Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Foster Thomas Retirement Plan
Annapolis, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Foster Thomas Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Foster Thomas Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to *29 CFR 2520.103-8* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with *29 CFR 2520.103-5* of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator of
Foster Thomas Retirement Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Foster Thomas Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foster Thomas Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Plan Administrator of
Foster Thomas Retirement Plan

Auditor's Responsibilities for the Audit of the Financial Statements (Cont.)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Foster Thomas Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Foster Thomas Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator of
Foster Thomas Retirement Plan

Other Matters - Supplemental Schedule Required by ERISA (Cont.)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

Note 1 - Description of Plan

The following description of the Foster Thomas Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Foster Thomas Retirement Plan (the Plan), established January 1, 2007 and restated effective February 1, 2022 is a defined contribution plan covering all employees of Foster Thomas, Inc. (the Employer) who have completed 6 months of service during the year and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer any portion of their compensation into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are subject to the annual Internal Revenue Code limits as adjusted each year. This may be further limited so that the Plan complies with the 401(k) and 401(m) nondiscrimination tests. Participants direct the investment of their contributions into various investment options offered by the Plan. Each year, the Employer makes a “safe harbor” matching contribution that is equal to 100% of the participant’s elective deferrals that do not exceed 3% of compensation, plus 50% of the amount of the participant’s elective deferrals that exceed 3% of compensation but do not exceed 5% of compensation. The Employer may also elect to make a discretionary matching contribution each year. Contributions made by the Employer for the years ended December 31, 2024 and December 31, 2023 totaled \$148,418 and \$161,590, respectively.

Participant Accounts: Each participant’s account is credited with (a) the participant’s contributions, (b) the Employer’s contribution (c) Plan earnings and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions are invested, at the discretion of the participants, in one, several, or all of the investment alternatives selected by the plan administrator.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. A year of credited service is a plan year in which the participant is credited with at least 1,000 hours of service with the Employer. On termination of employment due to death or disability (approved by Social Security), a participant becomes fully vested in their account.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account in either a lump-sum amount, or in annual installments over the life expectancy of the participant and/or designated beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals are permitted in accordance with Internal Revenue Service regulations.

NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2024 and 2023

Note 1 - Description of Plan (Cont.)

Forfeitures: During the years ending December 31, 2024 and 2023, forfeited non-vested accounts totaled \$10,371 and \$6,308, respectively. During the years ended December 31, 2024 and 2023 \$866 and \$642 were used from forfeited accounts to pay for plan expenses, respectively. Total amounts available to reduce future employer contributions or pay for Plan expenses were \$18,442 and \$8,584, as of December 31, 2024 and 2023, respectively.

Participant Loans: Under certain circumstances, as outlined in the Plan document, the Plan allows employees to obtain a loan from the Plan. These loans are secured by the vested portion of the participants account and bear interest at rates ranging from 4.25% to 9.50%. Repayment of loans is provided through automatic payroll deduction.

Administrative Expenses: The administrative expenses related to the Plan's Custodian are paid by the Plan. The Employer pays all other administrative expenses of the Plan. For the Plan years ended December 31, 2024 and 2023, the amount paid by the Plan was \$6,225 and \$6,160, respectively.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. This basis of accounting involves the application of accrual accounting, consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivables from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2024 and 2023, the notes receivable balances were \$23,701 and \$37,382, respectively. The Plan administrator has determined all notes receivable are fully collectible from the participants' vested account balances; consequently no amounts have been recorded as an allowance.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date.

NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2024 and 2023

Note 2 - Summary of Accounting Policies (Cont.)

Investment Valuation and Income Recognition (Cont.)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value provides a good approximation of fair value of the contracts held in the stable value fund because the value of the investment contracts are deemed to be no less than the accumulated balance, and that each investment purchase is made at fair value since these purchases are not distressed and are conducted between willing buyers and sellers in open market conditions with a variety of investment choices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. Benefits paid to participants amounts to \$1,555,942 and \$934,026, respectively, for the years ended December 31, 2024 and 2023.

Contributions and Related Receivables

Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from the amounts paid. The Employer discretionary match is recorded in the year in which the Employer designated the contributions. All participant and employer contributions are participant-directed. Management of the Plan evaluates Employer contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. Management has determined that all contributions receivable are fully collectible as of December 31, 2024 and 2023. Consequently, no amount has been recorded as an allowance for credit losses in the accompanying statement of net assets available for benefits. Contributions receivable were \$145,840 and \$170,618 as of December 31, 2024 and 2023 respectively.

