INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Altium Packaging LP Retirement Readiness 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of the Altium Packaging LP Retirement Readiness 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2024 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the 2024 financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2024 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the 2024 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2024 Supplemental Schedule Required by ERISA

The 2024 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the 2024 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 financial statements. The information included in the 2024 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2024 financial statements or to the 2024 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2024 supplemental schedule, we evaluated whether the 2024 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the 2024 supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Altium Packaging LP Retirement Readiness 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by the qualified institutions. Their report dated October 11, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the Altium Packaging LP Retirement Readiness 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering hourly employees of Altium Packaging LP (Plan Sponsor), excluding leased employees and non-union employees (collectively, the Company). Employees are eligible to participate upon completion of 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company also sponsors the Altium Packaging 401(k) Plan (the Non-Union Plan), which covers all employees of the Company or its subsidiaries not covered under the Plan. If an employee becomes eligible to participate in the Plan, their accounts under the Non-Union Plan will be automatically transferred to the Plan. In 2024, there were transfers of \$101,534 from the Plan to the Non-Union Plan.

Effective February 1, 2024, the Plan was amended and restated. The Plan also changed service providers from Empower Trust Company, LLC (Empower) to Fidelity Management Trust Company (Fidelity). The Plan's investment options with Fidelity are substantially similar to those offered for the Plan by Empower.

Contributions

Each participant may elect to make pre-tax and/or Roth contributions of up to 75% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$23,000 in 2024, plus catch-up contributions of \$7,500 for those participants who are at least 50 years of age.

The Company makes non-discretionary matching contribution to eligible employees. The non-discretionary match is calculated as 50% of the first 5% of eligible compensation that a participant contributed to the Plan. In addition, the Plan Sponsor may elect to make a discretionary nonelective contribution to the Plan. For the year ended December 31, 2024, the Plan Sponsor made discretionary nonelective contributions to the Plan of \$63,750.

Effective January 1, 2025, the Plan was amended to allow for catch-up contributions up to the greater of \$10,000 or 150% of the catch-up contribution limit for participants who are at least 60 but not age 64 or older as of the last day of the Plan year.

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings or losses on the investments in their account and is charged with certain fees related to specific transactions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company discretionary nonelective contributions plus actual earnings or losses thereon. Participants vest 20% a year after one year of service in the Company non-discretionary matching contributions and earnings or losses thereon and are fully vested in these contributions after 5 years.

All amounts become fully vested upon the participant's attainment of normal retirement age, disability, death, or permanent plant shutdown.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. During 2024 notes had fixed rates of interest ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years unless used for the purchase of a participant's principal residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution or series of distribution payments. The participant's contributions may also be withdrawn for certain hardship situations or, within one year of a birth or legal adoption, as a Qualified Birth or Adoption Distribution (QBAD), subject to plan provisions and applicable IRS rules. If a participant terminates employment and has an account balance of \$1,000 or less, the participant will automatically receive a lump-sum payment equal to the vested value of their account. If the account balance is greater than \$1,000 but not more than \$7,000, and the participant does not make an affirmative election to receive the distribution or roll it over, the vested account balance will be automatically rolled over to an IRA established by the Plan Administrator on the participant's behalf. The participant will receive additional information about the IRA provider and has the

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

right to transfer the IRA to another IRA or eligible retirement plan at any time. The Plan also allows for In-Plan Roth rollover contributions and In-Plan Roth conversions.

Effective January 1, 2025, the Plan implemented new optional withdraw provisions for eligible participants related to the SECURE 1.0 Act and the SECURE 2.0 Act. Specifically, the optional withdraw provisions allow for withdrawals related to emergency expenses, domestic abuse victims, and federally declared disasters.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$12,853 and \$17,033, respectively. Any forfeitures not used to pay administrative expenses under the Plan shall be applied to reduce future Company non-discretionary contributions. In 2024, \$7,000 of forfeitures were used to pay administrative expenses of the Plan and \$15,794 of forfeitures were used to reduce Company contributions.

