(2) EIN: **34-6565596**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report of Independent Auditors

To the Plan Participants and Plan Administrator of the Employees' Pension Plan of Credit Suisse

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of the Employees' Pension Plan of Credit Suisse (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits and statement of accumulated plan benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits and statement of changes in accumulated plan benefits for the year then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024, and reportable transactions for the year then ended (referred to as the "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the

financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report of Other Auditors on 2023 Financial Statements

Another auditor performed an audit on the financial statements of the Plan as of and for the year ended December 31, 2023. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, their audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In their report dated September 26, 2024, they indicated that in their opinion (a) the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEES' PENSION PLAN OF CREDIT SUISSE

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Employees' Pension Plan of Credit Suisse (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Trust was established as of August 1, 1995. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Employee Benefits Committee of Credit Suisse (the Committee). The Bank of New York Mellon (BNY Mellon or the Trustee) is the trustee for the Plan and Aon is the record keeper.

The Plan is a qualified defined benefit plan covering all eligible employees of Credit Suisse Securities (USA) LLC (the Plan Sponsor). Effective January 1, 2000, the Plan was amended such that new employees of the Plan Sponsor are no longer eligible to participate in the Plan.

Effective January 1, 2004, compensation and credited service for benefit purposes were frozen for participants who as of December 31, 2003 had less than 10 years of credited service or had not yet attained age 45. Participants who as of January 31, 2004 had 8 years of service and combined age plus years of service equal to 50 or more will continue to accrue a service benefit. Employees who no longer accrue benefits in the Plan participate in the Employees' Savings and Retirement Plan of Credit Suisse, similar to employees hired on or after January 1, 2000.

The Plan document amended and restated as of January 1, 2016 was amended on August 30, 2021 to allow the purchase of a group annuity contract to pay benefits for "Designated Distributees", who are participants who commenced their benefits before June 1, 2021 and has a payment less than \$1,250 per month. Effective November 1, 2022, the Plan was amended to allow a lump sum form of payment for a participant eligible for an unreduced early retirement benefit.

The Plan was amended on October 23, 2024 to allow the purchase of a group annuity contract to pay benefits for "Designated Distributees", who are participants who commenced their benefits before May 1, 2024. The Plan paid \$337,996,701.87 to fund the contract and benefit payments for applicable participants are paid through the annuity contract commencing on January 1, 2025. An additional true-up payment in the amount of \$67,262.32 was made on August 5, 2025.

Pension Benefits

Participants are eligible to receive retirement benefits if they retire on their normal retirement date. Payment of such benefits will commence on the first day of the month following the participant's normal retirement date. Normal retirement benefits are payable based on age and/or credited service at the time of termination. If the participant has: (a) less than 10 years of credited service, the retirement benefits are payable at age 65; (b) at least 10 years but less than 20 years of credited service, the retirement benefits are payable at age 62; (c) at least 15 years of credited service, the participant is at least 45, and the participant's age plus years of service equals 65, the retirement benefits are payable at age 60; or (d) 20 years of credited service, the retirement benefits are payable at age 60. A participant may retire on an early retirement date and be eligible to receive an early retirement allowance, as defined, after meeting certain criteria as set out in the Plan documents.

EMPLOYEES' PENSION PLAN OF CREDIT SUISSE

Notes to Financial Statements

December 31, 2024 and 2023

Description of the Plan

An employee terminated prior to becoming eligible for early retirement will have a right to a termination retirement allowance equal to the participant's accrued benefit, as defined by the Plan, payable at the participant's normal retirement date. Alternatively, the participant may elect to begin receiving a reduced benefit as early as age 45.

Benefits accrued to plan participants are based on a percentage of average final compensation and years of credited service, as defined by the Plan. The maximum allowable compensation for purposes of determining qualified retirement plan benefits was \$200,000 for 2024 and 2023.