Note 3 - Information Prepared and Certified by Custodian

Investment Data

All investment data contained in the statements of net assets available for benefits, statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the supplemental schedule for the year ended December 31, 2024 was summarized from information provided by the Transamerica Life Insurance Company, the Custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the Custodian that the information provided to the plan administrator by the Custodian is complete and accurate.

Schedule of Assets Held for Investment Purposes

The accompanying Schedule H, line 4i – schedule of assets (held at end of year) represents a detailed listing of all investments held by the Plan as of December 31, 2024.

Note 4 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ASC 820-10 "Fair Value Measurements" establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Foster Thomas Retirement Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2024 and 2023

Note 4 - Fair Value Measurements (Cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

In addition, under *FASB ASC 820* the fair value of certain investments may be measured using the net asset value (NAV) per share (or its equivalent). Such investments are not classified in the fair value hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2024 and 2023:

Pooled separate accounts: Valued at the net asset value of the pooled separate account, as reported by the custodian and calculated in a manner consistent with Generally Accepted Accounting Principles for investment companies. The net asset value is calculated based on the values of the underlying mutual funds, domestic stocks, international stocks, and other fixed securities held by the pooled separate account. As permitted by *FASB ASC 820*, net asset value is used as a practical expedient to estimate fair value and is not included in the fair value hierarchy.

The following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan investments, the fair value of which is estimated using the net asset value per share as of December 31:

	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Period
	2024	2023			
Pooled separate accounts (a)	\$ 4,055,288	\$4,492,455	None	Daily	None

(a) This category invests in various mutual funds and other securities in accordance with each fund's investment objectives. Shares are available for transactions at the closing net asset value per share on any day the NYSE is open for business.

Note 5 - Investments Measured at Contract Value

Transamerica offers a stable value fund that the participant may elect to transfer all or part of their funds into. The stable value fund is considered to be a fully benefit-responsive investment contract. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Transamerica, is the beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses, a measurement that approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Foster Thomas Retirement Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2024 and 2023

Note 5 - Investments Measured at Contract Value

There are no reserves against contract value for credit risk of Transamerica or otherwise. The contract value of the investment contract at December 31, 2024 and 2023 was \$412,224 and \$503,709, respectively. The stable value funds invests in Guaranteed Investment Contracts (GICs). This investment seeks to protect against any loss of principal while providing returns in excess of money market funds and one year U.S. Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, on a daily basis, and with no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. The Transamerica stable value fund is not a separate account investment choice – it is an investment in Transamerica’s general account.

Note 6 - Tax Status and Position

Effective February 1, 2022, the Plan adopted a non-standardized form of prototype plan. The prototype plan obtained its latest opinion letter on June 30, 2020 from the Internal Revenue Service as to the prototype plan’s qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the prototype received its opinion letter. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Reportable Transactions

A reportable transaction is a transaction, or series of transactions, exceeding five percent of the current value of the Plan’s assets at the beginning of the year. During the plan year ended December 31, 2024 and 2023, there were no reportable transactions.

Foster Thomas Retirement Plan
NOTES TO FINANCIAL STATEMENTS (Cont.)
December 31, 2024 and 2023

Note 9 - Related Party and Party-in-Interest Transactions

The Employer provides certain accounting and administrative services to the Plan for which no fees are charged. The Plan's auditor who audits the Plan's financial statements, the third-party administrator who provides accounting and administrative services, and legal counsel who provides legal advice as needed to the Plan, are paid directly by the Employer. These fees are not reflected in these financial statements.

Transamerica Life Insurance Company is the Custodian of the Plan and charges administrative fees for certain transactions initiated by participants. These transactions qualify as party-in-interest transactions. For the years ended December 31, 2024 and 2023, administrative fees paid by the Plan amounted to \$6,225 and \$6,160, respectively.

Note 10 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

Note 11 - Subsequent Events

The Plan has evaluated the impact of significant subsequent events. There have been no subsequent events through September 22, 2025, the date the Plan's financial statements were available to be issued, that require recognition or disclosure.
