## INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee, Plan Administrator and Participants of  
National Fish and Wildlife Tax Deferred Retirement Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the financial statements of National Fish and Wildlife Tax Deferred Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Retirement Committee, Plan Administrator and Participants of  
National Fish and Wildlife Tax Deferred Retirement Plan

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Retirement Committee, Plan Administrator and Participants of  
National Fish and Wildlife Tax Deferred Retirement Plan

**Auditor's Responsibilities for the Audits of the Financial Statements - continued**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter***

**Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Retirement Committee, Plan Administrator and Participants of  
National Fish and Wildlife Tax Deferred Retirement Plan

**Supplemental Schedule Required by ERISA - continued**

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NATIONAL FISH AND WILDLIFE TAX DEFERRED RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan of National Fish and Wildlife Foundation (the Foundation) and was established on January 1, 1989. The Plan is subject to the provisions of ERISA.

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0 Act") was signed into law. The SECURE 2.0 Act makes various required and optional changes applicable to tax qualified retirement plans with varying effective dates through 2027. The plan document is required to be amended in regard to the requirements of SECURE 2.0 by December 31, 2026.

Eligibility: The Plan covers substantially all full-time employees of the Foundation. Employees who are nonresident aliens (and receive no U.S. income), seasonal employees not expected to work 1,000 hours or more during the plan year and employees who normally work less than twenty hours per week are excluded from participating in the Plan. Employees may enter the Plan for salary deferrals upon their hire date. Employees who have completed a 90 day period of service are eligible for contributions made by the Foundation on the first of the month following the completion of such service.

Contributions: Each year, participants may elect to contribute pre-tax or after-tax Roth deferral contributions up to the maximum allowable contribution amount under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Plan-to-plan transfers are permitted, as defined.

The Foundation provides for a discretionary non-elective contribution equal to 10% of a participant's eligible compensation (as defined). The parameters of the contribution were adopted in a resolution passed by the Retirement Plan Committee and they remain until modified by a future resolution. For 2024, the Foundation's discretionary non-elective contribution totaled \$2,214,459.

The Foundation may also make corrective qualified non-elective contributions (QNECs), as defined in the Plan. No QNECs were made to the Plan during 2024.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Foundation's discretionary non-elective contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with specific participant transaction fees, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants may direct the investment of their contributions and the Foundation's contributions into various registered investment companies (mutual funds) offered by the Plan. For those participants who do not make an investment selection, their contributions and the Foundation's contributions are automatically invested in the Plan's qualified default investment account.

**DECEMBER 31, 2024 AND 2023**

**NOTE 1 - DESCRIPTION OF PLAN - CONTINUED**

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime + 1%. Notes must be repaid within five years, except for notes used to acquire a principal residence, which must be repaid within 20 years. A participant may have only one note outstanding at a time. Principal and interest are paid ratably through payroll deductions.

Vesting: Participants are immediately vested in all contributions plus earnings thereon.

Payment of Benefits: Benefit payments may be in the form of lump sums only and are payable upon termination of employment, death or retirement at age 65. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Contributions: Contributions from plan participants and the Foundation's discretionary non-elective contributions are recorded in the year in which the employee contributions are withheld from compensation or in which participant compensation is paid.

Payment of Benefits: Benefits are recorded when paid. As of December 31, 2024, there was \$271,472 allocated to the account of a participant who had elected to withdraw from the Plan, but had not yet been paid. There were no significant amounts due but unpaid to participants as of December 31, 2023.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Foundation. Expenses paid by the Foundation, and excluded from these financial statements, are registered investment advisor fees, recordkeeping and administration fees, custodial service fees, participant distribution fees and audit fees. Investment management fees of individual fund investments are charged to the respective investment and are included in the net appreciation/depreciation of the investment. Fees related to the administration of notes receivable from participants are charged to the participant's account and are included in administrative expenses.

**NOTE 3 - FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1**

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**Level 2**

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

*Registered Investment Companies*: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION**

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest income on notes receivable from participants and dividend income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank, a qualified institution.

**NOTE 5 - TAX STATUS**

The Internal Revenue Service has determined and informed USI Consulting Group (USICG), by a letter dated March 31, 2017, that the volume submitter plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the advisory letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS**

USICG provides recordkeeping and other administrative services to the Plan pursuant to the Service Agreement between the Foundation and USICG. Under the Service Agreement, participants pay transaction fees relative to the administration of notes receivable from participants. Fees paid by the Plan to USICG totaled \$1,600 for 2024.

**NOTE 7 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024 AND 2023**

**NOTE 8 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2024 and 2023, 31% of net assets available for benefits is invested in the T. Rowe Price Retirement Funds; however, by their nature, these funds are a diversified mix of equities and fixed income that rebalance over time.

**NOTE 9 - SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through September 29, 2025, the date the financial statements were available to be issued.

Effective January 1, 2025, the following optional provisions of the SECURE 2.0 Act were elected by the Plan:

- In-service withdrawals to participants who have been diagnosed with a terminal illness are permitted, subject to provisions defined by the SECURE 2.0 Act;
- In-service withdrawals to participants whose principal place of resident is located in a federally declared disaster area and who suffered economic loss because of such disaster are permitted, subject to provisions defined by the SECURE 2.0 Act;
- The limit for automatic distributions of vested account balances is increased from \$5,000 to \$7,000; and
- The limit for catch-up contributions for participants who are age 60 to 63 is increased to the greater of \$10,000 or 50% more than the normal age 50 catch-up limit.