Death and Disability Benefits

The Plan provides automatic survivor protection to the participant's spouse, domestic partner or, in the case of a single parent, the participant's child(ren). If a participant dies and is eligible for a deferred vested benefit, the participant's spouse or domestic partner will be entitled to a lifetime monthly benefit equal to the benefit if the participant had elected the 100% Joint and Survivor Annuity. In the case of a single parent who has 20 years of credited service, the participant's child(ren) will be entitled to receive a lump sum pension benefit as soon as practical after the participant's death. If a participant should die while in active service and is eligible for a deferred vested benefit, the participant's spouse or domestic partner will be entitled to a lifetime monthly benefit equal to the benefit the participant would have received if retirement had occurred on the date of the participant's death.

If a participant should die while eligible for early retirement, the participant's spouse or domestic partner will be entitled to the same optional forms of payment that the participant would have been entitled to at the time of the participant's death. In the case of a single parent, the participant's child(ren) will be entitled to receive a lump sum pension benefit.

If a participant's active service terminates due to an accidental injury, sickness, mental illness, substance abuse, or pregnancy and the participant becomes eligible to receive payments under the long-term disability plan of the Plan Sponsor or a participating affiliate, such participant, during the period of eligibility for such payments, shall continue to be credited with vesting service only. If it is determined that a participant is no longer eligible to receive long-term disability payments and the participant does not return to active service with the Plan Sponsor or an affiliate, the participant shall be considered to have terminated service at that time as if the participant had resigned, been discharged or retired.

Expenses

Expenses arising in connection with the administration of the Plan are paid from the assets of the Plan.

2. Summary of Significant Accounting Policies

Basis of Financial Information

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

Management is required to make estimates and assumptions, including but not limited to, the fair value measurements of certain financial assets and liabilities, as well as various contingencies and the actuarial present value of accumulated plan benefits. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the statement of net assets available for benefits. The most significant estimate relates to the determination of the accumulated plan benefits. While management evaluates its estimates and assumptions on an ongoing basis, actual results could differ materially from management's estimates. Market conditions may increase the risk and complexity of the judgments applied in these estimates.

Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All investments in commingled funds and registered investment companies are valued at fair value based on quoted net asset value (NAV), which is based upon the closing market price of the underlying investments. All investments in common/collective trusts and certain investments in registered investment companies are valued at fair value based on quoted NAV as a practical expedient, which is based upon market quotations of the underlying investments.

Due to the short term nature, the carrying amounts of all other assets and liabilities are considered to approximate fair value.

Purchases and sales of investments are recorded on a trade-date basis. Gains and losses on securities transactions are computed using the average cost of securities sold. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions for the services that the employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) current employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Aon Consulting, Inc. (operating as Aon). It is determined by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Notes to Financial Statements

December 31, 2024 and 2023

2. Summary of Significant Accounting Policies

The significant actuarial assumptions used in the 2023 and 2024 valuations were (a) life expectancy of participants (The Pri-2012 mortality study projected generationally from 2012 with the Social Security Administration's 2021 intermediate improvement scale was used for 2023 and the Pri-2012 mortality study projected generationally from 2012 with white collar adjustments projected generationally from 2012 with MP-2021 improvement scale was used for 2024), (b) retirement age assumptions (set of rates beginning at age 45 and ending at age 70), and (c) interest rates (liabilities were discounted using an annual interest rate of 5.00% in 2024 and 5.00% in 2023; lump sum conversions assumed a blended interest rate using treasury bond and corporate bond rates).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated plan benefits are based on certain assumptions pertaining to interest rates, inflation rates, employee compensation and demographics. Due to the uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these assumptions in the near term could have a material effect on the financial statements.

The Plan assets are invested in a variety of investments including commingled funds, common/collective trusts, and registered investment companies. Registered investment companies invest in U.S. equities, international equities, and fixed income securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonable to expect that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

3. Tax Status of the Plan

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated October 18, 2016 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

EMPLOYEES' PENSION PLAN OF CREDIT SUISSE

Notes to Financial Statements

December 31, 2024 and 2023

3. Tax Status of the Plan

US GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2024. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2020.

4. Contributions and Funding Policy

All contributions to provide benefits under the Plan are made by the Plan Sponsor.

