**Statement by Enrolled Actuary**  
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

The weighted average retirement age is equal to the normal retirement age of 73.

List the rate of retirement at each age and describe the methodology used to compute the weighted average retirement age, including a description of the weight applied at each potential retirement age.

Assumed Retirement Age - 100% of the participants are assumed to retire at the date the plan's normal retirement age

is attained, which is defined as:

Attainment of age 62

Participants who have passed their Normal Retirement Date as defined above are assumed to retire on the valuation date.
