INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
of the Madison Marquette 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Madison Marquette 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, continued

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

INDEPENDENT AUDITOR'S REPORT, continued

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MADISON MARQUETTE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Madison Marquette 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 1, 1992. The Plan is amended and restated from time to time and includes all eligible employees of Madison Realty Corporation (the "Company") and the following affiliates: Madison Marquette Real Estate Services, Inc., Madison Marquette Property Investments LLC, Madison Marquette Real Estate Services LLC, Capital Guidance Corp, Guidance Financial Group, Madison Marquette Professional Services, LLC, and Madison Marquette Professional Services, Inc. The Plan, is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

During the year ended December 31, 2023, the Company sold its office and industrial property management, agency leasing and project management service lines, and retail division, and divested Roseview Group. As a result of the sales and divestiture, the Plan experienced a partial termination. See Note 6.

Effective January 1, 2025, the Plan was amended to allow participants to make designated Roth 401(k) contributions.

Administration

The Company administers the Plan. The trustee for the Plan's assets is Fidelity Personal Trust Company, FSB (the "Trustee" or "Fidelity"). The recordkeeper for the Plan is Alliance Benefit Group of Houston, Inc. (the "Recordkeeper" or "ABG").

Eligibility

An employee is eligible to participate in the Plan immediately following the hire date, except for (i) employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining unless such agreement expressly provides for coverage in the Plan, (ii) non-resident aliens who do not receive earned income from the Company which constitutes income from sources within the United States of America, (iii) leased employees, and (iv) interns.

Automatic Enrollment

Employees who are eligible to participate in the Plan are automatically enrolled in the Plan and deemed to have elected a deferral rate of 2% of their pre-tax annual compensation unless that employee affirmatively elects not to participate or elects a different deferral rate.

Contributions

Participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan document, not to exceed the limitation set forth in Internal Revenue Code ("IRC") Section 402(g) (\$23,000 and \$22,500 for the years ended December 31, 2024 and 2023). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during both of the years ending December 31, 2024 and 2023 cannot exceed \$7,500. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Under the terms of the Plan, the Company may make discretionary matching contributions to the Plan on behalf of all participants. The amount of such matching contributions shall be established annually by the Company pursuant to a board resolution and will be subject to the Plan's vesting schedule. The matching contribution for the years ended December 31, 2024 and 2023 was equal to 50% of participant contributions up to 6% of compensation. Catch-up contributions are subject to the same matching provisions. During the years ended December 31, 2024 and 2023, the Company made discretionary matching contributions to the Plan of \$160,487 and \$369,549, respectively.

MADISON MARQUETTE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Earnings are allocated to the participants' accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund. Upon the occurrence of a distribution event, the benefit to which the participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions to their accounts plus actual earnings.

Vesting in the Company discretionary matching contributions, plus actual earnings thereon, is based on years of continuous service. Prior to January 1, 2019, participants vest 33% after one year of service, 66% after two years of service, and 100% after three years of service. Effective January 1, 2019, the Plan was restated for participants to be 100% vested in employer matching contributions immediately.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding note balance within the preceding twelve months or 50% of their vested account balance. Repayments on notes receivable are calculated on a fully amortized basis. Note terms are not to exceed five years, except for the purchase of a principal residence, which cannot exceed ten years. Notes receivable are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator, plus 1%, and bore interest at rates ranging from 4.25% to 9.50% as of December 31, 2024 and 4.25% to 9.00% as of December 31, 2023. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits

Upon retirement, death, or permanent disability, participants may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allow qualifying participants to take an in-service withdrawal from the vested portion of his or her Plan account after having attained aged 59 ½. Also, the Plan also allows for hardship withdrawals of a participant's vested account balance upon satisfaction of certain requirements of immediate and heavy financial need, as defined in the Plan document.

Forfeited Accounts

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon their termination from the Plan. Forfeitures are generally used to reduce employer contributions or pay Plan expenses. During the years ended December 31, 2024 and 2023, forfeited non-vested accounts of \$0 and \$2,339, respectively, were used to reduce employer contributions and administrative expenses. As of December 31, 2024 and 2023, total forfeitures available to reduce future employer contributions and/or administrative expenses were \$19,244 and \$8,878, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses and fees related to the administration of benefit payments and loans by participants are charged directly to the participant's account and are included in administrative expenses. The Company at its discretion paid certain expenses on behalf of the Plan during the years ended December 31, 2024 and 2023, respectively.

MADISON MARQUETTE 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year end.

The stable value fund is offered by Metropolitan Life Insurance Company ("MetLife") and purchased through the stable value fund's trustee, Reliance Trust Company. The value of the Plan's participation in the stable value fund, which is a common collective trust, is based on its NAV of units of the investment's audited financial statements. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Net appreciation in the fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

MADISON MARQUETTE 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value, the Plan generally uses two approaches, the market approach and the cost approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets. The cost approach is the amount that would be currently required to replace an asset and indicates the cost to the Plan to require a substitute asset.

Following is a description of the valuation methodologies used for investments measured at fair value. The Plan has not made changes to its methodologies used for the years ended December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of the common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024

^(a) In accordance with ASU 2015-07, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2024 and 2023.

4. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedules.

5. Tax Status

The Plan adopted by the Company is a volume submitter ("VS") plan that is designed to comply with provisions of the IRC's Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are pre-approved by the Internal Revenue Service ("IRS") by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The VS Plan received a favorable determination letter from the IRS on September 30, 2014. Management of the Company and the Plan administrator believe the Plan complies with and is being operated in accordance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

MADISON MARQUETTE 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contribution portion of their account.

During the years ended December 31, 2023, the Company sold its office and industrial property management, agency leasing and project management service lines, and retail division, and divested Roseview Group. As a result of the sales and divestiture, approximately 40 and 60 employees were effectively terminated, during the years ended December 31, 2024 and 2023, respectively, and the Sponsor voluntarily elected to treat these events as a partial plan termination, as defined by ERISA, and all affected participants became fully vested in their account balance, if not fully vested already, at the date of the partial plan termination.

7. Party-in-Interest Transactions

Certain Plan investments are in accounts managed by the Trustee, and the Plan issues notes receivable from participants. As discussed in Note 1, certain expenses of maintaining the Plan are paid by the Plan, and these transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Delinquent Participant Contributions

During the years ended December 31, 2024 and 2023, the Company determined that certain employee deferrals aggregating \$50,820 and \$242,448, respectively, had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and corrective measures have been taken. The lost earnings for 2024 contribution, estimated at approximately \$100 will be processed and deposited to participant accounts in 2025. The lost earnings for 2023 contribution, estimated at approximately \$500 were processed and deposited to participant accounts in 2024. As required by the Department of Labor, they continue to be reported as late through the year the lost earnings are contributed. Lost earnings, which are immaterial to the financial statements, are not recorded in the accompanying statements of net assets available for benefits.

9. Subsequent Events

Plan management has evaluated all subsequent events through September 25, 2025 which is the date the financial statements were available to be issued, and noted no significant events to be reported.