Contributions are made in such amounts as are actuarially sufficient to provide retirement allowances under the Plan which meet the minimum requirements under ERISA, but not in excess of the amounts deductible by the Plan Sponsor for income tax purposes. All contributions to the Plan are paid to the Trustee and deposited in the Trust.

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

5. Plan Termination

In the event of termination of the Plan, the rights of all members to benefits accrued, to the extent funded, shall be nonforfeitable. The Plan assets shall first be allocated to provide for benefits that became payable or could have become payable three or more years before the date of termination; second, to vested benefits (insured and not insured by the Pension Benefit Guaranty Corporation (PBGC)); and, third, to nonvested benefits as of the date of the Plan termination.

Whether all participants receive their benefits, should the Plan terminate at some future time, will depend on the sufficiency of the Plan's net assets to provide for accumulated benefit obligations, the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Generally, the PBGC guarantees vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. Vested benefits under the Plan are guaranteed at the level in effect on the date of Plan termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2024, that ceiling is \$7,108 per month for participants aged 65 or older. In addition, liberalizations of benefits are phased into the guarantee umbrella at a rate of 20% per year from the amendment or termination date. Therefore, the incremental vested benefits due to amendments put into effect during the five years preceding the Plan termination may not be fully guaranteed by the PBGC.

6. Related Party Transactions

Certain plan investments are managed by Credit Suisse Asset Management LLC (CSAM). CSAM is an affiliate of the Plan Sponsor. The Plan's assets are invested in commingled funds administered by Bank of New York Mellon, the trustee and custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Aon is the record keeper and actuary. Bank of New York Mellon (the Trustee) is the custodian as defined by the Plan.

7. Fair Value Measurements

The fair values of the majority of the Plan's investments are based on quoted prices or observable inputs.

Certain of the Plan's investments are valued at fair value based on quoted net asset value (NAV), while the remaining are valued using NAV as a practical expedient. Investments for which NAV as a practical expedient is used are not categorized in the fair value hierarchy.

Fair Value Hierarchy

The levels of the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical investments that the Plan has the ability to access at the measurement date. This level of the fair value hierarchy provides the most reliable evidence of fair value and is used to measure fair value whenever available.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the investment, either directly or indirectly. These inputs include: (a) quoted prices for similar investments in active markets; (b) quoted prices for identical or similar investments in markets that are not active, that is, markets in which there are few transactions for the investment, the prices are not current, or price quotations vary substantially either over time or among market makers, or in which little information is released publicly; (c) inputs other than quoted prices that are observable for the investment; or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs that are unobservable for the investment. These inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the investment (including assumptions about risk). These inputs are developed based on the best information available in the circumstances, which include the Plan's own data. The Plan's own data used to develop unobservable inputs are adjusted if information indicates that market participants would use different assumptions.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following non-prescribed assumption change:

- A change in the mortality assumption for lump sum payments from the 2023 plan year IRC section 417(e)(3) mortality table to the 2024 plan year IRC section 417(e)(3) mortality table.
- A change in the marriage assumption from 90% as of January 1, 2023 to 63% as of January 1, 2024 to better reflect plan experience.

These changes were made to better reflect the anticipated plan experience. Neither of these assumption changes reduced the funding shortfall; as such, approval of the Commissioner is not required.

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month lookback (as of September 2023), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor
1st Segment Rate	4.75%
2nd Segment Rate	4.87%
3rd Segment Rate	5.59%
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month lookback (as of September 2023), without regard to interest rate stabilization

Withdrawal Rates	See Table 4
Disability Rates	None
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)
Surviving Spouse Benefit	It is assumed that 63% of males and % of females have an eligible spouse, and that males are two years older than their spouses.
Valuation Compensation	2023 pensionable earnings rolled forward one year with the salary increase assumption
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$275,000 and the IRC section 401(a)(17) compensation limit of \$345,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2022 Plan Year	3.50%

