Independent Auditor's Report

To the Administrator Board of
ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits—modified cash basis for the years then ended, and the related notes to the financial statements - modified cash basis.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust

Notes to Financial Statements - Modified Cash Basis

December 31, 2024 and 2023

1. Description of Plan

The following description of the ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established May 1, 2019, pursuant to the terms of the JetBlue Working Agreement (the "Agreement") between JetBlue Airways Corporation (the "Company") and the Airline Pilots Association, International ("ALPA"). The Plan is a welfare plan that provides reimbursement of eligible medical expenses incurred by eligible pilots and their eligible beneficiaries upon or after the pilots' retirement. Plan assets are held in a Voluntary Employees' Beneficiary Association ("VEBA") Trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA").

Plan Administration

The Administrative Board is responsible for oversight of the Plan. The Administrative Board determines the appropriateness of the Plan's investment offerings, monitors investment performance and approves and reviews claims. Assets of the Plan are managed by the Northern Trust Company ("Northern Trust"), the trustee of the Plan. Central Data Services, Inc. provides third-party administrator services for the Plan.

Participant HRA Accounts

Under the Plan provisions, each participant is provided a notional health reimbursement account, referred to as the HRA ("Health Reimbursement Arrangement") account. Each participant's account is credited with Company contributions, allocations of investment earnings and forfeitures by other participants. Participant accounts are charged with benefit payments, forfeitures, investment gains (losses) and any administrative expense and investment expenses not paid directly or reimbursed by the Company. Allocations are based on account balance or participant transactions in accordance with the Plan document.

Payment of Benefits

The Plan reimburses participants for eligible medical expenses (including medical bills, prescription drug costs, health insurance premiums, and longer-term care insurance premiums). In accordance with Plan provisions, the participant incurs an eligible medical expense upon receiving the medical service or product, regardless of when the participant is billed or pays for the eligible medical expense. Benefits shall be paid from the HRA Account.

Claims for reimbursement of eligible medical expenses may be submitted at any time during the year in which the claims were incurred, or during a "run-out period" from January 1 through March 31 of the following year. Claims submitted after the "run-out period" are not eligible for reimbursement.

Contributions

The Company contributes on behalf of each pilot on the system security list \$1.00 per credit hour of their pay.

In the event that a Company contribution cannot be made to JetBlue Airways Retirement Plan (the "Retirement Plan") due to Internal Revenue Service ("IRS") limits on total annual contributions, any excess contributions shall be made to the VEBA Trust for the impacted pilot at the same time as the contribution would have been made to the Retirement Plan.

Vesting

Participants are fully vested with the right to receive reimbursements of eligible medical expenses up to the value of their HRA account balance on, or after, the first day they become permanently disabled or terminate employment from the Company, whether through retirement or otherwise. Effective April 1, 2020, the Plan was amended to provide that furloughed pilots are treated as terminated from employment for benefit purposes upon cessation of furlough pay under the collective bargaining agreement and are considered reemployed on the first day of work following a recall from furlough.

ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust

Notes to Financial Statements - Modified Cash Basis

December 31, 2024 and 2023

Effective January 1, 2021, the Plan was amended to clarify that beneficiaries employed by the Company are not eligible to receive benefits until they terminate employment with the Company or incur a permanent disability and are not eligible for reimbursement of medical expenses incurred prior to that date. In the event of a pilot's death, his or her surviving spouse (if any) shall automatically be his or her beneficiary and become the account holder for the entire remaining balance of the pilot's HRA account and be eligible to receive benefits under the Plan for eligible medical expenses incurred by the surviving spouse or by any dependent of the pilot.

If the pilot dies without a surviving spouse, or if the surviving spouse dies prior to the exhaustion of the HRA account balance, any eligible dependent children that the pilot has designated as beneficiaries become the pilot's beneficiaries under the Plan. The HRA account balance will be divided into separate sub-accounts of the pilot's surviving dependent children. Any unused balance of the HRA account at the time all beneficiaries become ineligible for benefits is forfeited.

