## INDEPENDENT AUDITOR'S REPORT

To the Trustees of the  
Solidarity Center Retirement Plan

### Opinion

We have audited the accompanying financial statements of Solidarity Center Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Solidarity Center Retirement Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## SOLIDARITY CENTER RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

#### NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Solidarity Center Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a single employer defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. All employees of the American Center for International Labor Solidarity (Solidarity Center) may become participants in the Plan at the end of their probation period retroactive to the first day of employment.

**Contributions and Vesting** - Each participant may elect to contribute a portion of their eligible earnings to the Plan. The Solidarity Center made contributions to the Plan at the rate of 17.4% of each participant's eligible earnings through June 30, 2004. Effective July 1, 2004, the Solidarity Center began participating in the AFL-CIO Staff Retirement Plan, a multiemployer defined benefit pension plan that covers substantially all employees of the Solidarity Center. The Solidarity Center no longer makes employer contributions to the Solidarity Center Retirement Plan, except that, effective January 1, 2008, the Solidarity Center makes a contribution for each eligible employee pursuant to a collective bargaining agreement with OPEIU Local No. 2, at a rate of \$16.67 per month. Effective 2021, Solidarity Center contributes to each employee \$150 per quarter for each quarter the employee was on the payroll and two hundred fifty dollars \$250 per quarter beginning at 20 years of service. In addition, employer will make a one-time contribution of \$5,000 for employees at 20 years of service.

A participant is fully vested in the balance of their pretax account and fully vested in employer contributions made on their behalf upon completion of the probationary period. Contributions to the Plan are invested as directed by the participant. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives. Poor investment performance by investment vehicles selected by the participants may cause their account balances to be lower than the amounts contributed to the Plan on their behalf.

**Participant-Directed Investment Accounts** - Both the contributions made by an individual participant and the contributions made by the employer are added to the separate account established in each participant's name for each investment option they have selected. These participant-directed investment accounts also receive a proportionate share of the net income, gains and losses generated by each respective investment option.

## NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

**Notes Receivable from Participants** - Participants may elect to borrow the lesser of 50% of their account balance or \$50,000 from the Plan; these loans are secured by the value of the participant's vested benefit. Such loans must generally be repaid within five years. Each loan is treated as a directed investment of the participant, and all loan repayments are credited to that participant's account. The loans bear interest at rates established by the Plan Administrator.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Method of Accounting** - The financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

**Investment Valuation and Income Recognition** - The Plan's investments in mutual funds are stated at fair value based on quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment in an insurance contract is fully benefit-responsive and stated at contract value, which approximates the fair value. Purchases and sales of securities are reported on a trade-date basis. Interest income and dividends earned on mutual funds are recognized on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as held at year-end.

**Notes Receivable from Participants** - Notes receivable from participants are carried at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

**Distributions** - Distributions are made upon termination of employment, financial hardship, retirement or death, as provided for under the Plan agreement and are recognized when paid.

**Expenses** - Certain administrative expenses incurred by the Plan are paid by the Solidarity Center.

**Estimates** - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

## NOTE 3. PRIORITIES UPON TERMINATION

It is the expressed intention and expectation of the sponsor that it will continue the Plan in full force and effect. However, in the unlikely event of termination, the interests of participants under the Plan shall be non-forfeitable to the extent funded. Termination shall

### **NOTE 3. PRIORITIES UPON TERMINATION (CONTINUED)**

not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the beneficiaries and participants. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

### **NOTE 4. TAX STATUS**

The Plan was formed by the Trustees utilizing the Putman Flexible 401(k) and Profit Sharing Plan Agreement. On February 5, 2004, the Plan received a favorable determination letter from the Internal Revenue Service. As of December 31, 2024, the statute of limitations for tax years 2021 through 2023 remains open with the U.S. federal jurisdiction with which the Plan files returns.

### **NOTE 5. FAIR VALUE MEASUREMENTS**

Accounting standards provide framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

## NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2024 and 2023.

*Registered investment companies: Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2024 and 2023:

Description	2024			
	Total Investments at 12/31/2024	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies				
Mutual funds	<u>\$ 31,907,388</u>	<u>\$ 31,907,388</u>	<u>\$ -</u>	<u>\$ -</u>
Description	2023			
	Total Investments at 12/31/2023	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies				
Mutual funds	<u>\$ 27,811,397</u>	<u>\$ 27,811,397</u>	<u>\$ -</u>	<u>\$ -</u>

## NOTE 6. INVESTMENT IN INSURANCE CONTRACT

As of December 31, 2024 and 2023, the Plan invests in the Voya Fixed Account, which is available through an annuity contract issued by Voya Retirement Insurance and Annuity Company (VRIAC). The Voya Fixed Account is an obligation of VRIAC's general account which supports all of the company's insurance and annuity commitments. The interest rate guarantees under the contract are subject to VRIAC's claims-paying ability. The fund guarantees the principal and a minimum guaranteed interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate, declared for one year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate that applies for the life of the contract. Transfers within the contract are limited to the "window," which varies, but will never be less than 10 percent of the balance in the Voya Fixed Account as of the date of transfer, reduced by any prior transfers made during the same calendar year. Withdrawals from the Voya Fixed Account are not subject to this window limitation, and may be made for any reason, subject to Plan or Internal Revenue Code limitations. However, for contracts with a withdrawal fee schedule, the withdrawal may be subject to a withdrawal fee.

## **NOTE 6. INVESTMENT IN INSURANCE CONTRACT (CONTINUED)**

The contract is fully benefit-responsive and is included in the financial statements at contract value. As of December 31, 2024 and 2023, the contract values were \$2,886,732 and \$2,976,319, respectively. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

## **NOTE 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan pays certain administrative and investment management fees to various service providers. The investment management fees are reflected in net investment return. In addition, VOYA, which is the trustee under the Plan, is the investment custodian and recordkeeper for the Plan. These transactions are party-in-interest transactions under ERISA.

## **NOTE 8. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

## **NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

In 2024 and 2023, the Plan reported notes receivable from participants for financial statement purposes as loans to participants, separate from Plan investments, but reported such loans as investments in Form 5500.

The investment in insurance contract (Voya Fixed Account) is presented at contract value in the Form 5500, Schedule H; therefore, there is no reconciling item per the financial statements to the Form 5500.

## **NOTE 10. SUBSEQUENT EVENTS REVIEW**

Subsequent events have been evaluated through September 12, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
