Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CBIZ CPAS P.C.

(2) EIN: 43-1947695

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

The Plan Administrator
Phillips Academy Retirement Plan
Andover, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Phillips Academy Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PHILLIPS ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Phillips Academy Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for complete information.

General

The Plan is a defined contribution pension plan. Trustees of Phillips Academy (the “Academy” and “Employer”) is the Plan Administrator. Leased employees, non-resident aliens, or employees who are students performing certain services are not eligible for the Plan. All other Academy employees are Eligible Employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Contributions

Mandatory Participant Contributions

As a condition of employment, Eligible Employees who have reached age 21 and have completed two Years of Service as defined by the Plan (“Participants”) must participate in the mandatory portion of the Plan. For purposes of the Plan, the term “Years of Service” is defined as all 12-month periods during which an employee has completed at least 1,000 hours of service. Years of Service includes prior service during the 60-month period immediately prior to employment with an educational organization or organization that meets the eligibility requirements of 403(b)(1). Participants agree as a condition of employment, that they will defer 5% of their annual compensation, as defined by the Plan, to the Plan on a pre-tax basis. Such contributions continue as long as the Participant maintains employment at the level required for mandatory employee and Employer contributions as defined by the Plan.

Elective Participant Contributions

Eligible Employees who have not satisfied the conditions for mandatory Participant contributions may make elective contributions to the Plan on the first of the month following date of hire. Participants may also make elective contributions in excess of the 5% mandatory Participant contribution. Elective contributions may also be made post-tax (“Roth” contributions). Through a combination of Employer and employee contributions, Participants may contribute up to 100% of their annual compensation to the Plan, subject to certain limitations as defined annually by the Internal Revenue Code (the “Code”). Participants who have attained age 50 before the Plan year-end may make catch-up contributions, as defined annually by the Code. Participants may also contribute distributions from other qualified defined benefit or contribution plans (“Rollovers”).

Employer Contributions

Employer Contributions

The Employer makes a mandatory contribution to the Plan equal to 10% of Participant compensation earned below the Social Security Wage Base (“SSWB”) and 13% for compensation above the SSWB, as defined annually by the Social Security Administration and outlined in the Plan. Such contributions continue in each subsequent Year of Service.

PHILLIPS ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

Discretionary Employer Contributions

Each year, the Employer may make a discretionary contribution to the Plan. During 2024, the Employer did not make a discretionary contribution.

Pension Contribution Benefit for Long-Term Disability

The Employer's long-term disability vendor makes contributions to the Plan for Participants qualified in accordance with the provisions of the long-term disability plan. During 2024, \$16,992 in long-term disability benefits were contributed to the Plan. These contributions are included in Employer contributions on the Statement of Changes in Net Assets Available for Benefits.

Participant Accounts

Each Participant account is credited with Participant and Employer contributions, pension contribution benefits for long-term disability and rollovers, if any, and receives a pro rata allocation of the Plan's investment return. Allocations are based on Participant account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's account balance. All investments are Participant-directed.

Vesting

Participants are immediately vested in the entirety of their Participant account balance.

Payment of Benefits

Upon termination of service, a Participant may elect to receive the balance of his or her Employer and Participant mandatory contributions accounts. A Participant or his or her beneficiaries may receive the balance from his or her Participant elective contributions account upon the earliest of the following events: termination of service, death, becoming disabled, attaining age 59-and-a-half, becoming eligible for a Qualified Reservist Distribution as defined by the Code, or termination of the Plan. Participants may make withdrawals from their Rollover accounts at any time. Participants who had a Deemed Severance from employment, defined as a period of more than 30 days of performing uniformed services, may elect to receive a distribution of elective Participant contributions, certain Employer contributions and income allocable to each. A retired or separated Participant is required to begin Minimum Required Distributions at the age of seventy-and-a-half. Participants may elect to receive their benefit payments in a qualified joint and survivor annuity, a single life annuity, a fixed period annuity or a lump sum. When a Participant's accumulation in a fixed rate annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as Purchase of Annuity Contracts in the Statement of Changes in Net Assets Available for Benefits. Hardship withdrawals are available, without having to exhaust all other assets or suspend deferrals, from a Participant's elective contributions account to meet a Participant's immediate and heavy financial need, as defined by the Code.

PHILLIPS ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants and Plan Loans

Participants may borrow a maximum amount equal to the lesser of \$50,000 or 50% of the balance of the Participant's vested account balance. Participants are limited to three loans outstanding at one time. The loans are secured by the balance in the Participant's account and are the assets of the Plan. Loan interest rates are determined by TIAA and CREF and ranged from 4.25% to 9.50% at December 31, 2024. The outstanding loan balance at December 31, 2024 and 2023 was \$394,152 and \$244,329 respectively. Principal and interest are paid by the participant directly to TIAA and CREF.

