INDEPENDENT AUDITORS' REPORT

Board of Trustees
IBEW Local 288 Retirement and 401(k) Plan
Waterloo, IA

Opinion

We have audited the accompanying financial statements of IBEW Local 288 Retirement and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of IBEW Local 288 Retirement and 401(k) Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IBEW Local 288 Retirement and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local 288 Retirement and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IBEW Local 288 Retirement and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local 288 Retirement and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**IBEW LOCAL 288 RETIREMENT AND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the IBEW Local 288 Retirement and 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution retirement savings plan covering eligible employees (Participants) as provided by collective bargaining agreements (Agreements) between Local 288, Waterloo, Iowa, International Brotherhood of Electrical Workers (Union) and the Iowa Chapter, National Electrical Contractors Association (Association). A trust, with Trustees designated by the Union and Association, has been established to manage and operate the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was created on June 1, 2004. Most of the participating Employers' and the Union's business activity is in the electrical industry working in Iowa.

Contributions

The Plan receives contributions from participating employers who are in the electrical industry in the Waterloo, Iowa area. Participating employers are required to contribute a specified amount per hour of covered compensation to the plan based on the collective bargaining agreement in effect for each classification of employee. Employers must remit the contributions to the Plan along with a report on a monthly basis. There is no collateral or other security held by the Plan to secure these contributions. Contributions from participating employers are fully funded. Reciprocity contributions are received through reciprocity agreements with other jurisdictional areas. Participants are also able to make contributions to the Plan under the Plan's 401(k) provision.

Participant Accounts

Each participant's account is credited with the employers' contribution for the participant and each participant self-directs his or her own investments. Each participant's account is charged a monthly service charge which is used by the plan to pay administrative expenses. The benefit to which a participant is entitled is the amount accumulated in the participant's account.

Vesting

Participants become immediately 100% vested in employer contributions and earnings (losses) and are also immediately 100% vested in their own contributions and earnings (losses) thereon.

Payment of Benefits

Provisions relating to payments of vested benefits are as follows: (1) Participants or their beneficiaries may, at date of retirement, disability or death, elect to receive one of several options, including a lump sum benefit or receive an annuity; or (2) an inactive participant may elect to receive their benefits at any time nine months following the date of the last contribution made to their account.

FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Revenue Recognition

Employers' contributions receivable represents accrued employer contributions for the current year that were received after the end of the year. Delinquent employer contributions are not recorded as revenue until the amounts are known and received. This effectively establishes an allowance for doubtful accounts of all outstanding delinquent contributions that the amounts are either not yet known or collected. As of December 31, 2024 and 2023 there were no outstanding contributions that were known but were not deemed collectible.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

Payment of Benefits

Benefit payments to participants are recorded upon distribution. As of December 31, 2024 and 2023, no amounts were payable to participants who had withdrawn from participation in the Plan.

Administrative Agreement

The Plan has an agreement with Noridian Benefit Plan Administrators for administrative services which includes expenses incurred for office space, clerical staff, bookkeeping, and other administrative expenses necessary to administer the Plan.

Date of Management's Review

Subsequent events were evaluated through September 29, 2025, which is the date the financial statements were available to be issued.

FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair values provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

Pooled Separate Accounts: Valued at the net asset value of units of the fund held by the Plan based on the fair market value of the underlying investments of the fund. The funds do not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Common Collective Trust: This is a stable value collective investment trust ("CIT") for which the net asset value ("NAV") is based on the contract value. Investments held by a CIT are required to be reported at fair value. The NAV of the CIT is not publicly quoted but is available to current investors via the Principal Employer website or when plan participants access their account values. The NAV is the basis for current transactions and the CIT can be redeemed at NAV as of the measurement date. The NAV is calculated in a manner consistent with GAAP for investment companies.

**IBEW LOCAL 288 RETIREMENT AND 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 3 – FAIR VALUE MEASUREMENTS, Continued

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's asset at Fair Value as of December 31, 2024 and 2023. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

	Assets at Fair Value as of December 31, 2024			
	Total	Level 1	Level 2	Level 3

Investments at fair value	<u>\$ 24,938,196</u>	<u>\$ 24,938,196</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 4 – TAX STATUS

The Internal Revenue Service has informed the Plan Sponsors by a letter dated June 10, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan sponsor believes that the Plan is currently designed and operated in compliance with applicable requirements of the Internal Revenue Code and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. Management of the Plan believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements in order to comply with the provisions of this guidance. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023**

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Board of Trustees have the right under the Plan provisions to discontinue contributions at any time and to terminate the Plan. In the event of termination of the Plan, the net assets will be distributed according to the Plan document and as required by ERISA. Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

NOTE 6 – RESTRICTED NET ASSETS AVAILABLE FOR BENEFITS

Each participant in the plan has their own account balance where contributions made by employers on their behalf are added to their account. Benefit payments are subtracted from their account balance. A summary of the Net Assets available for benefits as of December 31, 2024 and 2023 is as follows:

	<u>2024</u>	<u>2023</u>
Participants' account balances	\$ 28,007,810	\$ 25,120,703
Unallocated net assets	<u>132,023</u>	<u>108,558</u>
Total net assets available for benefits	<u>\$ 28,139,833</u>	<u>\$ 25,229,261</u>

Assets identified as participants account balances are assets that are specifically allocated to each members' account at Principal Life Insurance Company.

The Plan also has unallocated net assets that are used to pay USERRA benefits and plan expenses.
