**Independent Auditor's
Report**

To the Administrative Committee of
Metalico, Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Metalico, Inc. Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Metalico, Inc. Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Metalico, Inc. Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Metalico, Inc. Savings Plan's ability to continue as a going concern for December 31, 2024.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Metalico, Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Metalico, Inc. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at the end of the year, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Metalico, Inc. Savings Plan
Notes to Financial Statements
Years Ended December 31, 2024 and 2023

Note 1. Plan Description

The following description of the Metalico, Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401K defined contribution plan covering all full-time employees of Metalico, Inc. (The "Company") who have completed six months of service and are age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of their annual pretax compensation, as defined in the Plan and subject to the limitations imposed by the Internal Revenue Code, subject to certain discrimination tests prescribed by the Internal Revenue Code. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. During 2020 the Company added a Roth option to the plan. Employees can elect to have their contributions allocated to this option. Effective January 1, 2024, the Company modified its contribution structure, with now contributing 100% of the first 2.5% of the base compensation that a participant contributes to the Plan, subject to a maximum match of \$2,500 per participant. For the year ended December 31, 2023, the Company contributed 100% of the first 1% of the base compensation that a participant contributes to the Plan. The Plan may accept rollover contributions. Rollover contributions represent distributions received from other "eligible retirement plans," as defined in IRC section 401(a)(31)(E). Distributions from other plans are subject to certain conditions to be eligible for rollover into the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, Plan earnings and charged with an allocation of investment gains or losses, withdrawals and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The only benefit to which a participant is entitled is that benefit that can be derived from that participant's account.

Vesting

The participants are immediately vested in their voluntary contributions and any rollover amounts from another plan, plus actual earnings thereon. Vesting in Company contributions is based on years of continuous service. Each participant vests after three years of service.

Participants' Loans Receivable

Participants may borrow from their fund accounts a minimum of \$1,000, and up to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as transfers between the investment fund and the participants' loan account. Loans must be repaid within 5 years or up to 25 years for the purchase of a primary residence upon approval from the plan administrator. The loans are secured by the balance in the participants account and bear interest at a rate of 4.25% - 9.50% as of December 31, 2024. Principal and interest are paid ratably through weekly payroll deductions.

Note 1. Plan Description (continued)

Payment of Benefits

On termination of service due to retirement, disability or death, a participant or their beneficiary may elect to choose to receive a lump-sum amount equal to the value of the participant's vested interest in their account, partial withdrawal, or annual installments over a ten-year period. For termination of services due to other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution.

Forfeited Accounts

Forfeitures of non-vested employer matching contributions are used to reduce future matching contributions. For the years ended December 31, 2024 and 2023, \$10,031 and \$2,051 respectively was applied to reduce employer contributions. There were balances of \$2 and \$2,091 in the forfeited nonvested accounts for the years ending December 31, 2024, and 2023, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounting Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Income Recognition

Purchase and sale of securities are recorded on the trade date. Dividend income is recorded on the ex-dividend date and interest income is recorded on an accrual basis. Realized gains and losses are calculated as the difference between the proceeds from sales and related investment's fair market value at the beginning of the Plan year, or acquisition cost if acquired during the year. Unrealized appreciation and depreciation is calculated as the difference between the fair value of investments at the end of the year less their fair value of investments at the end of the year less their fair value at the beginning of the year, or acquisition cost, if acquired during the year.

Investment Valuation

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Metalico, Inc. Savings Plan
Notes to Financial Statements
Years Ended December 31, 2024 and 2023

Note 2. Summary of Significant Accounting Policies (continued)

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the plan:

Mutual Funds

The fair values of mutual fund and common stock fund investments are determined by obtaining market prices from reputable securities exchanges (level 1 assets).

Self Directed Brokerage Account

The fair values of Brokerage account assets are valued based on prices provided to the brokerage firm from external pricing sources and based on market prices.

Participant Loans

Participant loans are reported at cost. The fair value of participant loans is not reasonably estimated due to the restrictions placed on the transferability of the loans.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of the plan are paid by the sponsor and are not included in the statements of changes in net assets available for benefits. All reasonable administrative expenses, including those involved in retaining necessary professional assistance, may be paid from the assets of the Plan.

Note 3. Investments

Fair values of assets measured on a recurring basis as of December 31, 2024, are as follows:

	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$11,613,902	\$11,613,902	-	-
Self Directed Brokerage Account	715,973	715,973	-	-
	<u>\$12,329,875</u>	<u>\$12,329,875</u>	<u>-</u>	<u>-</u>

Fair values of assets measured on a recurring basis as of December 31, 2023, are as follows:

	Fair Value	Level 1	Level 2	Level 3
Mutual Funds	\$11,052,681	\$11,052,681	-	-
Self Directed Brokerage Account	1,175,207	1,175,207	-	-
	<u>\$12,227,708</u>	<u>\$ 12,227,708</u>	<u>-</u>	<u>-</u>

During the year ended December 31, 2024, and 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$294,851 and by \$934,084, respectively.

Note 4. Information Prepared and Certified by the Trustee

Bank of America, N.A. is the trustee of the plan's assets, which managed and executed all investment transactions during the years ended December 31, 2024, and 2023. The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A. has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments.

- Investments at fair value
- Changes in fair value of investments
- Interest, dividend, and gains (losses) on investments
- Schedule of assets (held at end of year)

Years Ended December 31, 2024 and 2023

Note 4. Information Prepared and Certified by the Trustee (continued)

The Plan's independent auditor did not perform any auditing procedures with respect to this information, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Note 6. Tax Status

The Plan has obtained a determination letter dated August 1, 1998, in which the Internal Revenue Service Stated that the Plan, as then designed was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Merrill Lynch. Merrill Lynch is the custodian as defined by the Plan and, therefore, these transactions qualify as Party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$1,707 and \$1,785 for the years ended December 31, 2024, and 2023, respectively.

Note 9. Use of Plan Assets for Financial Assurance and Participant Education

In accordance with ERISA Section 403(c)(1), plan assets are used exclusively for the benefit of participants and beneficiaries. During the plan year, the Plan Sponsor authorized the use of plan assets to cover reasonable expenses related to financial assurance and participant education services.

These services included:

- Retirement planning seminars and financial literacy workshops provided to participants at no additional cost.
- Educational materials and digital tools designed to help participants make informed decisions about their retirement savings.

All expenses were reviewed and approved by the Plan Committee and deemed necessary and reasonable in support of the plan's fiduciary obligations and participant engagement goals. Service provider compensation was benchmarked against industry standards and disclosed in Schedule C of Form 5500.

Participants may request additional information regarding these services and associated costs by contacting the Plan Administrator.

Note 10. Subsequent Events

Subsequent events have been evaluated for potential recognition or disclosure through October 1, 2025 which is the date the financial statements were available to be issued. There were no reportable subsequent events.