Additionally, through 2022, participants were allowed to take loans directly from TIAA and CREF secured by the participant's balance in the TIAA Traditional Fund. Participants were required to transfer an amount equal to 110% of their outstanding loan balances from their fund accounts to the TIAA Traditional Fund to be held as collateral for the loans. This collateral remains invested in the Plan and the participants continue to earn contractual interest and additional amounts as declared by TIAA's Board of Trustees. Should participants default on their loans, TIAA and CREF removes the portion of the collateral held in the TIAA Traditional Fund equal to the participants' outstanding loan balances plus any unpaid accrued interest to pay off the defaulted loan. Additionally, these loans are not Plan assets and totaled \$25,712 and \$28,530 at December 31, 2024 and 2023, respectively, with interest rates ranging from 4.03% to 5.95%. Participants pay principal and interest directly to TIAA and CREF ratably over the negotiated period of the loans.

Plan Administration

The Plan Administrator may appoint person(s) or entities to carry out the operation of the Plan. Plan administration expenses are paid by the Employer.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Contributions

Contributions from Plan participants and the Employer contributions are recorded in the year in which the contributions are withheld from compensation.

PHILLIPS ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income Recognition

Investments other than fully benefit-responsive investment contracts (valued at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

- Level I* – Quoted prices are available for identical investments in active markets to which the Plan has access at the reporting date. Level I investments include listed equities and registered investment companies (mutual funds).
- Level II* – Pricing inputs are other than quoted prices in active markets included within Level I, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. Investments generally included in this category are corporate bonds, less liquid and restricted equity securities, and certain over-the-counter derivatives.
- Level III* – Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. Unobservable inputs are those that reflect the Plan's own assumptions about the determination of fair value and require significant management judgment or estimation.

In certain cases, the inputs used to measure the fair value of an investment may fall into multiple levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

PHILLIPS ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Unit Values

Participants in the pooled separate account and variable annuities own units of participation, the value of which is calculated daily, but have no direct beneficial interest in the underlying account assets. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the accounts are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant.

Benefits Paid

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest payments made by Participants on loans is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Subsequent Events

The Plan Administrator has evaluated subsequent events through September 10, 2025, the date that the financial statements were available to be issued. There were no matters of significance identified for disclosure during this evaluation.

Note 3 - Information Certified by the Insurance Company and Custodian

Plan investments are held in mutual funds, variable annuities, fixed rate annuities, a self-directed brokerage account and a pooled separate account by the custodian and insurance company, TIAA and CREF and TIAA as agent for TIAA, Trust N.A. The fair and contract values of investments and notes receivable from participants, as of December 31, 2024 and 2023, and all investments and notes receivable from participant transactions for the year ended December 31, 2024, including interest and dividends and net appreciation in fair value are reported to the Plan and certified as complete and accurate by the custodian and insurance company. Information included in the supplemental schedule has also been derived from information certified by the insurance company and custodian.

PHILLIPS ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements

Following is a description of the assets typically held by the Plan and valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Fixed Rate Annuities

TIAA Traditional

TIAA Traditional is a guaranteed fixed rate annuity contract offered to Participants through the Retirement Annuities (RA) and Retirement Choice (RC) contract options through a contract with TIAA, an insurance company. The type of contract through which a Participant invests in TIAA Traditional determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the Participant's account, and the options for receiving income upon retirement. Withdrawals from and transfers out of the RA contract must be spread over 10 annual installments or five annual installments for withdrawals after termination of employment.

Participants who elect to do so may make contributions to TIAA Traditional that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the contribution is made. During the accumulation phase, TIAA Traditional guarantees principal and pays a guaranteed minimum interest rate plus additional amounts which may be declared on a year-to-year basis by the TIAA Board of Trustees and remain in effect for one year beginning on March 1 for accumulating annuities and January 1 for lifetime payout annuities. The guaranteed minimum plus any additional amounts make up the crediting interest rate.

The TIAA Traditional contracts listed above are all non benefit-responsive contracts and are therefore reported at fair value, and equal the accumulated cash contributions and interest credited to the contract, less any withdrawals. Since observable prices for identical or similar investments do not exist, these investments are valued using unobservable inputs (Level III). All payments due to TIAA Traditional Participants are guaranteed by TIAA's claim-paying ability, and although TIAA Traditional Participants do not invest in TIAA's General Account portfolio, the investment performance of that portfolio supports the annuities. The General Account invests primarily in corporate and government bonds, structured finance instruments, such as mortgage-backed securities and real estate. The Plan has established no reserves against contract value for credit risk of the contract issuer or any other reserves.

Pooled Separate Account - TIAA Real Estate

The account generally invests in real estate properties and real estate-related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well and these securities are generally priced using values obtained from independent pricing sources.

