INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of
Riverhead Building Supply Corp. 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Riverhead Building Supply Corp. 401(k) Savings Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Riverhead Building Supply Corp. (the "Sponsor") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering non-union employees of the Sponsor who are age 21 or older and,

- if classified as "full-time", have completed 90 days of employment, or have completed 30 days of employment as of 2/1/24 or
- if classified as "part-time", have completed 1,000 hours of service in a year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective April 1, 2022, the Plan was restated in compliance with Internal Revenue Service ("IRS") Announcement 2020-07 ("Cycle 3 Restatement", for legislation and regulations since 2008).

Effective February 1, 2024, the Plan was amended to allow employees to become eligible to participate in the Plan after 30 days of full-time employment. Also effective February 1, 2024, the Plan was amended to allow employees to enter the Plan on the first day of each month for elective deferrals and immediately upon employment commencement date for non-elective contributions.

Contributions: Each year, participants may elect to have compensation deferred up to the maximum percentage allowable, not to exceed the statutory limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows for the election of after-tax contributions (Roth contributions). The Sponsor, at the option of the Sponsor's Board of Directors, may make a discretionary percentage match of 0% to 100% of the participant's elective deferrals and has the option to limit the amount of matching contribution to a specified percentage of compensation or a specified dollar amount.

Eligible employees who have not completed a salary deferral agreement will automatically have 3% withheld from their pay each payroll period, which will be contributed to the Plan as a salary deferral. Eligible employees may enter a salary deferral arrangement at any time to select an alternative deferral amount or elect not to defer under the Plan. On January 1st of the second full Plan year following the Plan year in which automatic contributions begin, the automatic deferral will increase by 1% of compensation. Thereafter, annual 1% increases will occur up to a maximum of 10% of compensation unless specified otherwise by the eligible employee.

RIVERHEAD BUILDING SUPPLY CORP. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (continued)

Contributions (continued):

Each year, the employer may, in its discretion, make a profit-sharing contribution. The employer will determine the amount of the contribution to be made on behalf of each allocation group. Employees are placed in an allocation group "tier" based on the tier definitions in the Plan document.

The contribution is allocated evenly in proportion to Plan compensation within each group of employees. The compensation computation period is the Plan year. For the year ended December 31, 2024, the employer profit-sharing contribution received by the Plan was \$2,623,727. See forfeited accounts disclosure for forfeitures used to reduce the profit-sharing contribution received during the year ended December 31, 2024.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Sponsor's contribution, if any, (b) Plan earnings, net of an allocation of administrative expenses, and (c) participant-initiated charges. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's discretionary employer match contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. As per the Plan restatement effective April 1, 2022, the discretionary employer match contribution is subject to a six-year graded schedule for employees hired on or after January 1, 2016. For all employees hired prior to January 1, 2016, a three-year cliff vesting schedule will apply. Vesting in the Sponsor's profit-sharing contribution and related earnings is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment options: Participants direct the investment of their contribution and their share of the employer contribution into various investment options offered by the Plan. Available investment options include a guaranteed interest fund, mutual funds, and pooled separate

Investment options (continued):

investment accounts. The principal of the guaranteed interest fund is guaranteed, as long as the contract is in force. The principal of the mutual funds and the pooled separate investment accounts is not guaranteed. Due to market volatility, these accounts are subject to market risk.

Participants may change their investment options daily. Transfers into certain investment options are prohibited if the participant made a purchase followed by a sale involving the same investment within the previous 60 days.

Some participants enter the Plan via automatic enrollment. Deferrals of participants that enter the Plan via automatic enrollment are non-participant directed. These are invested into the Target Date investment options according to their age in relation to the "normal retirement age". Non-participant directed amounts have been determined to be immaterial to the financial statements taken as a whole.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of:

- 1) \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one-year period ending on the day before the loan application is approved by the trustees over the outstanding balance of loans from the Plan on the date the loan application is approved, or
- 2) 50% of the present value of the non-forfeitable accrued benefit of the participant.

Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. The Plan does not permit loan payments to exceed five years, even for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at 1.00% above the prime rate. For the years ended December 31, 2024 and 2023, interest rates ranged from 4.25% to 9.50% and 4.25% to 9.00%, respectively. Principal and interest are paid ratably through weekly payroll deductions. The default of a loan is deemed a taxable distribution of the unpaid balance.

Payment of benefits: Upon termination of service, the participant may be entitled to a distribution from the Plan. The availability of a distribution will depend upon the amount of the participant's vested account balance:

RIVERHEAD BUILDING SUPPLY CORP.

