ESOP participant, who will have the option either to have their vested account balance distributed to them directly or have their vested account balance rolled over to the Company's qualified 401(k) plan, an individual retirement account or other eligible retirement plan. The Company anticipates that vested account balances will be distributed to ESOP participants in October 2025.

A summary of the ESOP's provisions is as follows:

#### **Eligibility**

Substantially all of the domestic nonunion employees of the Company and its domestic subsidiaries who have attained age 21 and have completed one year of service (minimum of 1,000 hours) are eligible to participate in the ESOP.

Effective December 31, 2011, the Plan was amended so that the term "eligible employee," does not include any individual who is hired after December 31, 2011.

#### **Contributions**

Each plan year (each 12-month period ending March 31, prior to the Plan paying off a loan payable on July 1, 2014), the Company contributed to the ESOP for each participant (a) who was actively employed as an employee on December 31 and who earned at least 1,000 hours of service as an employee in the calendar year ending December 31, or (b) who terminated employment on or after January 1 during a plan year after attaining age 55 and completing at least five years of eligibility service. The final share allocation occurred during the year ended March 31, 2015; there will not be any further share contributions to the Plan. Contribution allocations are made in shares of Columbus McKinnon Corporation stock. Columbus McKinnon Corporation is the Plan sponsor, and therefore, these transactions and related dividend income qualify as party-in-interest transactions.

## **1. DESCRIPTION OF PLAN (Continued)**

### **Vesting**

All participant accounts were 100% vested effective December 31, 2014.

### **Payment of Benefits**

Upon a participant's termination, the value of his or her account will be distributed if the value of the account is less than \$1,000 or, at the participant's option, either immediately or at any valuation date until retirement, as provided in the ESOP. A retiree may elect to defer distribution up to 73 years of age. The account of a participant who is not a 5% owner and who has not separated from service but has attained the age of 73 will commence distribution unless the participant elects to defer distribution until employment ceases. Valuation dates for distributions are September 30 or March 31.

During the year ended March 31, 2025, \$750,387 which includes 16,769 shares, was distributed to vested participants in cash and stock certificates (\$614,948 or 15,920 shares, distributed during the year ended March 31, 2024). As of March 31, 2025 and 2024, \$185,621 and \$516,448, respectively, is included in the ESOP assets for terminated participants who had requested distributions and were awaiting the updated valuation at March 31, 2025 and 2024, to receive them.

### **Participant Accounts**

The Plan is a defined contribution plan under which a separate individual account is established for each participant. As of each March 31 valuation date, each participant account is appropriately adjusted to reflect any increase or decrease in the fair market value of the Plan's assets during the period.

### **Dividends**

Dividends paid on stock allocated to a participant's stock account will be allocated to the participant's nonstock account. During the years ended March 31, 2025 and 2024 respectively, dividends of \$40,692 and \$45,645 were paid on the Company's common stock, including shares held by the Plan.

### **Voting Rights**

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which instructions have not been given by a participant.

### **Put Option**

Pursuant to Federal income tax requirements, the Plan contains a put option that is exercisable by plan participants in situations where Company stock is no longer traded on an established securities market. Specifically, the put option is a right of the participants to require that the Company buy any shares of its stock distributed to participants when there is no market for the trading of such shares. The price paid in the event the put option is exercised shall be representative of the fair market value of such stock. If the distribution is a total distribution of the participant's account, payment shall be made in five substantially equal annual payments, including interest. If the distribution is not a total distribution, payment shall be made no later than 30 days after the participant exercises the put option.

### **Diversification**

In accordance with the Plan document, employees who have attained 55 years of age and ten years of participation in the Plan have the option to diversify the investments in their stock accounts by selling a specified percentage of their shares at the current market value and transferring the sale proceeds to another defined contribution plan maintained by the Company.

## 1. DESCRIPTION OF PLAN (Continued)

### **Diversification (Continued)**

Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. The number of shares elected to be sold for diversification totaled 457 and 618 at March 31, 2025 and 2024, respectively. These diversification sales resulted in transfers being made to the Company's Thrift 401(k) Plan totaling \$16,106 and \$24,165 for the years ended March 31, 2025 and 2024, respectively.

### **Plan Termination**

The Company reserves the right to terminate the Plan at any time, subject to plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the IRC. Upon termination of the Plan, the Company's Board of Directors should direct the Plan to pay all liabilities and expenses of the trust fund.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Cash**

The Company maintains its cash in a bank money market account. The Company uses the balance in this account for transactions relating to diversification.

### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

### **Benefit Payments**

Benefits are recorded when paid.

### **Investment Valuation and Income Recognition**

The common shares of the Company are valued at fair value on March 31, 2025 and 2024. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on assets bought and sold as well as held during the year.

### **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Administrative Expenses

Substantially all administrative expenses are paid by the Company.

## 3. ADMINISTRATION OF PLAN ASSETS

The Plan is administered by Blue Ridge ESOP Associates. The Plan's assets, which consist principally of Company common shares, were held by American Stock Transfer & Trust Company, LLC (AST) for the period covering April 1, 2023 through July 1, 2023. Equiniti Trust Company, LLC (Equiniti) held the common shares thereafter and at each of the Plan years ending March 31, 2025 and 2024.. AST and Equiniti invest interest, and dividend income and makes distributions to participants at the direction of Blue Ridge ESOP Associates.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for Plan related fees are paid by the Company.

## 4. INVESTMENTS

The Plan's investments, at March 31, are presented in the following table:

	<u>2025</u>	<u>2024</u>
Columbus McKinnon Corporation stock:		
Number of shares	<u>142,867</u>	<u>160,093</u>
Cost	<u>\$ 1,846,989</u>	<u>\$2,027,229</u>
Fair value	<u>\$ 2,418,738</u>	<u>\$6,847,178</u>

## 5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

## 5. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

*Common Stocks:* Quoted prices in principal active markets for identical assets as of the valuation date (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31:

### Assets at Fair Value as of March 31, 2025

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Columbus McKinnon Corporation stock	\$ 2,418,738	\$ -	\$ -	\$ 2,418,738
Total assets at fair value	\$ 2,418,738	\$ -	\$ -	\$ 2,418,738

### Assets at Fair Value as of March 31, 2024
