INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Northwest Carpenters Health and Security Plan

Opinion on the 2024 Financial Statements

We have audited the accompanying financial statements of Northwest Carpenters Health and Security Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2024 (in liquidation), and the related statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2024 (in liquidation), and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and benefit obligations of Northwest Carpenters Health and Security Plan as of December 31, 2024 (in liquidation), and the changes in its net assets available for benefits and changes in its benefit obligations for the year ended December 31, 2024 (in liquidation) in accordance with accounting principles in the United States of America.

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Northwest Carpenters Health and Security Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Plan Termination and Basis of Accounting

As further discussed in Note 10 to the financial statements, the Plan's Board of Trustees elected to merge the Plan with another plan on June 14, 2024, effective December 31, 2024, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going concern basis used in presenting the December 31, 2023 financial statements to the liquidation basis of accounting used to present the December 31, 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The 2024 schedule of administrative expenses on page 20 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

2023 Financial Statements

The financial statements including the supplemental schedule of administrative expenses of Northwest Carpenters Health and Security Plan as of December 31, 2023 (ongoing) were audited by other auditors whose report dated October 10, 2024 expressed an unmodified opinion on those statements.

NORTHWEST CARPENTERS HEALTH AND SECURITY PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Northwest Carpenters Health and Security Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and amendments for more specific provisions.

General - The Plan is a multiemployer collectively-bargained health and welfare plan established on January 1, 1960 to provide health and welfare benefits pursuant to applicable collective bargaining agreements between the Pacific Northwest Regional Council of Carpenters' signatory district councils and local unions in Western and Central Washington and contributing employers. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended and provisions of the Internal Revenue Code (IRC).

Administration and Expenses - The Board of Trustees (the Board) is the Plan sponsor and Plan administrator. The Board established an administrative office to provide recordkeeping and administrative services to the Plan and other related pension and health and welfare plans maintained for Union members. The Board appointed investment managers to provide professional investment management services and delegated to the investment managers responsibility for managing Plan investments subject to the Plan's investment policy and Board approval.

Benefits - The Plan provides medical, vision, prescription drugs, dental, time loss, life insurance, and accidental death and dismemberment for eligible participants and their covered dependents. Medical, dental, vision, time loss and prescription drug benefits are paid by the Plan. Life insurance and accidental death and dismemberment benefits are insured and premiums are paid by the Plan. Certain retiree medical benefits are provided via a health maintenance organization (HMO). The Plan uses a pharmacy benefits manager (PBM) which periodically makes refunds to the Plan based on the utilization pattern for specific drugs.

Funding and Eligibility - An employer signatory to a collective bargaining agreement recognized by the Board is required to pay an hourly contribution to the Plan for each compensable hour of employment worked by covered employees. Employer contributions on behalf of each participant are credited to a dollar bank maintained for the participant under the Plan. Current and future eligibility for benefits are based on a participant's dollar bank.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

The cost of coverage is determined by the Board. A new participant attains initial eligibility on the first day of the fifth month of employment provided the balance in the participant's dollar bank is sufficient to cover the cost of three months of coverage. Eligibility continues each month thereafter so long as the participant's dollar bank is sufficient to cover the monthly cost of coverage. A participant may accumulate up to eight months of eligibility in his or her dollar bank.

Active participants who lose coverage may, in certain circumstances, elect to continue coverage for up to six months by making monthly self-payments. In addition, the Plan provides for continuation of benefits through the Consolidated Omnibus Reconciliation Act (COBRA) to members and their dependents in specific instances where coverage under the Plan would otherwise terminate. An eligible employee and his or her spouse and dependents may qualify for retiree benefits under the Plan. Retirees share in the cost of coverage.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the liquidation basis of accounting.

Cash and Cash Equivalents - The Plan administrator considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Investment Valuation and Income Recognition - Investments are carried at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales of the investments are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchases and sold as well as held during the year.

Employer Contributions Receivable - Employer contributions receivable is stated at the amount management expects to collect from balances outstanding at year end. Based on a review of historical losses, current economic conditions and supportable and reasonable forecast assumptions, management has concluded that any expected credit losses on balances outstanding at year end will be immaterial.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment - Property and equipment are recorded at cost. Depreciation is computed on the straight-line method over the estimated useful lives of the related assets which range from three to 15 years. Leasehold improvements are amortized over the shorter of the useful life of the asset or the lease term. Maintenance and repairs are expensed when incurred. Property and equipment consist of the following at December 31:

	2024	2023
Furniture, fixtures and equipment	\$ -	\$ 176,758
Computers	-	207,007
Leasehold improvements	-	22,728
	-	406,493
Less: accumulated depreciation	-	(315,636)
	<u>\$ -</u>	<u>\$ 90,857</u>

Depreciation expense for the years ended December 31, 2024 and 2023 was \$24,136 and \$33,860, respectively.