Schedule SB, Part V — Summary of Plan Provisions

Effective Date	January 1, 1945. Restated January 1, 2018. Last amended effective January 1, 2023.
Eligibility for Participation	Employees hired before January 1, 2000 enter the plan on the first of the month after attaining age 21 and completing one year of service. Employees who first complete an hour of service on or after January 1, 2000 (or employees hired prior to January 1, 2000 but transferred to U.S. payroll on or after January 1, 2002) will not be eligible to participate in the plan.
Normal Retirement	
Eligibility	The first of the month coincident with or next following attainment of age 65.
Monthly Benefit	Based on the following formula, the maximum of (1) and (2): (1) A percentage of the average final compensation for the highest five consecutive years in the last 10 years for each year of credited service as follows: (a) 1.5% for each of the first 10 years of credited service. (b) 3.5% for each of the next 10 years of credited service. (2) August 1, 1995 accrued benefit under the prior plan.
Early Retirement	
Eligibility	Age 45 with 20 years of service, age 45 with 15 years of service and 65 points, or age 55 with five years of service.
Monthly Benefit	The accrued benefit (using the same formula as for normal retirement) as of the date of early retirement multiplied by a factor due to early commencement of payments. The factors, which vary by age and service, are shown in Table A.

Disability Retirement

Eligibility

Plan participants whose active service terminates due to an accidental injury, sickness, mental illness, substance abuse, or pregnancy and become eligible to receive payments under the long-term disability plan of the company or a participating affiliate.

Disabled participants continue to accrue vesting service as long as they are entitled to long-term disability payments. They may choose to retire under the early retirement or normal retirement provisions at any time after becoming disabled.

Monthly Benefit

Accrued normal retirement benefit determined based on average final compensation and credited service at date of disability. Benefit reduced upon early retirement commencement.

Late Retirement

For employees who retire after age 65, the late retirement benefit will be based on the member's average final compensation and the member's credited service on his late retirement date.

Deferred Vested Retirement

Eligibility

Effective January 1, 2004, all participants became 100% vested in their accrued benefits.

Monthly Benefit

The deferred vested retirement benefit is equal to the accrued benefit based on average final compensation and credited service at date of termination, payable in the normal form, commencing at normal retirement date. A participant may elect to commence receipt of the termination benefit before age 65 (normal retirement age), but after age 45 and receive a reduced benefit determined in the same manner as the early retirement benefit.

Death Benefit

Eligibility

Completion of five years of vesting service prior to January 1, 2004. Effective January 1, 2004 all participants are fully vested and eligible for death benefits.

Monthly Benefit	The participant's eligible spouse or domestic partner will receive 100% of the benefit payable had the participant begun to receive his pension on the day before his death in the form of a 100% contingent annuity option. (If the participant is not survived by a spouse or domestic partner, the benefit shall be payable in equal amounts to the participant's surviving children.) If the participant was not eligible to commence a retirement benefit on the date of his death, the monthly benefit is equal to the amount that would have been payable to the participant if he had survived to the earliest possible retirement date, began to receive payments under the 100% contingent annuity option, and died immediately after payments commenced. However, the spouse or domestic partner of a participant who is eligible for early retirement and dies after January 1, 1999, is entitled to choose from any of the optional forms of payments described below.
Normal Form of Payment	
Married	100% contingent annuitant.
Single	Life annuity.
Optional Forms of Payment	Single life annuity; 100% contingent annuity; 50% contingent annuity; Lump sum (available to actives who become retirement eligible and terminated vested with a lump sum under \$130,000).
Average Final Compensation	The average of the five highest consecutive plan years of compensation paid from Credit Suisse during the last 10 years preceding the date of termination. Earnings are limited to \$200,000. Participants who are not grandfathered will have pays frozen on December 31, 2003 for purposes of this average. Participants who are grandfathered will no longer receive compensation from Credit Suisse as of September 31, 2024, therefore their benefits will be considered frozen as of that date.
Service	
Credited Service	For the period after December 31, 1986, credited service shall be the employee's period of service with the company. Prior to December 31, 1986, credited service shall equal one year of service for each 1,000 hours worked between anniversaries. No service shall be

credited after December 31, 2003 except for grandfathered participants. Effective September 30, 2024 grandfathered participants are now considered employed by UBS and therefore are ineligible to receive credited service for pension purposes as of that date.

