Independent Auditors' Report

The Plan Administrator Cornerstone Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Cornerstone Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits (liquidation basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (liquidation basis) for the year ended December 31, 2024 and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits in liquidation of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits in liquidation for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, on May 16, 2023, the Board of Directors of Medical Arts Sanitarium, Inc. d/b/a Cornerstone Treatment Facilities Network approved termination of the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan used the liquidation basis to present the December 31, 2024 and 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

**The Plan Administrator of
Cornerstone Employee Stock Ownership Plan**
Page 3

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of: (1) Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) (liquidation basis) as of December 31, 2024 and (2) Schedule H, Part IV, Line 4(j) – Schedule of Reportable Transactions (liquidation basis) for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Cornerstone Employee Stock Ownership Plan

Notes to Financial Statements
(Liquidation Basis)
December 31, 2024

1. Plan Description

The following description of the Cornerstone Employee Stock Ownership Plan (the "Plan") is provided for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Medical Arts Sanitarium, Inc. d/b/a Cornerstone Treatment Facilities Network (the "Company" or the "Employer") formed the Plan effective December 1, 2022. The Plan operates as a stock bonus plan under section 401(a) ("ESOP") and is designed to comply with Section 4975(e)(7) and the regulations of the Internal Revenue Code ("IRC") regulations and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is intended to enable eligible employees of the Company to acquire ownership interests in the Company allocated annually pro-rata based on compensation and years of service.

The Plan consists of the employer stock account (the "ESOP Account") of the Company less distributions to participants.

On December 1, 2022, the Company was sold when they entered into a Stock Purchase Agreement with an unaffiliated investor who purchased the shares of the Company's common stock. The ESOP Account of the former plan was spun off into this new Plan, Cornerstone Employee Stock Ownership Plan, in connection with the sale of the ESOP shares. Pursuant to the Plan agreement, upon consummation of the sale of the Company, all shares became fully vested and the Plan participants will be paid their pro-rata share of the sale proceeds from the Plan.

GreatBanc Trustee Company ("GreatBanc" or "Custodian") is the custodian, and Principal is the recordkeeper of the ESOP Account. On July 1, 2024, Principal acquired the employee stock ownership plan business of Ascensus's employee stock ownership plan business. As a result, the Plan's ESOP component recordkeeper vendor changed from Ascensus to Principal.

Plan Termination

The Company has taken action to terminate the Plan effective as of May 16, 2023 (the "Termination Date"). Upon termination of the Plan, the account of each participant is fully vested and non-forfeitable, and distribution of the account of each participant and beneficiary shall be made in the form of a cash lump sum payment.

Eligibility

Prior to the Termination Date, an employee of the Company became an eligible participant in the Plan upon attainment of age 21 and completion of one year of service or 1,000 hours of service, who was actively employed by the Employer on the last day of the Plan year. Participants could enter the ESOP Account on January 1 or July 1 of any calendar year following the completion of the eligibility requirements.

(Liquidation Basis)

1. Plan Description (*continued*)

Contributions

Prior to the Termination Date, the Company's ESOP contributions were allocated annually on a pro-rata basis on the ratio that each Participant's Compensation bore to the Compensation of all eligible Participants to participants who were employed on the last day of the Plan year and had completed 1,000 hours of service during the plan year.

Effective December 1, 2022, the Plan was amended with the spin off to freeze eligibility and participation and cease all Company contributions to the ESOP provisions. There were no contributions for the year ended December 31, 2024.

Participant Accounts

Prior to the Termination Date, the Plan was a noncontributory defined contribution plan under which a separate individual stock account was established for each participant. Each participant's stock account was credited annually on the last day of each Plan year with an allocation of shares of the Company's common stock. Company contributions were allocated in the proportion that each such participant's Compensation for that Plan year bore to the compensation of all participants eligible to share in the Company contributions for that Plan year. Each participant's cash account was credited annually with the Participant's allocable share of Company contributions contributed in-cash by the Company for the Plan Year or purchased and paid by the Trustee out of the participant's Company contribution account.

Allocations of cash contributions, forfeitures, and the release of shares upon cash contributions were based upon a participant's compensation for that Plan year bore to the compensation of all participants eligible to share in the Company contributions for that Plan year to participants who were employed on the last day of the Plan year and had completed 1,000 hours of service during the Plan year.

Voting Rights and Dividends

GreatBanc shall vote all shares of Company common stock held by the Plan with respect to all corporate matters upon which Company shareholders are entitled or permitted to vote. Each participant in the Plan shall direct the Custodian as to voting of shares of the Company's common stock held in his or her account in the Plan. Dividends on the Company's common stock may be paid directly to participants at the discretion of the Plan administrator.

Vesting

As a result of the Stock Purchase Agreement entered into with an unaffiliated investor on December 1, 2022, participants became fully vested in the Plan.

1. Plan Description (*continued*)

Payment of Benefits

Effective May 16, 2023, the Company has taken action to terminate the Plan. Upon termination of the Plan, the account of each participant is fully vested and non-forfeitable, and distribution of the account of each participant and beneficiary shall be made in the form of a cash lump sum payment.

The trustee of the Plan is authorized and directed to distribute not more than 80% of each participant's account as of the effective date of the Plan termination until such time that the Company has completed all steps necessary to terminate the Plan and obtained all necessary or desired governmental approvals. The remainder of a participant's account shall be distributed in a lump sum, in cash, as soon as administratively feasible following the issuance of a favorable determination letter by the IRS. There were no distributions to participants for the year ended December 31, 2024

Diversification

Prior to the Termination Date, diversification was offered to participants close to retirement so that they could have the opportunity to move part of the value of their investment in the Company's common stock into investments which were more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan could elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could diversify up to 25% of the number of shares allocated to his or her account since the inception of the Plan, less any shares previously diversified. In the sixth year, the percentage changed to 50%. At the discretion of the ESOP Committee, the Plan could satisfy the diversification requirement by any of the following methods:

- a) the Plan could distribute all or part of the amount.
- b) the Plan could offer the Participant at least three other distinct investment options, if available under the Plan; and
- c) the Plan could transfer the portion of the Participant's account subject to the diversification election to another qualified defined contribution plan of the Company that offered at least three investment options satisfying the requirements of the regulations under Section 404(c) of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

As a result of the termination of the Plan (see Note 1), the Plan changed its basis of accounting from the going concern basis to the liquidation basis. Certain adjustments, including recognition of ESOP transfer receivables and accrued liquidation basis adjustments, were material to the financial statements.

2. Summary of Significant Accounting Policies *(continued)*

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Fair Value Measurements, Investment Valuation, and Income Recognition

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based on the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

The Plan's investments are stated at fair value. The money market mutual fund is valued at the daily closing price as reported by the fund. Money market mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Such funds are considered to be actively traded.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Certain expenses of the Plan are paid by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date which the financial statements were available to be issued, which date is September 15, 2025.

3. Tax Status

The Internal Revenue Service issued an opinion letter to the prototype plan document preparer dated June 30, 2020, which states that the form of the prototype plan qualifies under the applicable provisions of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examination by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

4. Party-In-Interest Transactions

Certain employees, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

6. Risks and Uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.