Lease Liabilities - The Plan leases office space in Seattle. This office space is shared with the other Northwest Carpenters Trust Plans. The lease term runs through May 31, 2027, with an option to renew for five additional years at the end of the lease term. The Plan classified this lease as an operating lease and determined that the fair value at inception of the lease was \$1,685,475 using a discount rate of 3.66%. There are no variable lease payments, no residual value guarantees, and no restrictions or covenants imposed on the lease. Rent expense associated with this lease was \$344,400 during the year ended December 31, 2024. Future payments due under the lease as of December 31, 2024 are:

Year	Operating
2025	\$ 352,443
2026	363,015
2027	153,114
Undiscounted future cash flows	868,572
Less: effects of discounting	(38,931)
Lease liability recognized	<u>\$ 829,641</u>

As discussed further in Note 10, the lease liability was transferred to the successor plan as of the end of the year.

Benefit Obligations - Total obligations other than postretirement benefit obligations are based on premiums and claims experience and other Plan data. Premiums and claims incurred but not reported are estimates of the cost of premiums and claims incurred by participants under the terms of the Plan through December 31. Accumulated eligibility credits are an estimate of the cost of benefits accumulated in participants' dollar banks at year end.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Postretirement Benefits - The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to December 31, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents, and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Plan's participating employers and from existing Plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The health care cost trend rate has a significant effect on the amounts reported as postretirement benefit obligations. If assumed rates increased by 1% each year, it would increase the benefit obligation by \$-0- and \$74,047,500 at December 31, 2024 and 2023, respectively.

The following are significant assumptions used in the valuations as of December 31, 2024 and 2023:

	December 31, 2024	December 31, 2023
Weighted-Average Discount Rate:	N/A	4.75%
Mortality:	N/A	MP-2017 generational projection of the RP-2014 (as initially projected back to 2006); with a Blue Collar adjustment for non-disabled participants
Retirement Rates:	N/A	100% by age 70
Administrative Expense Trend:	N/A	4.00% per annum

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Medicare Subsidy - The Medicare Prescription Drug, Improvement and Modernization Act of 2003 includes a prescription drug benefit under Medicare as well as a federal subsidy to sponsors of retiree health care benefit plans providing benefits that are at least actuarially equivalent to Medicare Part D. The Plan provides retiree prescription drug benefits under an Employee Group Waiver Plan.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses are paid by the Plan.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 3. TAX STATUS

The Trust established under the Plan is intended to qualify for tax exempt status pursuant to Section 501 (c) (9) of the IRC. The Plan administrator and Plan legal counsel believe the Plan is designed and operated in compliance with IRC requirements, and the trust qualifies for exemption from federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4. PRIORITIES UPON TERMINATION

As of December 31, 2024, the Plan ceased operations and completed a full termination. In connection with the termination, the Plan's assets and liabilities were transferred to the Western States Carpenters Health and Welfare Trust, as further discussed in Note 10. In accordance with ERISA and applicable regulations, all remaining net assets were allocated for the exclusive benefit of the Plan participants and beneficiaries. Accordingly, no plan assets or benefit obligations remain as of year-end.

Prior to termination, in accordance with the Plan's governing documents and the requirements of ERISA, benefits would have been distributed based on priority categories established under ERISA Section 4044; however, due to the merger and transfer of all assets and obligations, no such distribution occurred directly from the Plan to participants. All participants' accrued benefits were preserved under the Western States Carpenters Health and Welfare Trust.

NOTE 5. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan did not own any investments as of December 31, 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Total Investments at 12/31/23	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 22,473,474	\$ 22,473,474	\$ -	\$ -
Mutual funds	124,530,248	124,530,248		
U.S. Government and agency obligations	15,412,914	14,151,407	1,261,507	-
Asset backed debt securities	7,453,616	-	7,453,616	-
Corporate bonds	7,719,324	-	7,719,324	-
Total	177,589,576	\$ 161,155,129	\$ 16,434,447	\$ -
Investments measured at net asset value*	172,934,011			
Investments at fair value	<u>\$ 350,523,587</u>			

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

*In accordance with Accounting Standards Codification, investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table on the preceding page are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the closing price reported on the active market on which the fund is traded.

Money market funds: Valued at the daily closing price as reported by the fund.

U.S. Government and agency obligations, asset backed debt securities and corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Common collective trusts and 103-12 investment entities: Valued at the fair values reported in the entities' audited financial statements and are based on their NAV as of the last day of the year.

Authoritative guidance on fair value measurements permits the Plan to measure the fair value of an investment in an investment entity that does not have a readily determinable fair value based upon the NAV or its equivalent of the investments. The fair value of the investments measured at NAV is based on the market value of the underlying assets, less any liabilities, divided by the number of outstanding shares or units. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Plan's investment in investment entities valued at NAV is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Plan's proportionate share of fees and expenses incurred or charged by these investment entities.

