Independent Auditors' Report

The Benefits Administrative Committee
Nationwide Insurance Companies and Affiliates Employee Health Care Plan:

Opinion

We have audited the financial statements of Nationwide Insurance Companies and Affiliates Employee Health Care Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not

a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

EMPLOYEE HEALTH CARE PLAN

Notes to December 31, 2024 and 2023 Financial Statements

(1) Description of the Plan

The following description of the Nationwide Insurance Companies and Affiliates Employee Health Care Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan.

General

The Plan provides medical benefits for eligible employees of Nationwide Mutual Insurance Company ("the Plan Sponsor") and certain subsidiaries. For hire dates prior to May 1st, 2022, employees were eligible to enter the Plan on the first day of the month following completion of one month of service. Effective May 1st, 2022, the Plan was amended to allow employees to enter the Plan on their initial day of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Assets

A portion of employer and employee contributions are deposited into a Voluntary Employee Beneficiary Trust ("the Trust") established pursuant to Internal Revenue Code ("IRC") Section 501(c)(9). The Trust is a Master Trust. The Trust holds assets for the Plan, Nationwide Insurance Companies and Affiliates Retiree Health Care Plan ("Retiree Plan") and Nationwide Insurance Companies and Affiliates Plan for Your Time and Disability Income Benefits ("Your Time & Disability Plan"). The Benefits Investment Committee is the Trustee of the Trust.

The Plan has a divided interest in cash included in the Master Trust. The Plan had a divided interest in a guaranteed investment fund ("GIF") investment included in the Master Trust as of December 31, 2023. During 2024, the GIF was transferred from the Plan to the Your Time & Disability Plan in exchange for cash. The Plan has an undivided interest in certain short-term investments included in the Master Trust. The interest earned on short-term investments for the year in the Master Trust is allocated to each participating plan based on the percentage of the Plan's investments in the Master Trust. The allocation percentage for short-term investments in the Master Trust was 2%, 24% and 74% for 2024 and 3%, 20% and 77% for 2023 for the Retiree Plan, the Plan, and the Your Time & Disability Plan, respectively.

Benefits

The Plan provides medical benefits to eligible employees, their beneficiaries and covered dependents. Medical benefits for certain employees are provided through insurance contracts and related premiums are recognized as a deduction to the Plan when due. All other benefits are paid by the Plan. The Plan has two coverage classifications: self-insured and insured. With self-insured, the Plan accepts the risk and is responsible for paying eligible expenses. With insured, the insurance company accepts the risk and is responsible for paying eligible claims.

The Plan also provides medical, dental and vision coverage for participants during periods of unemployment following certain qualifying events. Generally, coverage may be purchased by these participants for up to eighteen months, or thirty-six months if coverage ends for other specified events. Other legal requirements may extend these periods.

Contributions

Each year, an employee may elect benefits provided under the Plan. An employee's compensation is reduced by their share of the cost of the benefits elected. The employee's share of the cost of each benefit is determined annually by the Plan Sponsor. The Plan Sponsor also makes contributions to the Plan on behalf of the employees. Under current law, the Plan Sponsor is not permitted to deduct, for income tax purposes, amounts for future benefits for current employees unless contributions are paid to a Voluntary Employee Beneficiary Association subject to the IRC deductibility limits.

As of December 31, 2024 and 2023, the Plan's deficiency of net assets compared to the Plan's benefit obligations is expected to be funded through future contributions to the Plan.

Plan Termination

While it has not expressed any intent to do so, the Plan Sponsor has the right to modify the benefits provided to active employees, to discontinue their contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("U.S.") ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Significant estimates include certain investment valuations and estimated claims incurred but not reported. Actual results could differ significantly from those estimates.

Contributions

Employee contributions are recognized when withheld from employee's compensation. Employer contributions are recognized when authorized by the Plan Sponsor.

Investment in Master Trust

Master Trust investments consist of short-term investments, a GIF and cash. None of these investments had unfunded commitments as of December 31, 2024 and 2023. The Plan can redeem assets from the Trust at any time with no prior notice required to the Trustee.

Short-term investments consist of highly liquid mutual funds and are reported at fair value using the daily published net asset value. Investments in the GIF are group annuity contracts with Nationwide Life Insurance Company ("NLIC"), an affiliate. For the GIF, fair value is determined to be the contract value plus or minus a market value adjustment reported by the contract issuer. The market value adjustment is the amount deducted from or added to the contract value of the GIF if it would be terminated prior to its stated maturity date. The market value adjustment is calculated by comparing market value, which is determined by the Plan to represent an estimate of a market participant's valuation of the security, to the projected liability in the GIF. Additionally, certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data. The discount rate used in the GIF is the greater of Moody's A-rated intermediate term bond yield average or 7-year Treasury yield plus 0.75%. The average yield for the investment contracts based on actual earnings and on interest rate credited to participants was 3.40% and 3.21% for the years ended December 31, 2024 and 2023, respectively.

