## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of  
Garrett Electronics, Inc. Retirement Savings Plan  
and Board of Directors of Garrett Electronics, Inc.

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Garrett Electronics, Inc. Retirement Savings Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter — Supplemental Schedules Required by ERISA**

The Supplemental Schedule H, Line 4i – Schedule of Assets Held as of December 31, 2024 (“Supplemental Schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the Supplemental Schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the Supplemental Schedule that was agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the Supplemental Schedule, we evaluated whether the Supplemental Schedule, other than the information that was agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the Supplemental Schedule, other than the information in the Supplemental Schedule that was agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the Supplemental Schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **1. Plan Description**

The following description of the Garrett Electronics, Inc. Retirement Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined contribution plan, established April 1, 1993, covering all employees of Garrett Electronics, Inc. (“Sponsor”) who have three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan excludes leased employees, independent sales representatives, and interns. Employees can enter the Plan the first day of each month after meeting eligibility requirements.

##### **Contributions and Enrollment**

Participants may contribute a percentage of their annual eligible compensation, as defined in the Plan, subject to legal maximum limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions in various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees (after February 1, 2021) are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their initial salary deferral percentage set at 3% of eligible compensation and their contributions invested in a target-date investment fund until changed by the participant.

The Sponsor may elect to make matching and profit-sharing contributions at an amount, if any, determined periodically. Matching contributions are generally based on a percentage of participant salary deferrals. Profit-sharing contributions are made to participants employed on the last day of the Plan year. The Sponsor matched 25% of participant salary deferrals in 2024. No profit-sharing contributions were made in 2024.

##### **Participant Accounts**

Each participant’s account is credited with the participant’s contributions and Sponsor discretionary contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balance, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

### **Payment of Benefits**

Upon termination of service, a participant may elect to have their account balance distributed either as a direct rollover or paid directly to them. If the participant does not elect a rollover distribution, the participant will receive either a lump-sum equal to the value of his or her account or partial payments available under the Plan. Vested account balances less than \$1,000 associated with terminated participants may be distributed without the participant's consent.

### **Vesting**

Participants are fully vested immediately in their contributions plus earnings thereon. The Sponsor allowed all participants in the Plan as of January 1, 2021, to be 100% vested in Sponsor provided contributions plus earnings thereon. Vesting in Sponsor provided contributions for participants enrolled in the Plan after January 1, 2021, follow a vesting schedule based on years of continuous service. A participant is 100% vested in Sponsor provided contributions after four years of credited service at a rate of 25% each year.

### **Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to an amount limited to the lesser of \$50,000 or 50% of their vested account balance. General purpose loan terms may not exceed 5 years. Loans for the purpose of purchasing a primary residence may not exceed 15 years. Loans are secured by the balance in the participant's account. Principal and interest are repaid ratably through bi-weekly payroll deductions. The loan interest rate is set based on market terms (4.25% to 9.50% at December 31, 2024).

### **Forfeited Amounts**

Forfeited amounts may be used to offset Sponsor contributions or pay administrative expenses. Forfeited nonvested amounts were \$0 and \$655 as of December 31, 2024 and 2023, respectively.

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

This summary of significant accounting policies of the Plan is presented to assist readers in understanding the financial statements. These financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP").

**Garrett Electronics, Inc. Retirement Savings Plan**  
**Notes to financial statements**  
**December 31, 2024 and 2023**

---

**Contributions**

Participant contributions are recorded in the period that salary deferrals are withheld from compensation paid to participants. Employer provided contributions are recorded when matched or approved.

**Investment Valuation and Income Recognition**

Investments are reported at fair value, except for fully benefit-responsive investment contracts, if applicable, which are reported at contract value. The Plan Sponsor determines investment valuation policies utilizing information provided by investment advisors and custodians. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses was necessary as of December 31, 2024 and 2023. A participant loan balance is reduced, and a benefit payment is recorded (deemed distribution) if a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default.

**Payment of Benefits**

Benefit payments are processed and recorded when withdrawal procedures are completed by participants in accordance with the Plan agreement. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions as of December 31, 2024 and 2023.

**Use of Estimates**

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **Fair Value Measurements**

GAAP defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements.

Fair value is defined as the exit price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a fair value hierarchy that prioritizes and ranks the inputs in valuation techniques used to measure fair value. The fair value hierarchy maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Inputs using quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs, other than Level 1 prices, such as quoted prices in active markets for similar assets and liabilities in markets that are not active, or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. This includes discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires the Plan to classify these assets and liabilities in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. The Plan is not responsible for reimbursing expenses paid by the Sponsor. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

### Notes to financial statements

December 31, 2024 and 2023

---

#### Subsequent Events

Subsequent events have been evaluated for potential recognition or disclosure through September 29, 2025, which is the date the financial statements were available to be issued.

#### 3. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

	Assets Measured at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 1,475,458	\$ -	\$ -	\$ 1,475,458
Registered mutual funds	18,302,034	-	-	18,302,034
Investments, at fair value	<u>\$ 19,777,492</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,777,492</u>

	Assets Measured at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 1,566,452	\$ -	\$ -	\$ 1,566,452
Registered mutual funds	15,440,857	-	-	15,440,857
Investments, at fair value	<u>\$ 17,007,309</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,007,309</u>

The Plan's money market and registered mutual funds are valued at the daily closing prices as reported by the funds. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

#### 4. Income Tax Status

The Plan agreement is based on a pre-approved plan design. The IRS provided a favorable opinion on the form of this plan design on June 30, 2020. The Plan Sponsor believes that the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code. No provision for income taxes has been included in the Plan's financial statements as a qualified and tax-exempt trust.

GAAP requires the Plan to evaluate tax positions taken and recognize a tax liability (or asset) if the entity has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There were no uncertain tax positions as of December 31, 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **5. Plan Termination**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## **6. Party-in-Interest and Related Party Transactions**

The Plan engaged Fidelity and its affiliated entities as the trustee, custodian, recordkeeper, and third-party administrator effective January 1, 2021. The Plan also engages Frost Retirement Services to provide investment and benefit plan advisory services. Administrative expenses are comprised primarily of services provided by these firms.

Certain administrative functions are performed by officers and employees of the Sponsor for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the Sponsor for these services. In addition, the Sponsor pays the cost of audit services provided for the Plan.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

## **7. ERISA Section 103(a)(3)(C) – Certified Information**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by the Plan Sponsor and was agreed to and derived from information certified as complete and accurate by Fidelity Management Trust Company (“Trustee”). As such, this information was not audited.

## **8. Risks and Uncertainties**

The Plan invests in various investment securities and funds. Investments carry risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.