The Plan's risk of loss in these entities is limited to its investment. The Plan may increase or decrease its level of investment in these entities on a daily or quarterly basis, but longer lock-up periods can apply to certain investments.

The table below summarizes the Plan's investments in certain entities that calculate NAV per share as fair value measurement as of December 31, 2023 by investment strategy:

	Year Ended December 31, 2023			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
a. Common collective trusts	\$ 126,721,432	None	Daily/Monthly	1-30 Days
b. 103-12 investment entities	46,212,579	None	Daily	1 Day

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Each of the Plan's investments in the table above report as a direct filing entity (DFE) to the Department of Labor.

NOTE 6. RELATED PARTIES AND PARTIES-IN-INTEREST

The Board established an administrative office in Seattle, Washington to maintain participant records and to carry out the majority of tasks associated with the day-to-day administration of the Northwest Carpenters Trusts (NWCT) benefit plans including the Plan, the Northwest Carpenters Retirement Plan, the Northwest Carpenters Individual Account Pension Plan and the Northwest Carpenters Vacation Plan.

The Plan maintains a joint contribution bank account for receipt of employer contributions to NWCT benefit plans and related organizations and it maintains administrative and payroll bank accounts for funding the Plan's administrative costs. The administrative office allocates contributions among the trusts and makes bi-monthly transfers from the Plan's joint contribution account to other NWCT benefit plans.

NWCT joint administrative and overhead costs are allocated 65% to the Plan and 35% to the Northwest Carpenters Retirement Plan under a joint cost sharing agreement. As of December 31, 2024, the Plan owed \$6,608 to the Northwest Carpenters Individual Account Pension Plan and \$1,433,026 to the Northwest Carpenters Retirement Plan for shared administrative services.

The Plan pays certain administrative, investment and professional fees to various service providers. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transactions rules of ERISA.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonable possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 8. MULTIEMPLOYER PENSION PLAN WITHDRAWAL LIABILITY

Certain administrative office employees are members of the Office and Professional Employees International Union and participate in the Western States Office and Professional Employees Pension Fund (WSOPEIU Pension Plan). This is a multiemployer defined benefit pension plan provided under terms of a collective bargaining agreement. Contributions are funded from a joint administrative account maintained by the Plan, and costs are apportioned 65% to the Plan and 35% to the Northwest Carpenters Retirement Plan as provided under the administrative expense cost sharing arrangement.

Risks of participating in the WSOPEIU Pension Plan are different from a single-employer plan in the following respects:

- Assets contributed to the plan by one employer may be used to provide benefits to employees of other participating employers.
- If a participating employer stops contributing to a plan, unfunded obligations may be borne by remaining participating employers.
- If the Administrative Office ceases participation in the plan, it is required to contribute an amount based on the funded status of the plan, referred to as a withdrawal liability.

The Plan's participation in the WSOPEIU Pension Plan for the years ended December 31, 2024 and 2023 is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employer Identification Number (EIN) and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2024 and 2023 is for the WSOPEIU Pension Plan's year-end at December 31, 2023 and 2022, respectively.

The zone status is based on information that the Plan received from the WSOPEIU Pension Fund and is certified by the WSOPEIU Pension Plan's actuary.

Among other factors, plans in the red zone are generally less than 65 percent funded, plans in the yellow zone are less than 80 percent funded, and plans in the green zone are at least 80 percent funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented.

Pension Fund	EIN/Pension Plan Number	Pension Protection Act Zone Status		FIP/RP Status Pending/Implemented	Contributions by the Plan		Surcharge Imposed	Expiration Date of Collective Bargaining Agreement
		2024	2023		2024	2023		
Western States Office and Professional Employees Pension Fund	94-6076144/001	Dark Red	Dark Red	Implemented	\$ 1,921,398	\$ 155,433	Yes	12/31/2024

The Board withdrew from participation in the WSOPEIU Pension Plan effective June 1, 2013 to mitigate NWCT's liability for unfunded benefits and NWCT was assessed an actuarially determined withdrawal liability of \$6,376,720. Quarterly installment payments of \$79,079 including interest are due for a period of 20 years. This cost has been apportioned 65% to the Plan and 35% to the Northwest Carpenters Retirement Plan.

NOTE 8. MULTIEMPLOYER PENSION PLAN WITHDRAWAL LIABILITY (CONTINUED)

Effective December 19, 2024, NWCT and the WSOPEIU Pension Plan agreed for the NWCT to make a one-time payment in the amount of \$2,250,000 which would fully payoff the withdrawal liability. This payment was apportioned as \$1,462,500 for the Plan and \$787,500 to the Northwest Carpenters Retirement Plan.

Contributions reported for 2024 and 2023 in the table above represent the Plan's allocation of annual installment payments. The Plan's allocable share of the withdrawal liability as of December 31, 2024 and 2023 was \$-0- and \$1,921,398, respectively.
