Independent Auditors' Report

To the Plan Administrator of
Cockrell Interests Thrift Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Cockrell Interests Thrift Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cockrell Interests Thrift Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Cockrell Interests Thrift Plan and to meet our other ethical responsibilities, in accordance

with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cockrell Interests Thrift Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cockrell Interests Thrift Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cockrell Interests Thrift Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cockrell Interests Thrift Plan

Notes to Financial Statements for the year ended December 31, 2024

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Cockrell Interests Thrift Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) defined contribution plan established in January 1968. Employees of Cockrell Interests LLC, Houston Jet Direct Management and Charter, Inc., Belding Farms, and YY Management, Inc. (collectively Cockrell) are eligible to participate in the Plan upon attainment of age 21. Residents of Puerto Rico and leased and seasonal employees are not eligible to participate in the Plan. Eligible participants may participate on the first day of the month following completion of the age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The Plan provides for both participant and employer contributions as follows:

- *Participant contributions* – Participants may elect to contribute up to 50% of their compensation, as defined by the Plan, subject to certain limitations by the Internal Revenue Code (the Code). If an employee does not affirmatively decline participation or elect a deferral amount, the employee is automatically enrolled with a pre-tax deferral rate of 3% of compensation, upon meeting the age requirement. The deferral rate increases 1% each year until a deferral rate of 8% is reached. Participants may elect to designate some or all of their deferral contributions as a Roth after-tax contribution. Participants who have attained the age of 50 prior to the end of the Plan year may elect additional catch-up contributions, as defined by the Plan. Participants may elect to rollover amounts they receive as distributions from another qualified retirement plan.
- *Employer contributions* – Cockrell may make a discretionary employer matching contribution to all employees participating in the Plan. Cockrell elected to make matching contributions equal to 100% of the employee's elective deferral not exceeding 8% of the employee's compensation, as defined by the Plan, during 2024. Discretionary nonelective contributions may be made for employees who complete 1,000 hours of service and are employed on the last day of the Plan year. No discretionary nonelective contributions were made during 2024.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Vesting – Participants are immediately 100% vested in all participant contributions plus actual earnings thereon. Participants become 25% vested in employer contributions after two years of credited service and vest 25% per year thereafter, becoming 100% vested after five years of credited service. Participants who are employed at time of death, disability or upon reaching normal retirement age (defined as age 65) become 100% vested in all amounts at that time.

Participant accounts – Each participant's account is credited with the participant's contributions and an allocation of the investment earnings and expenses for each fund in which their account is invested. Allocations of investment income and expenses are based on the proportion that each participant's account balance bears to the total of all participants account balances. The only benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeitures – The Plan uses any amounts forfeited to reduce future employer contributions or to pay plan expenses. During 2024, forfeitures of \$134,864 were used to offset employer contributions. Unused forfeitures totaled \$2,485 at December 31, 2024 and \$79,058 at December 31, 2023.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the excess of the highest outstanding loan balance in the preceding one-year period or 50% of their vested account balance. The balances in the participants' accounts secure the loans. Participants are limited to one outstanding loan at any time. Loan terms range from one to five years, unless for the purchase of a principal residence, for which terms may be up to 10 years. Interest rates are determined by Fidelity Management Trust Company (Fidelity).

Distribution of benefits – The Plan provides for benefit distributions to plan participants or their beneficiaries, equal to the vested balance of their accounts upon death, disability, retirement, or other termination of employment. Participants may withdraw a portion or all of their elective participant contributions, while still employed, upon reaching the age of 59½.

Plan termination – Although it has not expressed any intent to do so, Cockrell has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Fidelity. See Note 6 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions from Plan participants and employer matching contributions are recorded in the year in which the participant contributions are withheld from compensation.

Benefit payments – Benefit payments to participants are recorded upon distribution.

Expenses – Certain expenses of maintaining the Plan are paid directly by Cockrell and are excluded from these financial statements. Certain investment management fees are included in net appreciation in fair value of investments. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Other investment-related and recordkeeping expenses paid by the Plan are included in administrative expenses.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions. Actual results could vary from the estimates that were used.

NOTE 3 – TAX STATUS

Cockrell has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Code. Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 4 – INVESTMENTS

At December 31, 2024 and 2023, certain assets of the Plan were invested in funds managed by Fidelity. These transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

Individual investments that represent 10% or more of the Plan’s net assets as of December 31, 2024 are as follows:

Fidelity Government Money Market Fund	\$8,541,522
Fidelity Freedom 2040 Fund	\$4,538,647

Individual investments that represent 10% or more of the Plan’s net assets as of December 31, 2023 are as follows:

Fidelity Government Money Market Fund	\$8,207,680
Fidelity Freedom 2040 Fund	\$3,813,956
Fidelity Freedom 2020 Fund	\$2,811,818

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to notes receivable from participants and investments held at December 31, 2024 and 2023, and interest and dividends and net appreciation in fair value of investments for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

NOTE 6 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value. The three levels of the fair value hierarchy are as follows:

- *Level 1* – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- *Level 2* – Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- *Level 3* – Inputs are not observable and are based on the reporting entity’s assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at December 31, 2024 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	\$ 27,500,088			\$ 27,500,088
Self-directed brokerage accounts	<u>2,091,319</u>	<u>\$ 295,432</u>		<u>2,386,751</u>
Total assets measured at fair value	<u>\$ 29,591,407</u>	<u>\$ 295,432</u>	<u>\$ 0</u>	<u>\$ 29,886,839</u>

Assets measured at fair value at December 31, 2023 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	\$ 25,828,979			\$ 25,828,979
Self-directed brokerage accounts	<u>1,691,900</u>	<u>\$ 54,136</u>		<u>1,746,036</u>
Total assets measured at fair value	<u>\$ 27,520,879</u>	<u>\$ 54,136</u>	<u>\$ 0</u>	<u>\$ 27,575,015</u>

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2024 and 2023.

- *Mutual funds* are valued at the net asset value (NAV) of shares held by the Plan at year end.
- *Self-directed brokerage accounts* in Level 1 include common stock that is valued at the closing price reported on the active market on which the individual securities are traded, mutual funds that are valued at NAV of shares held by the Plan at year end and cash equivalents. Level 2 values include fixed-income securities, preferred stock and certificates of deposit that are valued at prices obtained from independent quotation bureaus that use computerized valuation formulas to calculate fair values.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.