Administrative Expenses

Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions. Loan origination fees and certain transaction fees for withdrawals are charged directly to the respective participants' accounts. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions. Certain expenses incidental to the administration of the Plan are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer non-discretionary matching and discretionary nonelective contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and approved by the Company. Any unfunded participant or employer contributions are included in participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2024 and 2023.

In accordance with Financial Accounting Standards Board's Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contribution receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2024 and 2023.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, certain Plan administrative expenses, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balances plus accrued interest. Interest income is recorded when received by the Plan. No allowance for credit losses has been recorded as of December 31, 2024 or 2024. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Reclassifications

Certain 2023 amounts have been reclassified to conform to the 2024 presentation. The effects of the reclassifications are not considered material to the financial statements taken as a whole.

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 28, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023 and the net change in fair value of investments and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower and Fidelity.

4. Investments

Plan investments include common/collective trust funds managed by Fidelity. Fidelity is the Plan's qualified institution; therefore, transactions in these investments qualify as party-in-interest transactions.

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks, among others. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in the money market fund and mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in common/collective trust funds are valued daily using NAV. The NAVs are based on the fair value of the stocks, debt instruments, mutual funds and other securities in the trusts. The collective trust funds may be traded daily at their NAV (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2024 and 2023:

	Level 1	
	2024	2023
Money market fund	\$ 2,088,510	\$ 2,356,467
Mutual funds	971,705	5,639,859
Common/collective trust funds	5,715,757	-
Total	\$ 8,775,972	\$ 7,996,326

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

The Plan was a prototype plan sponsored by Empower Retirement, LLC. The Internal Revenue Service has opined and informed The Empower Retirement, LLC, by a letter dated September 16, 2022, that the plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). During 2024 in conjunction with the change in service providers from Empower to Fidelity, the Plan moved from the prototype plan sponsored by Empower Retirement, LLC to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

by FMR, LLC, a subsidiary of Fidelity. The Internal Revenue Service has opined and informed Fidelity by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan has not received an individual determination letter and has been amended since Empower Retirement, LLC and FMR, LLC. received opinion letters. However, the plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Altium Packaging LP Retirement Readiness 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of the Altium Packaging LP Retirement Readiness 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2024 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the 2024 financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2024 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the 2024 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2024 Supplemental Schedule Required by ERISA

The 2024 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the 2024 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 financial statements. The information included in the 2024 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2024 financial statements or to the 2024 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2024 supplemental schedule, we evaluated whether the 2024 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the 2024 supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Altium Packaging LP Retirement Readiness 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by the qualified institutions. Their report dated October 11, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the Altium Packaging LP Retirement Readiness 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering hourly employees of Altium Packaging LP (Plan Sponsor), excluding leased employees and non-union employees (collectively, the Company). Employees are eligible to participate upon completion of 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company also sponsors the Altium Packaging 401(k) Plan (the Non-Union Plan), which covers all employees of the Company or its subsidiaries not covered under the Plan. If an employee becomes eligible to participate in the Plan, their accounts under the Non-Union Plan will be automatically transferred to the Plan. In 2024, there were transfers of \$101,534 from the Plan to the Non-Union Plan.

Effective February 1, 2024, the Plan was amended and restated. The Plan also changed service providers from Empower Trust Company, LLC (Empower) to Fidelity Management Trust Company (Fidelity). The Plan's investment options with Fidelity are substantially similar to those offered for the Plan by Empower.

Contributions

Each participant may elect to make pre-tax and/or Roth contributions of up to 75% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$23,000 in 2024, plus catch-up contributions of \$7,500 for those participants who are at least 50 years of age.

The Company makes non-discretionary matching contribution to eligible employees. The non-discretionary match is calculated as 50% of the first 5% of eligible compensation that a participant contributed to the Plan. In addition, the Plan Sponsor may elect to make a discretionary nonelective contribution to the Plan. For the year ended December 31, 2024, the Plan Sponsor made discretionary nonelective contributions to the Plan of \$63,750.

Effective January 1, 2025, the Plan was amended to allow for catch-up contributions up to the greater of \$10,000 or 150% of the catch-up contribution limit for participants who are at least 60 but not age 64 or older as of the last day of the Plan year.

