INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Pennsylvania General Energy Company, LLC Retirement Plan
Warren, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pennsylvania General Energy Company, LLC Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Northwest Bank, a qualified institution, as of and for the years ended December 31, 2024 and 2023, respectively, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT

(continued)

- The information in the financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT

(continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for purposes of additional analysis, and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

INDEPENDENT AUDITOR'S REPORT

(continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Pennsylvania General Energy Company, LLC Retirement Plan ("Plan") is a 401(k) salary reduction plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan established to provide retirement benefits for employees of Pennsylvania General Energy Company, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Eligibility

An employee becomes eligible to participate in the Plan on the first day of the payroll period coinciding with or next payroll period, following the date of completion of three months of service and attaining the age of twenty-one.

Contributions

Participants may direct the Company to contribute a deferral of their annual compensation to the Plan, subject to overall limitations (\$23,000 in 2024 and \$22,500 in 2023) imposed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 by the end of the Plan year are eligible under the IRC to make additional catch-up contributions (limited by the IRC to \$7,500 in both 2024 and 2023). These deferred salary contributions are classified as participant contributions in the financial statements. In addition, participants who receive qualified distributions from another qualified plan may be able to rollover such distributions into the Plan.

In order to maintain safe harbor status, the Company makes safe harbor matching contributions equal to 100% of a participant's salary deferrals not to exceed 3% of compensation plus 50% of a participant's salary deferrals greater than 3% not to exceed 5% of compensation. The Company may also elect to make discretionary profit-sharing contributions. Safe harbor matching contributions and any discretionary profit-sharing contributions are classified as employer contributions in the financial statements. Employer contributions during the years ended December 31, 2024 and 2023 are comprised of safe-harbor matching contributions as no profit sharing contributions were made during these years.

PENNSYLVANIA GENERAL ENERGY COMPANY, LLC
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Participant accounts

Each participant's account is credited with the participant's deferred salary contributions, Company contributions, and an allocation of Plan earnings based on the investment options selected by the participant. Each participant's account is reduced by participant withdrawals, forfeitures, and an allocation of Plan earnings (losses) based on investment options selected by the participant.

Vesting

Participants are immediately vested in their deferred salary contributions and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of continuous service. For those contributions, participants are vested 20% after two years of continuous service plus 20% for each additional year of continuous service up to 100%. Terminated employees are entitled to their vested amounts.

Notes receivable from participants

Participants may borrow from their vested account balance in amounts ranging from a minimum of \$1,000 to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participant's account balance. Fixed interest rates on loans are consistent with a commercially reasonable rate of interest. Fixed interest rates on loans are based on the prime rate plus 1% at the date of loan origination. Loan principal and interest payments must be made according to terms of each promissory note and prepayments may be made at any time. A maximum repayment period of five years applies to all loans, except for loans used to acquire a principal residence with a payback period of 15 years. Interest rates on outstanding loans as of December 31, 2024 ranged from 4.25% to 9.50%.

The balance of loans in default (as defined) is reported to the participant as taxable income and is subject to personal income taxes and penalties. Such loans remain outstanding and continue to accrue interest even though they have been reported to a participant on Form 1099 (a "deemed distribution"). Loans will not be charged against the participant's vested account balance until approval is received to offset the loan due to the participant's termination of service, retirement, death, disability, attainment of age 59-1/2, or reaching the earliest date that distribution is permitted under the Plan.

PENNSYLVANIA GENERAL ENERGY COMPANY, LLC
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Distributions of benefits

Upon death, retirement or other termination of employment, the participant or beneficiary has the option to leave their vested balance in the Plan, receive a lump-sum distribution, or receive installment distributions subject to Plan provisions. A participant may, in the event of hardship, be permitted to withdraw all or a portion of deferred salary and rollover contributions in accordance with Plan provisions.

Forfeitures

Forfeitures can be used to pay Plan expenses or applied as reductions of employer contributions. The balance of the forfeiture account was \$3,419 and \$0 for the years ended December 31, 2024 and 2023, respectively. Forfeitures of \$1,045 and \$0, respectively, were utilized to offset employer contributions for the years ended December 31, 2024 and 2023.

Plan termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time. In the event of termination, the interests of participants affected by the termination and their beneficiaries under the Plan shall be vested and non-forfeitable.

Administrative expenses

The Company elects to pay certain Plan expenses from its own assets. To the extent that the Company elects not to pay for Plan expenses, the Plan permits the payment of such expenses from Plan assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

PENNSYLVANIA GENERAL ENERGY COMPANY, LLC
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in assets during the reporting period. Actual results could differ from those estimates.

Investments

The Plan provides various investment options, including common collective trusts and mutual funds. Mutual fund investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (“SEC”). These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. As of December 31, 2024, the Plan holds several common collective trust investments. The common collective trusts are valued at the NAV of units held by the Plan at year-end. The nature of the common collective trusts is such that Plan participants may redeem units with a one-day notice; however, the issuer of the common collective trusts may, at its sole discretion, impose restrictions on the redemption of units.

Investment transactions are accounted for on the trade date (date the order to buy or sell is executed). Interest and dividend income are recorded when earned. All gains and losses (realized and unrealized) on investments recorded at fair value, bought and sold as well as held during the year, are included in net appreciation in fair value of investments in the statements of changes in assets available for benefits. Capital gain distributions from mutual funds are included in net appreciation in fair value of investments in the statements of changes in assets available for benefits.

The Plan provides for various investment options that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the fair value of investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution in accordance with the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefit payments are recorded when paid.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through September 29, 2025, the date on which the financial statements were available to be issued.

NOTE 3 - FEDERAL INCOME TAX EXEMPTION

The Plan is operating under a prototype plan document of Definiti, LLC. The most recent determination letter for the prototype plan document is dated June 30, 2020. In this letter, the Internal Revenue Service stated that the Plan, as designed, is in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. In the opinion of the Plan Administrator, the Plan as amended is currently designed in compliance with the applicable requirements of the IRC and is being operated in accordance with the terms of the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes they are no longer subject to income tax examinations for periods prior to 2021.

NOTE 4 - CERTIFICATION

Northwest Bank, the Trustee of the Plan, has certified the information about investments, notes receivable from participants, and related income contained in the financial statements and schedule of assets held at end of year as complete and accurate as of and for the years ended December 31, 2024 and 2023.

NOTE 5 - INVESTMENTS

The Plan provides participants the opportunity to direct both participant and employer contributions into separate investment funds. However, investment managers have the authority to make investment decisions within each fund.

Fair value measurements

Investments measured and reported at fair value are classified and disclosed in one of the following categories based on the extent of market price observability.

Level I – Inputs are quoted prices in active markets for identical assets as of the reporting date. Investments in mutual funds and cash equivalents are included in Level I.

Level II – Inputs are other than quoted market prices included within Level I, however, are observable, either directly or indirectly. The Plan holds no Level II investments.

Level III – Inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan holds no Level III investments.

The valuations of the Plan’s investments by the above fair value hierarchy levels as of December 31, are as follows:

	2024				
	Level I	Level II	Level III	Investments measured at NAV	Total