PHILLIPS ACADEMY RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Pooled Separate Account - TIAA Real Estate (Continued)

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily Net Asset Value (NAV), which is considered by Plan management to be the best approximation of fair value. This investment is classified with the investments valued at NAV within the fair value tables listed below. The unit value of the fund is calculated daily and available to Plan administrators and client investors on TIAA and CREF's website. There are no unfunded Plan participant commitments to this account. These investments may be redeemed quarterly with one day's notice.

Variable Annuities - CREF Funds

The accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing. The Plan values these investments at net asset value (NAV). Variable rate annuities may be redeemed daily with one day's notice.

The fair values of accumulation units held by the Plan in CREF Variable Annuity accounts are based on each account's daily NAV, which is considered by Plan management to be the best approximation of the fair value hierarchy. Data for NAVs are available daily to Plan administrators and client investors on TIAA and CREF's website and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. This investment is classified with the investments valued at NAV within the fair value tables listed below. There are no unfunded commitments from participants in the Plan who invest in these accounts.

Mutual Funds

Valued at the daily closing price as reported by the fund. The funds invest principally in equity securities, fixed-income instruments, other mutual funds and short-term instruments in accordance with each fund's investment objectives. The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level I inputs) and are deemed to be actively traded. In order to reduce market timing and excessive trading, if a Participant makes a purchase, sale and repurchase of a mutual fund within a 60-day period, the Participant may not transact in that fund within 90 days of the repurchase.

Self-Directed Brokerage

The self-directed brokerage account consists of mutual funds. The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level I inputs).

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (Continued)

During 2024 and 2023, purchases totaled \$6,808,997 and \$4,894,445, respectively. There were no transfers into or out of Level III during 2024 or 2023.

Quantitative Information about Significant Unobservable Inputs Used in Level III Fair Value Measurements

The following table as of December 31, 2024 and 2023 represents the Plan's Level III financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the range of values for those inputs.

<u>Description</u>	<u>Fair Value</u>		<u>Principal Valuation Techniques</u>	<u>Unobservable Inputs</u>	<u>Range of Input Values</u>

Note 6 - Fully Benefit-Responsive Investment Contracts

Following is a description of the investments and valuation methodologies for fully benefit-responsive investment contracts:

TIAA Traditional Annuity

Group Supplemental Retirement Annuities (GSRA), Retirement Choice Plus (RCP), and Supplemental Retirement Annuities (SRA) contracts are also traditional annuity contracts as discussed in Note 4. The RCP, SRA, and GSRA contracts have no liquidity restrictions and are therefore fully benefit-responsive contracts reported at contract value. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the Statement of Changes in Net Assets Available for Benefits. For GSRA and SRA contracts, the crediting interest rate was 4.50% and 5.75% as of December 31, 2024 and 2023, respectively. For RCP contracts, the crediting interest rate was 4.75% and 6.00% as of December 31, 2024 and 2023, respectively.

Certain events, were they to occur, would limit the Plan's ability to transact at contract value with TIAA as issuer. Such events would include the following: (1) amendments to the Plan documents, including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Academy or other Academy events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the issuer are probable of occurring.

TIAA Stable Value

TIAA Stable Value is a guaranteed group annuity contract that provides a minimum rate of interest with the potential for crediting of additional interest above the guaranteed minimum if approved by the TIAA Board of Trustees. There are no withdrawal restrictions on TIAA Stable Value. To minimize the negative effects of frequent trading, transfers into TIAA Stable Value may not be made for 30 days following a transfer out. Certain restrictions may delay transfers from TIAA Stable Value to certain other Plan investment options. TIAA Stable Value is a fully benefit-responsive contract. The crediting interest rate was 2.85% and 2.82% as of December 31, 2024 and 2023, respectively.

The following table represents the contract value of the fully benefit-responsive investment contract as of December 31, 2024 and 2023:

Instrument	2024	2023
TIAA Traditional (RCP, SRA, Stable value and GSRA fixed rate annuities)	\$ 22,773,528	\$ 23,312,372

Notes to Financial Statements

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risk include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 - Related-Party Transactions and Party-In-Interest Transactions

Plan investments are managed and administered by TIAA and CREF and TIAA as agent for TIAA Trust N.A., the custodian and insurance company. The Plan pays TIAA and CREF and TIAA Trust N.A. fees for these services. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also deemed to be party-in-interest transactions. These fees offset investment earnings and are included in net appreciation in the Statement of Changes in Net Assets Available for Benefits. During the Plan year ended December 31, 2024, the Plan received revenue credits of \$270,677 from TIAA and CREF and a portion was used to pay the \$203,947 of Plan expenses leaving any remaining credits available to pay future expenses of the Plan or to be distributed to participants of the Plan. The revenue credits are reported as other income on the Statement of Changes in Net Assets Available for Benefits.

Note 10 - Tax Status

In January 2019, the Plan was amended to adopt the TIAA Volume Submitter 403(b) Plan Document that received an IRS opinion letter dated August 7, 2017 which stated that the Plan is acceptable under Section 403(b) of the Internal Revenue Code for use by eligible Employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