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings or losses on the investments in their account and is charged with certain fees related to specific transactions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company discretionary nonelective contributions plus actual earnings or losses thereon. Participants vest 20% a year after one year of service in the Company non-discretionary matching contributions and earnings or losses thereon and are fully vested in these contributions after 5 years.

All amounts become fully vested upon the participant's attainment of normal retirement age, disability, death, or permanent plant shutdown.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. During 2024 notes had fixed rates of interest ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years unless used for the purchase of a participant's principal residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution or series of distribution payments. The participant's contributions may also be withdrawn for certain hardship situations or, within one year of a birth or legal adoption, as a Qualified Birth or Adoption Distribution (QBAD), subject to plan provisions and applicable IRS rules. If a participant terminates employment and has an account balance of \$1,000 or less, the participant will automatically receive a lump-sum payment equal to the vested value of their account. If the account balance is greater than \$1,000 but not more than \$7,000, and the participant does not make an affirmative election to receive the distribution or roll it over, the vested account balance will be automatically rolled over to an IRA established by the Plan Administrator on the participant's behalf. The participant will receive additional information about the IRA provider and has the

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

right to transfer the IRA to another IRA or eligible retirement plan at any time. The Plan also allows for In-Plan Roth rollover contributions and In-Plan Roth conversions.

Effective January 1, 2025, the Plan implemented new optional withdraw provisions for eligible participants related to the SECURE 1.0 Act and the SECURE 2.0 Act. Specifically, the optional withdraw provisions allow for withdrawals related to emergency expenses, domestic abuse victims, and federally declared disasters.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$12,853 and \$17,033, respectively. Any forfeitures not used to pay administrative expenses under the Plan shall be applied to reduce future Company non-discretionary contributions. In 2024, \$7,000 of forfeitures were used to pay administrative expenses of the Plan and \$15,794 of forfeitures were used to reduce Company contributions.

Administrative Expenses

Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions. Loan origination fees and certain transaction fees for withdrawals are charged directly to the respective participants' accounts. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions. Certain expenses incidental to the administration of the Plan are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer non-discretionary matching and discretionary nonelective contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and approved by the Company. Any unfunded participant or employer contributions are included in participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2024 and 2023.

In accordance with Financial Accounting Standards Board's Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contribution receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2024 and 2023.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, certain Plan administrative expenses, and realized and unrealized gains and losses on those investments. Interest income is recorded when received.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balances plus accrued interest. Interest income is recorded when received by the Plan. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Reclassifications

Certain 2023 amounts have been reclassified to conform to the 2024 presentation. The effects of the reclassifications are not considered material to the financial statements taken as a whole.

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 28, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023 and the net change in fair value of investments and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower and Fidelity.

4. Investments

Plan investments include common/collective trust funds managed by Fidelity. Fidelity is the Plan's qualified institution; therefore, transactions in these investments qualify as party-in-interest transactions.

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, and significant cybersecurity attacks, among others. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in the money market fund and mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Investments in common/collective trust funds are valued daily using NAV. The NAVs are based on the fair value of the stocks, debt instruments, mutual funds and other securities in the trusts. The collective trust funds may be traded daily at their NAV (Level 1).

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2024 and 2023:

	Level 1	
	2024	2023
Money market fund	\$ 2,088,510	\$ 2,356,467
Mutual funds	971,705	5,639,859
Common/collective trust funds	5,715,757	-
Total	\$ 8,775,972	\$ 7,996,326

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

The Plan was a prototype plan sponsored by Empower Retirement, LLC. The Internal Revenue Service has opined and informed The Empower Retirement, LLC, by a letter dated September 16, 2022, that the plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). During 2024 in conjunction with the change in service providers from Empower to Fidelity, the Plan moved from the prototype plan sponsored by Empower Retirement, LLC to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored

Altium Packaging LP Retirement Readiness 401(k) Plan

Notes to Financial Statements December 31, 2024 and 2023

by FMR, LLC, a subsidiary of Fidelity. The Internal Revenue Service has opined and informed Fidelity by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the IRC. The Plan has not received an individual determination letter and has been amended since Empower Retirement, LLC and FMR, LLC. received opinion letters. However, the plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.
