Independent Auditors' Report

The Board of Trustees
University School of Nashville Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the University School of Nashville Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we are unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 and the schedule of delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

UNIVERSITY SCHOOL OF NASHVILLE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

(1) Description of plan

The following description of the University School of Nashville Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on September 22, 1975, to provide retirement benefits for employees of University School of Nashville (the "Plan Sponsor" or the "School"). The Plan substantially covers all employees who work more than 20 hours per week ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated with an effective date of January 1, 2010 to adopt the final regulations under Section 403(b).

As described in the Basis for Disclaimer of Opinion paragraph in the Report of Independent Auditor, the Plan has inadequate participant records prior to January 1, 2009 and is unable to determine the exact number of participants and amount of the respective account balances. Accounting principles generally accepted in the United States of America ("U.S. GAAP") require the inclusion of all participant accounts in the financial statements. As such, this resulted in the disclaimed opinion as referenced.

(b) Contributions

Participants may elect to make pre-tax or Roth (after-tax) qualified retirement contributions to the Plan up to the maximum amount allowable under the Internal Revenue Code ("IRC"). In addition, participants over the age of 50 are allowed to contribute an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified plans.

The School may make a discretionary matching contribution equal to a uniform percentage or dollar amount of elective deferrals each pay period. For the Plan years ended December 31, 2024 and 2023, the School elected to match 100% of employee deferrals not to exceed 6% of base compensation, as defined in the Plan document.

Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings (losses), administrative expenses. Allocations are based on participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

UNIVERSITY SCHOOL OF NASHVILLE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

(d) Vesting

Participants are immediately vested in their elective salary deferral, matching contributions, and actual earnings (losses) thereon.

(e) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a distribution equal to his or her entire account. The Plan administrator shall determine the method of distribution in accordance with the provisions of the Plan.

(f) In-Service withdrawals

Participants can receive all or a portion of their vested account balance upon reaching age 59½. Participants can also withdraw funds from their rollover accounts at any time.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(h) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

UNIVERSITY SCHOOL OF NASHVILLE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

(b) Investment valuation and income recognition

Investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equity Fund ("CREF"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2024 and September 18, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value and contract value of investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and other income for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TIAA and CREF, collectively ("TIAA - CREF").

Notes to the Financial Statements

December 31, 2024 and 2023

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- (i) *Variable annuities* – The money market accounts are public investment vehicles valued using net asset value ("NAV") provided by the administrator of the fund. All other annuity accounts are valued based on the market approach using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments, including matrix pricing. There are currently no significant redemption restrictions on these investments.
- (ii) *Mutual funds*: Valued based on the funds' reported closing net asset values of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.

UNIVERSITY SCHOOL OF NASHVILLE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

- (iii) *Guaranteed investment contract*: Valued at fair value based on the amount the Plan Sponsor would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2024 and 2023:

**Fair Value Measurements as of

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured at NAV as a practical expedient (a)				<u>269,482</u>
Investments at fair value				<u>\$ 38,329,152</u>

- (a) Certain investments are measured at net asset value as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using NAV per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments.

<u>Description</u>	<u>Fair Value 12/31/2024</u>	<u>Fair Value 12/31/2023</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$246,125	\$269,482	N/A	Daily	N/A

During the years ended December 31, 2024 and 2023, there were purchases of level 3 investments of \$666,310 and \$33,400, respectively, and sales of level 3 investments of \$356,833 and \$298,933, respectively.

(5) Guaranteed investment accounts

The Plan holds fixed annuity contracts that are guaranteed and backed by the claims-paying ability of the life insurance company, TIAA. The nonbenefit responsive contracts are included in the financial statements at fair value, which approximates contract value as reported to the Plan by TIAA. The benefit responsive contracts are included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

UNIVERSITY SCHOOL OF NASHVILLE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

The contract value of the nonbenefit responsive fixed annuity investment contracts were \$6,523,853 and \$6,138,801 as of December 31, 2024 and 2023, respectively. The contract value of the benefit responsive fixed annuity investment contract was \$23,282 and \$12,394 as of December 31, 2024 and 2023, respectively. The crediting interest rate is between 1% and 3% and is subject to change every six months.

The fixed annuity contracts with TIAA are offered through a variety of sub-contracts which determines the applicability of certain account features, such as the degree of liquidity of the participant's account and the options for receiving income upon retirement. The sub-contract, Retirement Annuity ("RA"), does not allow lump-sum cash withdrawals from the fixed annuity contract and transfers must be spread over a period of 10 annual installments. The sub-contract, Group Retirement Annuity ("GRA"), permits lump-sum withdrawals only within 120 days after termination of employment and is subject to a surrender charge. All other withdrawals and transfers from the RA or GRA fixed annuity contracts to other investment options available to the Plan must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment).

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probably of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

(6) Income tax status

The Plan Sponsor adopted a volume submitter plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2017, which stated that the Plan was designed in accordance with the applicable sections of the IRS. The Plan itself has not received a determination letter from the IRS stating the Plan is qualified under Section 403(b) of the IRC. The Plan has been amended, however, the plan administrator believes that the adopted volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

UNIVERSITY SCHOOL OF NASHVILLE RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions and participant loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For a certain payroll remittance withheld and remitted in 2024, the funds were remitted within fifteen business days; however, it was not remitted as soon as practicable.

(8) Related party and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts, investment contracts and variable annuities managed by TIAA and CREF and, therefore, related transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