Purchases and sales of securities and the related realized gains and losses are recorded on the trade date. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized and unrealized investment gains and losses are recognized in Income from Master Trust in the Statement of Changes in Net Assets Available for Benefits.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities in the near term could be material to the financial statements.

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources while unobservable inputs reflect the Plan's view of market assumptions in the absence of observable market information. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. In determining fair value, the Plan uses various methods, including market, income and cost approaches.

The Plan categorizes its financial instruments into a three-level hierarchy based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument in its entirety.

NATIONWIDE INSURANCE COMPANIES AND AFFILIATES

EMPLOYEE HEALTH CARE PLAN

Notes to December 31, 2024 and 2023 Financial Statements

The Plan categorizes assets and liabilities held at fair value in the Statements of Net Assets Available for Benefits as follows:

Level 1. Unadjusted quoted prices accessible in active markets for identical assets or liabilities at the measurement date and mutual funds, where the value per share (unit) is determined and published daily and is the basis for current transactions.

Level 2. Unadjusted quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs (other than quoted prices) that are observable or that are derived principally from or corroborated by observable market data through correlation or other means. Primary inputs to this valuation technique may include comparative trades, bid/asks, interest rate movements, U.S. Treasury rates, Secured Overnight Financing Rate, prime rates, cash flows, maturity dates, call ability, estimated prepayments and/or underlying collateral values.

Level 3. Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimates of the assumptions market participants would use at the measurement date in pricing the asset or liability. Consideration is given to the risk inherent in both the method of valuation and the valuation inputs.

The Plan reviews its fair value hierarchy classifications for assets and liabilities. Changes in the observability of significant valuation inputs identified during these reviews may trigger reclassifications. Reclassifications are reported as transfers at the beginning of the reporting period in which the change occurs.

See Investment in Master Trust above for valuation methodologies for investments held.

Payment of Benefits

Medical benefits are recorded when paid by the Plan's third-party claims processors.

Administrative Expenses

Administrative expenses are the responsibility of the Plan and are recognized when incurred.

Subsequent Events

The Plan evaluated subsequent events through September 5, 2025, the date the financial statements were issued.

EMPLOYEE HEALTH CARE PLAN

Notes to December 31, 2024 and 2023 Financial Statements

Plan obligations for health claims incurred but not paid and incurred but not reported at the valuation date are estimated by the Plan's actuary in accordance with accepted actuarial principles. Such estimated amounts are reported as currently payable in the table above.

(4) Investment in Master Trust

The Plan employs a total return investment approach whereby investments are used to maximize the long-term return of plan assets for a prudent level of risk. Risk tolerance is established through careful consideration of plan liabilities, plan funded status and corporate financial condition. The investment mix is measured and monitored on an ongoing basis through regular investment reviews, annual liability measurements and periodic asset/liability studies.

(6) Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Plan Sponsor by a letter addressed to the trust dated July 7, 1995 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since requesting the determination letter, the Plan Sponsor and the Plan’s counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified pursuant to Section 501(c)(9) of the IRC. Accordingly, the trust’s investment income is exempt from income taxes, except for any portion of net investment income determined to be unrelated business income. The trust reported immaterial unrelated business income tax for the year ended December 31, 2024.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken by the Plan that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no material audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2021.

The Plan recorded no interest or penalties during the year ended December 31, 2024, and had not accrued any amounts for the payment of interest and penalties as of December 31, 2024 and 2023.

(7) Related Party and Parties-In-Interest Transactions

The Plan Sponsor is responsible for all benefit costs under the Plan, to the extent that these costs exceed employee contributions limited by the Plan’s benefit obligation caps established by the Plan Sponsor. The Plan Sponsor contributes amounts necessary to provide benefits under the Plan.

NLIC receives all contributions to the GIF and provides custodial, actuarial, investment and accounting services. NLIC is compensated for such services through investment and administrative fees, which are netted against interest income in the accompanying financial statements. These fees were immaterial for the year ended December 31, 2024.

The Bank of New York Mellon is the custodian of the Trust and the Plan has arrangements with various service providers that qualify as party-in-interest transactions; however, the Plan is exempt from the prohibited transactions rules under ERISA. The Plan paid \$7.9 million in administrative fees to United Health Care for the year ended December 31, 2024. All other fees paid to service providers were immaterial for the year ended December 31, 2024. Fees to service providers are included in the administrative expenses in the Statement of Changes in Net Assets Available for Benefits. The Plan is not charged for administration or other services performed on its behalf by the Plan Sponsor.