Vesting Service

For the period after December 31, 1986, vesting service shall be the employee's period of service with the company. Prior to December 31, 1986, vesting service shall equal one year of service for each 1,000 hours worked between anniversaries.

As of January 1, 2004 any participant who was a member of the plan on that date is fully vested.

Plan Year

Calendar year.

Grandfathered Participants

An employee who was a participant of the plan as of December 31, 2003 and had either:

- (1) Attained age 45 as of December 31, 2003;
- (2) Been credited with at least 10 years of credited service as of December 31, 2003; or
- (3) Been credited with at least eight years of credited service and age plus years of credited service that total at least 50 as of January 31, 2004.

A grandfathered participant shall continue to accrued service and pay towards his final benefit.

Effective September 30, 2024 compensation for grandfathered participants is now paid from UBS and is no longer paid from Credit Suisse. Compensation paid from UBS is not included in compensation for pension purposes, therefore benefits for all grandfathered participants are considered frozen as of that date.

Plan Changes Since the Prior Year

The plan reporting valuations reflect the following plan changes since the prior year:

- Effective September 30, 2024 grandfathered participants are now considered employed by UBS and therefore are ineligible to receive credited service for pension purposes as of that date.
- Effective September 30, 2024 compensation for grandfathered participants is now paid from UBS and is no longer paid from Credit Suisse. Compensation paid from UBS is not included in compensation for pension purposes, therefore benefits for all grandfathered participants are considered frozen as of that date.
- Annuities were purchased for 785 participants in payment status as of October 31, 2024

Schedule SB, Part V — Summary of Plan Provisions

Effective Date	January 1, 1945. Restated January 1, 2018. Last amended effective January 1, 2023.
Eligibility for Participation	Employees hired before January 1, 2000 enter the plan on the first of the month after attaining age 21 and completing one year of service. Employees who first complete an hour of service on or after January 1, 2000 (or employees hired prior to January 1, 2000 but transferred to U.S. payroll on or after January 1, 2002) will not be eligible to participate in the plan.
Normal Retirement	
Eligibility	The first of the month coincident with or next following attainment of age 65.
Monthly Benefit	Based on the following formula, the maximum of (1) and (2): (1) A percentage of the average final compensation for the highest five consecutive years in the last 10 years for each year of credited service as follows: (a) 1.5% for each of the first 10 years of credited service. (b) 3.5% for each of the next 10 years of credited service. (2) August 1, 1995 accrued benefit under the prior plan.
Early Retirement	
Eligibility	Age 45 with 20 years of service, age 45 with 15 years of service and 65 points, or age 55 with five years of service.
Monthly Benefit	The accrued benefit (using the same formula as for normal retirement) as of the date of early retirement multiplied by a factor due to early commencement of payments. The factors, which vary by age and service, are shown in Table A.

Disability Retirement

Eligibility

Plan participants whose active service terminates due to an accidental injury, sickness, mental illness, substance abuse, or pregnancy and become eligible to receive payments under the long-term disability plan of the company or a participating affiliate.

Disabled participants continue to accrue vesting service as long as they are entitled to long-term disability payments. They may choose to retire under the early retirement or normal retirement provisions at any time after becoming disabled.

Monthly Benefit

Accrued normal retirement benefit determined based on average final compensation and credited service at date of disability. Benefit reduced upon early retirement commencement.

Late Retirement

For employees who retire after age 65, the late retirement benefit will be based on the member's average final compensation and the member's credited service on his late retirement date.

Deferred Vested Retirement

Eligibility

Effective January 1, 2004, all participants became 100% vested in their accrued benefits.

Monthly Benefit

The deferred vested retirement benefit is equal to the accrued benefit based on average final compensation and credited service at date of termination, payable in the normal form, commencing at normal retirement date. A participant may elect to commence receipt of the termination benefit before age 65 (normal retirement age), but after age 45 and receive a reduced benefit determined in the same manner as the early retirement benefit.

