Independent Auditor's Report

Plan Administrator
The Edenwald 401(k) Retirement Plan
Towson, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Edenwald 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Edenwald 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Edenwald 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Edenwald 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Edenwald 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Edenwald 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matter – Supplemental Schedules Required by ERISA (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Edenwald 401(k) Retirement Plan

Notes to Financial Statements

For the years ended December 31, 2024 and 2023

1. Description of Plan

The following description of The Edenwald 401(k) Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution salary deferral plan which provides an individual account for each participant and provides benefits upon retirement that are based on amounts contributed by the employee and employer matching and discretionary contributions plus earnings on those contributions less any Plan administrative expenses. The Plan was established on January 1, 1989.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

The Plan covers all employees of The General German Aged People’s Home of Baltimore d/b/a Edenwald (the “Plan Sponsor”), except leased and union employees, and nonresident aliens receiving no U.S. earned income from the Plan Sponsor. The Plan allows those who have at least one hour of service in the first two months employed, and who are age 21 or older to become eligible. An employee becomes eligible to participate in the Plan after sixty days of employment if the service and age requirements are met.

Contributions

Eligible participants may defer up to 75% of their eligible compensation, not to exceed the limits of Internal Revenue Code (“IRC”) Sections 401(k), 402(g), 404 and 415, of \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively.

The Plan Sponsor makes a Safe Harbor contribution of up to 5% of eligible compensation, as defined by the Plan, for the years ended December 31, 2024 and 2023. The Plan Sponsor’s match is eligible to any participants who are deferring compensation under the Plan.

The Plan Sponsor may also contribute a discretionary contribution which is determined by the Plan Sponsor on an annual basis as a percentage of the employee’s compensation. The Plan Sponsor did not make an employer discretionary contribution for the 2024 and 2023 Plan years.

The Edenwald 401(k) Retirement Plan

Notes to Financial Statements

For the years ended December 31, 2024 and 2023

1. Description of Plan (continued)

Participant Accounts

All employees over the age of 50 before the close of the Plan year are eligible to make catch-up contributions of \$7,500 for 2024 and 2023 under IRC Sections 401(a)(30), 402(g) and 414(v). Participant and Plan Sponsor contributions are directed by the participants into various investment options offered by the Plan.

Each participant's account is credited with the participant's contributions, allocations of the Plan Sponsor's matching and additional contributions and Plan earnings less an allocation of any administrative expenses. The additional contribution is allocated based on the participant's eligible compensation as compared to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participant may redirect their investments at any time to any of the available funds in the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, employer safe harbor matching contributions, and rollover accounts, plus actual earnings thereon. The Plan Sponsor's discretionary contribution portion of their accounts is based on the service requirement of one hour of service in the first two months employed. Failure to meet the requirement means no vesting credit is given to the participant. Participants are 100% vested in the Plan Sponsor's discretionary matching contribution after the completion of three years of service; no vesting takes place in years one or two.

Any contributions that are not vested are forfeited upon termination. If a terminated participant receives a distribution of their vested balance, as defined by the Plan, is re-employed prior to incurring five consecutive one year breaks in service, and such participant restores their vested balance, the amount forfeited will be restored to their account. If the participant does not return, the forfeitures are used to reduce Plan Sponsor contributions for the Plan year in which the forfeitures occurred. Notwithstanding the above, a participant shall be fully vested in their entire account upon the attainment of age 65, upon the attainment of age 55 with 3 years of service, death, disability, or if the Plan is terminated.

Participant Loans

The Plan does not permit participant loans.

Payment of Benefits

Upon termination of service, disability or retirement (age 65 or early retirement at age 55 with three years of service) by a participant, and the participant's individual account balance meets or exceeds \$5,000, such participant or his or her beneficiary may elect to have his or her individual account distributed in a single lump sum payment.