401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (continued)

Payment of benefits (continued):

- 1) *Vested account balance in excess of \$7,000*: the separated participant may elect a lump-sum payment, a direct rollover or installment payments. The separated participant may also elect to remain in the Plan.
- 2) *Vested account balance of \$7,000 or less*: the separated participant may elect to receive a lump-sum distribution or a direct rollover. If the total vested benefit is \$1,000 or less upon employment termination, the entire vested benefit will automatically be distributed to the separated participant in a lump-sum.

For continuing employees not reaching age 59 1/2, a participant may only withdraw his or her elective deferrals in case of financial hardship, as set forth in the Plan.

Forfeited accounts: During the years ended December 31, 2024 and 2023, non-vested accounts were forfeited in the amounts of \$29,015 and \$48,054, respectively. Notwithstanding any other provision of the Plan to the contrary, any forfeitures not used to pay Plan expenses shall reduce the amount of any discretionary employer contribution. In 2024 and 2023, \$17,590 and \$21,720, respectively, in Plan expenses were paid from forfeited, non-vested accounts and \$46,283 and \$37,517, respectively, from forfeited, non-vested accounts reduced the amount of the discretionary employer profit-sharing contribution.

2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the modified cash basis of accounting, which is a special-purpose framework of accounting other than accounting principles generally accepted in the United States of America. This method differs from generally accepted accounting principles in that additions to the Plan (investment income and contributions) are recorded when received and deductions from the Plan (benefits and administrative expenses) are recorded when paid.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Both the Statements of Net Assets Available for Benefits (Modified Cash Basis) and the Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis) present the contract value of the fully benefit-responsive investment contracts.

Notes receivable from participants: Amounts participants borrow from their vested account balance are reported as their unpaid principal balances plus any accrued but unpaid interest.

RIVERHEAD BUILDING SUPPLY CORP.

401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued)

Estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as received. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Funding policy: The Sponsor's policy is to remit the participants' contributions within the allowable time period prescribed by ERISA.

Concentrations of credit, interest rate, and market risk: The Plan provides participants with investment options consisting of fixed-income securities in the form of guaranteed investment contracts, mutual funds, and pooled separate investment accounts. Investment securities are exposed to various risks, such as credit, interest rate, and market risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits (Modified Cash Basis). Market risk includes global events, which could impact the value of investment securities such as a pandemic or international conflict.

Expenses: Several of the investment fund options are subject to investment fees based upon a percentage of invested assets, as disclosed in each fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the accompanying financial statements. Participant notes receivable are assessed a separate fee for the administration of loan transactions. All other administrative expenses related to the Plan may be paid by either the Sponsor or the Plan.

Subsequent events: Subsequent events have been evaluated through September 25, 2025 which is the date the financial statements were available to be issued.

RIVERHEAD BUILDING SUPPLY CORP.
401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

3. Investment Contract with Insurance Company

In 1993, the Plan entered into a fully benefit-responsive investment contract with MassMutual Life Insurance Company ("MassMutual"). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. As such, the guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits (Modified Cash Basis) at contract value. Contract value, as reported to the Plan by its third-party administrator, Empower Annuity Insurance Company of America ("Empower"), represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with MassMutual. The Plan Administrator believes the occurrence of such events is not probable.

MassMutual holds major credit ratings of A++/AA+/Aa3.

4. Fair Value Measurements

The Plan follows the recommendations of generally accepted accounting principles, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

RIVERHEAD BUILDING SUPPLY CORP.

401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements (continued)

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the Fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. All capital gains and dividends paid from these investments are reinvested into the fund's unit value.

Pooled separate investment accounts: Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The aforementioned method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Transactions with Parties-in-Interest (continued)

With respect to the Plan's investments in mutual funds, the mutual fund companies are considered to be service providers to the Plan and, as such, are considered parties-in-interest. The investments in mutual funds represent 39.9% and 39.9% of net assets available for Plan benefits at December 31, 2024 and 2023, respectively.

Empower Retirement, LLC is the Plan's third-party administrator and Empower Trust Company, LLC is the Plan's custodian. These relationships qualify as parties-in-interest.

Contributions are made to the Plan by the Sponsor and the Plan contracts with UBS Financial Services, Inc. and Commonwealth Financial for investment advisory services. Both of these relationships also qualify as parties-in-interest.

Administrative fees include fees for contract administration, audit services and investment advisory services. For the year ended December 31, 2024, administration fees totaled \$279,641.

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan is part of Empower Retirement LLC's Non-standardized Pre-Approved Profit Sharing/Money Purchase/CODA, which has received a letter dated November 14, 2022, from the IRS stating that the Plan is acceptable under Section 401 of the Internal Revenue Code (the "Code") for use by employers for the benefit of their employees. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code.

Although the Plan has been amended since receiving this letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan follows recommendations of accounting principles generally accepted in the United States of America, which require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable authorities.