Death Benefit

Eligibility

Completion of five years of vesting service prior to January 1, 2004. Effective January 1, 2004 all participants are fully vested and eligible for death benefits.

Schedule SB Attachment (Form 5500) —2024 Plan Year
Employees' Pension Plan of Credit Suisse
EIN: 05-0546650 PN: 004

Monthly Benefit	The participant's eligible spouse or domestic partner will receive 100% of the benefit payable had the participant begun to receive his pension on the day before his death in the form of a 100% contingent annuity option. (If the participant is not survived by a spouse or domestic partner, the benefit shall be payable in equal amounts to the participant's surviving children.) If the participant was not eligible to commence a retirement benefit on the date of his death, the monthly benefit is equal to the amount that would have been payable to the participant if he had survived to the earliest possible retirement date, began to receive payments under the 100% contingent annuity option, and died immediately after payments commenced. However, the spouse or domestic partner of a participant who is eligible for early retirement and dies after January 1, 1999, is entitled to choose from any of the optional forms of payments described below.
Normal Form of Payment	
Married	100% contingent annuitant.
Single	Life annuity.
Optional Forms of Payment	Single life annuity; 100% contingent annuity; 50% contingent annuity; Lump sum (available to actives who become retirement eligible and terminated vested with a lump sum under \$130,000).
Average Final Compensation	The average of the five highest consecutive plan years of compensation paid from Credit Suisse during the last 10 years preceding the date of termination. Earnings are limited to \$200,000. Participants who are not grandfathered will have pays frozen on December 31, 2003 for purposes of this average. Participants who are grandfathered will no longer receive compensation from Credit Suisse as of September 31, 2024, therefore their benefits will be considered frozen as of that date.
Service	
Credited Service	For the period after December 31, 1986, credited service shall be the employee's period of service with the company. Prior to December 31, 1986, credited service shall equal one year of service for each 1,000 hours worked between anniversaries. No service shall be

credited after December 31, 2003 except for grandfathered participants. Effective September 30, 2024 grandfathered participants are now considered employed by UBS and therefore are ineligible to receive credited service for pension purposes as of that date.

Vesting Service

For the period after December 31, 1986, vesting service shall be the employee's period of service with the company. Prior to December 31, 1986, vesting service shall equal one year of service for each 1,000 hours worked between anniversaries.

As of January 1, 2004 any participant who was a member of the plan on that date is fully vested.

Plan Year

Calendar year.

Grandfathered Participants

An employee who was a participant of the plan as of December 31, 2003 and had either:

- (1) Attained age 45 as of December 31, 2003;
- (2) Been credited with at least 10 years of credited service as of December 31, 2003; or
- (3) Been credited with at least eight years of credited service and age plus years of credited service that total at least 50 as of January 31, 2004.

A grandfathered participant shall continue to accrued service and pay towards his final benefit.

Effective September 30, 2024 compensation for grandfathered participants is now paid from UBS and is no longer paid from Credit Suisse. Compensation paid from UBS is not included in compensation for pension purposes, therefore benefits for all grandfathered participants are considered frozen as of that date.

Plan Changes Since the Prior Year

The plan reporting valuations reflect the following plan changes since the prior year:

- Effective September 30, 2024 grandfathered participants are now considered employed by UBS and therefore are ineligible to receive credited service for pension purposes as of that date.
- Effective September 30, 2024 compensation for grandfathered participants is now paid from UBS and is no longer paid from Credit Suisse. Compensation paid from UBS is not included in compensation for pension purposes, therefore benefits for all grandfathered participants are considered frozen as of that date.
- Annuities were purchased for 785 participants in payment status as of October 31, 2024

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following non-prescribed assumption change:

- A change in the mortality assumption for lump sum payments from the 2023 plan year IRC section 417(e)(3) mortality table to the 2024 plan year IRC section 417(e)(3) mortality table.
- A change in the marriage assumption from 90% as of January 1, 2023 to 63% as of January 1, 2024 to better reflect plan experience.

These changes were made to better reflect the anticipated plan experience. Neither of these assumption changes reduced the funding shortfall; as such, approval of the Commissioner is not required.