Forfeitures

Forfeited amounts are placed in the forfeiture account and reallocated on a per capita basis among the remaining HRA accounts of all other account holders. For the years ended December 31, 2024 and 2023, there were no forfeitures. Effective August 5, 2021, the Plan was amended to provide that account balances are forfeited on the date they reach \$5.00 or less.

Expense Funding

Administrative and investment expenses incurred by the Plan are reimbursed by the Company up to \$225,000; thereafter, the expenses will be paid from the Plan's assets. Such expenses include costs for the establishment, operation, administration and maintenance of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Consequently, revenue and the related assets are recognized when received rather than when earned, other interest, which is recognized when earned, dividends, which are recorded on the ex-dividend date and changes in fair value, which are recognized in the period they occur. Expenses and their related liabilities are recognized when paid rather than when the obligation is incurred. The financial statements are not intended to present the Plan's net assets available for benefits and the changes in its net assets available for benefits in accordance with U.S. GAAP.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements and changes therein during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recognized as of the date of the trade, and any related receivables or payables pending settlement at year end are reflected in the statements of net assets available for benefits - modified cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Recognition of Benefits

Benefits are recognized when paid.

ALPA Retiree Health Plan for JetBlue Pilots VEBA Trust

Notes to Financial Statements - Modified Cash Basis

December 31, 2024 and 2023

Subsequent Events

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2024 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through September 30, 2025, the date the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure in the financial statements.

3. Information Certified by Trustee

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, except for comparing such information with information reported in the financial statements. The following information included in the financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Northern Trust Company.

- Investments, accrued investment income, and due to broker for securities purchased, as shown on the statements of net assets available for benefits - modified cash basis as of December 31, 2024 and 2023;
- Investment income and investment expenses, as shown on the statements of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2024 and 2023;
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year);
- Schedule H, Line 4j - Schedule of Reportable Transactions.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology are quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2024 and 2023, there were no transfers in or out of Level 3.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

- Common/collective trust funds are valued at the net asset value ("NAV") of units of bank collective trusts held by the Plan. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets held by the fund minus its liabilities.
- Registered investment companies are valued based on quoted market prices in active markets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 66,919,369	\$ -	\$ -	\$ 66,919,369

Investments measured at net asset value*		-	-	3,881,432
Total investments at fair value	\$ 66,919,369	\$ -	\$ -	\$

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 49,096,182	\$ -	\$ -	\$ 49,096,182
Total investments in the fair value hierarchy	49,096,182	-	-	49,096,182
Investments measured at net asset value*	-	-	-	2,551,242
Total investments at fair value	\$ 49,096,182	\$ -	\$ -	\$ 51,647,424

*Common/collective trust funds are valued using NAV and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits. The Plan invested in one fund in 2024 and 2023. All funds may be redeemed daily with notice of 1 to 2 days. There are no unfunded commitments with respect to the Plan's investments in these funds.

5. Tax Status

As stated in its latest determination letter dated October 11, 2019, the IRS recognized the trust, as then designed, as exempt from federal income taxation under Section 501(a) of the Internal Revenue Code ("IRC"), described in Section 501(c)(9). The Plan and the VEBA trust are required to operate in conformity with the IRC in order to maintain the VEBA's tax-exempt status. The Plan administrator is not aware of any course of action or series of events that has occurred that might adversely affect the VEBA's tax-exempt status. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been made.

Management of the Plan evaluates tax positions taken and discloses a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require disclosure of a liability in the financial statements. The Plan is subject to routine audits by taxing and regulatory jurisdictions; however, there are currently no audits in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

December 31, 2024 and 2023**

7. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by the trustee, and therefore, these transactions qualify as party in interest transactions that are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the trustee and investment management services amounted to \$15,000, each year, for the years ended December 31, 2024 and 2023.

8. Priorities Upon Termination of the plan

Although it has not expressed any intent to do so, ALPA, upon recommendation of the Administrative Board, has the right under the Plan to amend any or all of the provisions of the Plan, and to terminate the Plan subject to the terms of the Agreement and provisions of ERISA. In the event of Plan termination, assets will be distributed to, or maintained on behalf of, Plan participants in accordance with applicable law.
