INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan
Notes to Financial Statements
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

1. Description of Plan

The following description of the Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan (the “Plan”) provides only general information. The Plan was originally effective July 1, 1995, and was most recently amended and restated effective April 15, 2021. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Potts Welding & Boiler Repair Co., Inc. (the “Company”) and related participating employers, who have completed six months of service. Employees who are covered by a collective bargaining agreement are not eligible to participate in the Plan. The Plan document excludes part-time/seasonal employees from participating in the Plan. Salary deferral eligibility requirements for these employees have been modified to reflect provisions required by the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (“SECURE Act 2.0”). Eligible employees can enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Capital Bank and Trust Company is the trustee of the Plan.

Contributions

Each year, participants may contribute up to 100 percent of their pre-tax annual compensation, as defined in the Plan document. Contributions may also be designated as after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan provides for a safe harbor matching contribution of 100% of salary deferrals up to the first 5% of plan compensation.

Contributions are subject to certain Internal Revenue Code (“IRC”) limits. Participants direct the investment of their deferral contributions and Employer contributions into various investment options offered by the Plan. Participants may change their investment options at any time.

Participant Accounts

Individual accounts are maintained for each participant. Each participant’s account is credited with the participant’s contributions and the Company’s safe harbor matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions, plus actual earnings thereon.

Vesting in the Company’s prior employer matching portion of their accounts, plus related earnings thereon is based on years of vesting service, as follow:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	80%
5 or more	100%

Forfeited and Unallocated Accounts

Forfeitures resulting from the termination of participants with less than 100% vested interest in their employer contribution account balances are applied to reduce subsequent employer contributions to the Plan or administrative expenses of the Plan. Forfeited non-vested accounts available as of December 31, 2024 and 2023 totaled \$3 and \$27, respectively. During the year ended December 31, 2024, \$0 of forfeitures were used to pay administrative expenses and \$1,220 of forfeitures were used to offset employer contributions. Additionally, as of December 31, 2024 and 2023, the Plan has \$1,679 and \$9,638, respectively, of amounts in unallocated accounts which the Plan can use to pay for administrative expenses or allocate to participants. During the year ended December 31, 2024, \$0 from the unallocated account were used to pay expenses and \$13,613 were allocated to participants.

Payment of Benefits

On termination of service due to disability, retirement (age 65), or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period of time. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1,000 but does not exceed \$5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. Hardship and in-service distributions are also permitted from participant accounts, based on the terms of the Plan document.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the published prime rate. Principal and interest are repaid ratably through payroll deductions over a period of five years or less, with the exception of loans made for the purchase of a primary residence. Interest rates on notes receivable from participants ranged from 3.25% to 8.50% as of December 31, 2024. No more than one loan from the Plan to a participant shall be permitted at any time.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's Administrative Committee determines the Plan's investment policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan
Notes to Financial Statements
As of December 31, 2024 and 2023 and for the Year Ended December 31, 2024

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Contributions

Contributions from Plan participants and safe harbor matching contributions from the Company are generally recorded in the year in which the employee contributions are withheld from compensation. The Company may prefund participant and Company contributions based on the timing of its payroll cycles. For financial statement purposes, contributions recorded in 2024 include \$1,062 of participant contributions and \$684 of Company safe harbor matching contributions related to prefunded 2025 Plan year contributions.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including trustee and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 8, 2025, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Capital Bank and Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment activity, including net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- The information for all mutual funds, collective investment trust and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2024, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the net asset value or equivalent based on units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the collective investment trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective investment trust will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2024:

Mutual funds	\$ 18,589,794	\$ 18,589,794	\$ -	\$ -
Collective investment trust (*)	892,076	-	-	-
Total	<u>\$ 19,481,870</u>	<u>\$ 18,589,794</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total	<u>\$ 17,000,607</u>	<u>\$ 15,532,837</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2024 and 2023.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Fair Value</u>	<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>December 31,</u>	<u>December 31,</u>			
	<u>2024</u>	<u>2023</u>			<u>Period</u>
Collective investment trust	\$ 892,076	\$ 1,467,770	\$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2024 and 2023 to its collective investment trust, the Reliance MetLife Stable Value Fund (the "Fund"). The investment objective is to seek to preserve principal and maintain a stable crediting rate that is responsive to changes in interest rates by investing in a group annuity contract issued by MetLife Insurance Company. Participants' ownership of the collective investment trust is represented in units. Units are issued and redeemed daily at the common collective trust's current NAV. The collective investment trust allows for daily liquidity, with no additional days' notice required for redemption for participant-initiated transactions. However, it is possible that these redemption rights may be restricted by the collective investment trust in the future in accordance with the underlying collective investment trust agreement. Due to the nature of the investments held by the collective investment trust, changes in market conditions and the economic environment may impact the NAV of the collective investment trust, and consequently, the fair value of the Plan's interest in the collective investment trust. Furthermore, changes in the liquidity provisions of the

Potts Welding & Boiler Repair Co., Inc. Employee Savings Plan
Notes to Financial Statements

collective investment trust may significantly impact the fair value of the Plan's interest in the collective investment trust.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in statements of net assets available for benefits.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies (mutual funds) managed by American Funds Distributions, Inc., an affiliate of Capital Bank and Trust Company. American Funds Distributions, Inc. is the third-party recordkeeper for the Plan, and Capital Bank and Trust Company is the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation in fair value of investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts, including any Company contributions in which they are not already vested.

8. Tax Status

Effective April 15, 2021, through the adoption of a non-standardized defined contribution pre-approved plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the non-standardized defined contribution pre-approved plan document as then designed was in accordance with applicable IRC requirements. Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.
