Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **LITMAN GERSON ASSOCIATES, LLP**

(2) EIN: **04-2694095**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

Independent Auditors' Report

To the Plan Administrator of
SPS New England, Inc. Profit Sharing/Retirement Plan
Salisbury, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of SPS New England, Inc. Profit Sharing/Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of SPS New England, Inc. Profit Sharing/Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment and notes receivable from participants information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SPS New England, Inc. Profit Sharing/Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SPS New England, Inc. Profit Sharing/Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SPS New England, Inc. Profit Sharing/Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SPS New England, Inc. Profit Sharing/Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPS New England, Inc. Profit Sharing/Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the SPS New England, Inc. Profit Sharing/Retirement Plan (the Plan) provides only general information. Plan participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees sponsored by SPS New England, Inc. (the Company). The Plan Administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan is subject to the provisions of the Internal Revenue Code of 1986 (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was originally established on January 1, 1996 and was most recently amended effective January 1, 2023 to remove all other participating employers from the Plan.

Eligibility

The Plan covers all employees of the Company, except for employees classified as shop assistant laborer or yard assistant laborer, employees covered by collective bargaining agreements, leased employees, non-resident aliens, residents of Puerto Rico, and highly compensated individuals who have not attained 21 years of age and completed 1,000 hours of service in their first 12 months of employment or in any plan year with the Company. Eligible employees may enter the Plan immediately upon hire.

Setting Every Community Up for Retirement Enhancement (SECURE) Act and SECURE 2.0 Act

The SECURE Act and the SECURE 2.0 Act had various provisions in effect during the year ended December 31, 2024. The most significant change required including long-term part-time (LTPT) employees who attained 500 or more hours of service in three consecutive 12-month eligibility computation periods beginning in 2021 as eligible employees for participant contributions. The Plan is required to be formally amended on or before December 31, 2025 for the SECURE Act and on or before December 31, 2026 for the SECURE 2.0 Act.

Contributions

Participants who are not considered prevailing wage employees, as defined, may elect to defer and contribute pre-tax and Roth contributions up to 100% of their eligible compensation after taking into account required withholdings, as defined, not to exceed certain statutory limits. Participants that have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary employer matching contributions, equal to a percentage of participant contributions, for each eligible participant who has completed 1,000 hours of service during the applicable plan year and is employed by the Company on the final day of the applicable plan year. For the year ended December 31, 2024, the Company made no discretionary employer matching contributions. The Plan also provides that the Company may make discretionary employer profit-sharing contributions on behalf of each eligible participant who has completed 1,000 hours of service during the applicable plan year and is employed by the Company on the final day of the applicable plan year as determined by the Company. For the year ended December 31, 2024, the Company made no discretionary employer profit-sharing contributions.

All contributions and compensation are subject to certain Internal Revenue Service (IRS) limitations.

SPS New England, Inc. Profit Sharing/Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan...continued

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary employer matching contributions (if any) as well as allocations of discretionary employer profit-sharing contributions (if any) and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on a participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balances. A participant may borrow from his or her vested account balance a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period, or 50% of his or her vested account balance. Loan terms are limited to a maximum of five years with the exception of loans used to purchase a primary residence, which must be repaid in a period up to 15 years. Notes receivable from participants are secured by the balances in applicable participant accounts and bear interest at the prime interest rate as published in the Wall Street Journal on the first business day of the month the loan is originated (7.50% as of December 31, 2024). Principal and interest are paid ratably through regular payroll deductions for actively employed participants.

The Plan Administrator shall consider a loan in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. In the event of a default or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. As of December 31, 2024, the rate of interest on outstanding notes receivable from participants ranged from 3.25% to 8.50% with various maturities through 2029.

The maximum number of loans a participant may have outstanding at any one time is one. Certain other restrictions apply to notes receivable from participants as defined in the plan document.

Vesting

Each participant is immediately vested in his or her voluntary contributions plus actual earnings thereon. Participants begin vesting in discretionary employer matching contributions and discretionary employer profit-sharing contributions after two years of credited service and become fully vested after six years of credited service. One year of credited service is defined as a plan year in which a participant works a minimum of 1,000 hours. Participants will become immediately vested in all contribution sources upon normal retirement age (65), disability, or death. Participants who contributed to the Plan on prevailing wage compensation prior to January 1, 2022, remain fully vested in those contributions. Participants who were not credited with at least one hour of service after January 1, 2007 are subject to different vesting provisions.

Forfeitures

Forfeitures represent the nonvested portion of terminated participant account balances plus related earnings. Forfeitures may be applied to reduce cash required to fund future employer contributions or to pay reasonable expenses of the Plan. The balance of forfeited amounts available to be used as of December 31, 2024 and 2023 was \$24,171 and \$35,492, respectively.

During the year ended December 31, 2024, \$24,288 of forfeitures were used to pay the Plan's expenses. During the year ended December 31, 2024, no forfeitures were used to reduce employer contributions.