The Edenwald 401(k) Retirement Plan

Notes to Financial Statements

For the years ended December 31, 2024 and 2023

1. Description of Plan (continued)

Payment of Benefits (continued)

The Plan has the option that in the event that the participants individual account balance is greater than \$1,000 but less than \$5,000, after allowing a participant sufficient time within which to elect whether to receive the distribution in cash or as a direct rollover, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the participant shall be deemed to have made an election to have the mandatory distribution paid in the form of a direct transfer to an IRA designated by the Plan Sponsor. If the participant's individual account balance is less than \$1,000 then the participant or their beneficiary may only receive a lump sum distribution.

A terminated, disabled or retired participant may elect to receive payment from their account soon after it is valued or postpone payment until a later date. If payment is postponed, the account will continue to share in investment earnings. However, payment must start on April 1 of the year after the participant reaches 72 years of age, even if they are still working. In-service and hardship withdrawals are permitted if certain criteria are met. The Plan can make mandatory distributions to an IRA designated by the Plan Sponsor in accordance with IRC Code 401(a)(31)(b)(ii).

Upon the death of a participant before retirement or termination of employment, the current balance of such participant's individual account shall become payable as of the valuation date coincident with or next following his or her death.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$615 and \$22, respectively. Forfeitures can be used to reduce the Plan Sponsor's contributions or offset plan expenses. The balance of the forfeiture account can be used to reduce Plan Sponsor contributions to the Plan. Forfeitures totaling \$-0- and \$1,855 were used to offset expenses for the years ended December 31, 2024 and 2023, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

In accordance with generally accepted accounting principles, the Plan has adopted the provisions which establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Items carried at fair value on a recurring basis consist primarily of financial instruments which are valued primarily based on quoted prices in active or brokered markets for identical as well as similar assets and liabilities.

Items carried at fair value on a non-recurring basis generally consist of assets held for sale, if applicable. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Plan has the ability to access. All investments currently held by the Plan are considered to be Level 1.

Level 2 - These are investments where values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the investments. The Plan currently has no Level 2 investments.

Level 3 - These are investments where values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect assumptions of management about assumptions market participants would use in pricing the investments. The Plan currently has no Level 3 investments.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market funds: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment Valuation and Income Recognition (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions and unrealized appreciation and depreciation of investments are determined using an average cost basis.

The Plan invests in mutual funds. Such investments are exposed to various risks such as market and credit risks. Due to the level of risk associated with such investments, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Plan assets are not FDIC insured.

Plan Expenses

Personnel within the Plan Sponsor's organization perform certain administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as plan expenses. Expenses for the audit and outside administration services are paid directly by the Plan Sponsor. Expenses for the custodian and certain record keeping fees are paid directly from the Plan. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Funding Policy

Contributions are funded as accrued.

Payment of Benefits

Benefit payments are recorded when paid.

3. Certified Information

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, realized losses on investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate to the best of their knowledge by Fulton Financial Advisors (the trustee/custodian of the Plan from January 1, 2023 through June 30, 2023) and Matrix Trust Company (the custodian of the Plan from July 1, 2023 through December 31, 2024).

4. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 197,988	\$ -	\$ -	\$ 197,988
Mutual funds	8,492,035	-	-	8,492,035
	<u>\$ 8,690,023</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,690,023</u>

	2023			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 177,997	\$ -	\$ -	\$ 177,997
Mutual funds	7,325,438	-	-	7,325,438
	<u>\$ 7,503,435</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,503,435</u>

5. Party-in-interest Transactions

Certain Plan investments are mutual funds managed by Fulton Financial Advisors (a related party of Fulton Bank, N.A.). Fulton Bank, N.A. was the trustee/custodian through June 30, 2023 as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative and management fees, net of rebates, were \$34,441 for the year ended December 31, 2024. Rebates on administrative and management fees were \$9,448 for the year ended December 31, 2024. Matrix Trust Company was the custodian of the plan from July 1, 2023 through December 31, 2024 and therefore, these transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

On March 31, 2014, the prototype plan received a favorable tax determination letter from the Internal Revenue Service applying to the Prototype Non-standardized Profit Sharing Plan with CODA, in which the IRS stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

8. Subsequent Events

Subsequent events were evaluated by the Plan's management through September 2, 2025, the date the financial statements were available to be issued. There were no subsequent events requiring disclosure.