1. Description of Plan...continued

Payment of Benefits

Withdrawals may be made from a participant's account at retirement, death, disability, or termination of employment. The participant's vested account shall be distributed to the participant (or to the participant's beneficiary in the event of the participant's death) in a single lump-sum payment or substantially equal payments to withdraw all or a portion of his or her account. If a participant terminates service, the entire vested amount in his or her vested account may be distributed or rolled over into another qualified plan, as directed by the participant. If a participant terminates service and the vested amount does not exceed \$1,000, the vested benefit is to be paid to the participant in a single lump-sum as soon as practical without regard to the consent of the participant. If the vested amount is greater than \$1,000 and less than \$5,000, the vested benefit may be rolled over to an individual retirement account in the participant's name as soon as practical without regard to the consent of the participant. Participants over age 59 ½ may elect to withdraw all or a portion of their vested accounts while still employed at the Company.

Distribution shall be made to an eligible participant from his or her vested account as soon as reasonably practicable following the date the participant's application for distribution is received by the Plan Administrator, but in no event later than the participant's attainment of age 73.

Certain other restrictions apply to distributions as defined in the plan document.

Investment Elections

Each participant shall direct the investment of his or her account and shall select among various mutual funds, common collective trusts, variable annuities, and a guaranteed interest account held with an insurance company. Each participant has the ability to change his or her investment allocations at any time.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the applicable participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. For the year ended December 31, 2024, the Company paid certain other administrative expenses incurred by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP) to ensure net assets available for benefits and changes in net assets available for benefits are consistently reported. References to GAAP issued by the FASB in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies...continued

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisers and Empower Trust Company, LLC (Empower), the trustee. See Note 3 for discussion of fair value measurements.

A fully benefit-responsive investment contract held by a defined contribution plan is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the contract value of the fully benefit-responsive investment contract. See Note 4 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of investments are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus any accrued, but unpaid interest. Interest is recorded on the accrual basis. As of December 31, 2024 and 2023, accrued but unpaid interest has been deemed insignificant to the Plan. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be in default, notes receivable from participants are reduced and a benefit payment is recorded within the statement of changes of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The Plan discloses the fair value of investments in accordance with FASB ASC Topic No. 820, *Fair Value Measurements* (ASC 820). The framework under ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

SPS New England, Inc. Profit Sharing/Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

3. Fair Value Measurements...continued

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means; or
- if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds – Mutual funds are valued at the daily closing price as reported by each fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified as Level 1.

Common collective trusts – Common collective trusts are valued at the NAV of units held by the applicable common collective trust. The NAV, as provided by Empower, is used as a practical expedient to estimate fair value based on the fair value of the underlying investments held by the applicable fund less its liabilities. This practical expedient is not used when it is determined to be probable that the applicable fund will sell the investment for an amount different than the reported NAV. Transactions of investments or withdrawals may occur on a daily basis and there are no redemption restrictions. There were no unfunded commitments as of December 31, 2024 and 2023.

Variable annuities – Variable annuities are valued using NAV based on the fair value of the underlying investments, which are derived from market quotations, adjusted for the expense factor disclosed in the applicable annuity contract. Variable annuities are classified as Level 2.

4. Investment Contract with Insurance Company

Guaranteed Interest Account

The Plan entered into a fully benefit-responsive investment contract insured by Empower Annuity Insurance Company of America (EAICA), which is subject to the terms and conditions of the group annuity contract and the claims-paying ability of EAICA.

The Plan's contract investment balance is credited with earnings based upon contractually determined interest rates and is charged for the Plan's withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan (1.41% for the year ended December 31, 2024). The issuer establishes an effective annual interest rate quarterly. In no event will such effective annual interest rate be less than the minimum interest rate as defined by the contract.

The guaranteed interest account is included in the financial statements at contract value as reported to the Plan by the issuer. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) material misrepresentation, or (4) a material amendment to the agreement without consent to the issuer. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

SPS New England, Inc. Profit Sharing/Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

4. Investment Contract with Insurance Company...continued

The crediting interest rate of the contract is based on an agreed-upon formula with the issuer, as defined in the contract agreement, but cannot be less than the minimum annual interest rate in effect during each annual rate period, and the minimum annual interest rate in effect during any annual period will not be less than the agreement minimum interest rate, as defined.

5. Information Prepared and Certified by Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and the related investment and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

6. Tax Status

The Plan has adopted a pre-approved plan in which the IRS determined, by an opinion letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

8. Party-in-Interest Transactions

One of the Plan's investments is a guaranteed interest account managed by an affiliate of Empower and therefore, this transaction qualifies as a party-in-interest transaction as that term is defined in Section 3(14) of ERISA. In addition, the Plan issues notes receivable to participants, which are secured by balances in participant accounts, which constitute party-in-interest transactions.

SPS New England, Inc. Profit Sharing/Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

9. Risk and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

The Plan has evaluated subsequent events for potential disclosure or recognition through September 30, 2025, the date the financial statements were available to be issued.

Effective January 1, 2025, the SECURE 2.0 Act expanded LTPT provisions to include employees who attained 500 or more hours of service in two consecutive 12-month eligibility computation periods beginning in 2021 as eligible employees for participant contributions. Further, participants from ages 60 to 63 will be allowed to contribute catch-up contributions equal to 150% of the standard limit.
